Michael William Molden

The Fire House:

The Fire House Michael William Molden, 2006-04 The Fire House is a work of fiction that must be made clear from the beginning It is ghost story in the traditional sense of the word and yes it centres on a haunted house However what makes this story so chillingly unique is the fact that it is based on actual events Those events took place back in 1979 and for several dark months they brought utter devastation to an unassuming young family whose dreams and prospects of a perfect life were terrifyingly shattered I make no secret of the fact that I have had a life long interest in supernatural phenomena and during thirty years of open minded research I have met many interesting and enigmatic people none more so than the man I have characterised in The Fire House as Markos He was a spiritualist medium and his gift as he called it was in my opinion truly miraculous He shared his gift freely with others and he brought lasting peace to countless ordinary folk It was my good fortune to meet him in 1984 and I suppose it was inevitable that our shared interests would ensure that we soon became firm friends Markos passed over into the spirit world he so often communicated with seven years ago and his passing left a void in my life that will never be filled The Fire House is my tiny homage to him and others like him throughout the world who open themselves up to the derision of sceptics and selflessly use their gifts to bring comfort and hope to the hearts and minds of troubled people The facts behind the ghost story you are about to read proved to me beyond any reasonable doubt that just as there are angels there are also such things as malevolent spirits and of their evil powers we have no real comprehension until now The American Firehouse Rebecca Zurier, 1982 **The Firehouse Fraternity: An Oral History of the**
