Sibbes, 1862 *the latter-day saints millennial star*, 1841 **The Bible's First History** Robert B. Coote, David Robert Ord, 2018-01-04 This is a book about an ancient writer the J writer the Yahwist who produced a work of political imagination This work is embedded mainly in the first four books of the Bible best known for some of the most popular and influential biblical stories in Genesis and Exodus The purpose of the book is to represent the whole of the original story with attention to its own meaning without the influence of the other literary strands with which it was later supplemented Therefore the work includes a fresh complete translation of the text of the J writer who produced the Bible's first history The translation itself helps to establish more clearly than ever the integrity of the J writer The concern here is WHEN and WHY this history was

written especially in light of the concerns for justice and prosperity Throughout it is demonstrated HOW and WHY this history comes from the court of David it is a royal history of David s subjects as though they were descended from pastoral nomads such as Abram Isaac and Jacob It is argued that the intended audience of the history was probably those bedouin who regularly visited the court of David in Hebron and Jerusalem Here is a bold and brilliant representation of the J writer s composition perhaps as it was originally intended to be read or heard This ancient tour de force takes on new life in the hands of these skilled interpreters

James the Brother of Jesus Robert H. Eisenman, 1998-03-01 A passionate quest for the historical James refigures Christian origins can be enjoyed as a thrilling essay in historical detection The Guardian James was a vegetarian wore only linen clothing bathed daily at dawn in cold water and was a life long Nazirite In this profound and provocative work of scholarly detection eminent biblical scholar Robert Eisenman introduces a startling theory about the identity of James the brother of Jesus who was almost entirely marginalized in the New Testament Drawing on long overlooked early Church texts and the Dead Sea Scrolls Eisenman reveals in this groundbreaking exploration that James not Peter was the real successor to the movement we now call Christianity In an argument with enormous implications Eisenman identifies Paul as deeply compromised by Roman contacts James is presented as not simply the leader of Christianity of his day but the popular Jewish leader of his time whose death triggered the Uprising against Rome a fact that creative rewriting of early Church documents has obscured Eisenman reveals that characters such as Judas Iscariot and the Apostle James did not exist as such In delineating the deliberate falsifications in New Testament documents Eisenman shows how as James was written out anti Semitism was written in By rescuing James from the oblivion into which he was cast the final conclusion of James the Brother of Jesus is in the words of The Jerusalem Post apocalyptic who and whatever James was so was Jesus
