

Presidential Transitions

The old perspective of transition planning

- Initially thought that planning for the transitions before the election was a waste of time
 - This changed really with Carter and he created a small task force for it but was done in secret because the campaign manager did not support it
- In the last 30 years, the majority of presidents have focused on transition planning prior to being elected

I. The Transition is Challenging

A. A short clock from election to the inauguration

(Obama, 2008: 11 wks; Trump, 2016: 73 days; Biden, 2020: 78 days)

- Typically a 9-11 week period
- B. The tasks to be accomplished are daunting

1. *Set policy priorities*

- a) Presidents might get through 2-3 major pieces of legislation in one year
- b) You can't do everything and everything all at once
- c) You are going to have to spend political capital to get things done

2. *Organize the White House*

- a) The most important part is organizing the senior people who report to the president
- b) Most presidents end up having a handful (4-7) senior people reporting to them directly
- c) Presidents typically surround themselves with people they are comfortable with

3. *Choose executive personnel*

- a) Fill the cabinet
 - (1) With each administration it keeps taking longer and longer to fill the positions (finding the right people and then long approval processes)

4. *Expectations and disappointment*

- a) Priorities do not always line up with everyone
- b) E.O. Obama pushing for the Affordable Care Act
 - (1) He dropped the public option to get the votes and offended his voters on the left (felt betrayed)

C. A personal transition as well as a political one

1. *President-elect assumes enormous responsibility*

- a) Safety and security of the United States
- b) National economy (despite having little direct power here)
- c) Living up to campaign promises (despite myths, most presidents

The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process

Annelies Wilder-Smith

The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process:

The Flawed Path to the Presidency, 1992 Robert D. Loevy, 1995 This book is a voter's eye view of the 1992 presidential election campaign Robert D Loevy traveled from state to state throughout the 1992 presidential selection process from the pre primary period through election day studying the candidates and the various techniques they used to win votes and outwit their opponents As he made his way from one political rally to another and watched one political commercial after another Loevy had two main questions in mind Is this process fair to the candidates who are running and the people who are making up their minds about whom to vote for And does this process treat the voters of each state equally This book catches the flavor and excitement of the 1992 presidential election while at the same time pointing out flaws in the process a haphazard calendar of presidential primaries a national nominating convention that no longer nominates and an Electoral College that distorts each state's relative impact to name a few that make it essentially unequal in nature Loevy proposes realistic and achievable reforms for each of the flaws described

The Manipulated Path to the White House Robert D. Loevy, 1998 This book takes the reader through the intricate process by which the United States chooses its President All aspects of the 1996 presidential election are covered from the first primary election votes cast in New Hampshire to the fun and excitement at the two national conventions to the presidential candidate debates to President Bill Clinton's final victory over Senator Bob Dole on Election Day Particular attention is paid to the campaign finance scandals which dominated the last three weeks of the 1996 presidential campaign The book then offers a series of realistic and achievable reforms designed to make presidential elections less manipulative and more fair to voters

Reforming the Presidential Nominating Process Lisa K. Parshall, 2018-06-14 The 2020 presidential selection process is already underway As the political parties finalize their nominating rules and the states jostle for an advantageous contest date potential challengers are being identified and sized up by party insiders Once again media and popular attention will be disproportionately focused on the candidates performance in the first and earliest of the state nominating contests and on how quickly the sequence of primaries and caucuses winnows the field and identifies the presumptive nominees But what are the implications of a sequential and front loaded nominating calendar that gives some voters outsized influence while leaving many others with a constrained choice or no choice in the selection of their party's presidential nominee Reforming the Presidential Nominating Process Front Loading's Consequences and the National Primary Solution critiques the contemporary nominating process from the perspective of voters and their right to effectively participate in their parties selection of a presidential nominee Employing both a common sense and legal rights based framework to invite a constitutionally grounded conversation on the legitimacy of the current presidential nominating process Lisa K Parshall argues that timing of participation in the nomination goes hand in hand with the right to choose a candidate and the fairest way to restore the promise of meaningful and timely participation for all voters is by adopting a same day national primary Viewed from the party membership perspective this work illuminates the

fundamental interests at stake that should be considered in any potential reform of the presidential nominating system

The Race for the White House from Reagan to Clinton A. Bennett, 2013-02-06 The Race for the White House from Reagan to Clinton provides a foundation for how the presidential nomination process and the presidential election process have changed over the past three decades by addressing a number of important questions about the nomination and electoral processes

The Presidency of George H. W. Bush John Robert Greene, 2015-06-19 After George H W Bush lost his re election bid to Bill Clinton in 1992 John Robert Greene s verdict on the 41st president of the United States was that he brought no discredit to the office and was both patient and prudent making few mistakes In the years since the release of Greene s profile of the senior Bush deemed by Publishers Weekly the essential introduction to Bush s abbreviated but still consequential tenure in office a wealth of materials about Bush s presidency has become available even as distance has sharpened our perspective on the Bush years In this significantly expanded second edition of *The Presidency of George H W Bush* Greene takes full advantage of newly released documents to revisit Bush s term to consider his post presidency accomplishment and to enhance and clarify our understanding of his place in history Such milestones as the fall of the Berlin Wall the reunification of Germany the fall of the Soviet Union the savings and loan crisis and the transition to the Clinton administration receive renewed and far more detailed treatment here as do the ramifications of George H W Bush s positions and policies Greene also devotes ample attention to Bush s post presidency including his relationship with his son President George W Bush as well as the development of his close friendship with Bill Clinton The elder Bush emerges from this reappraisal as a considerably more activist president with a more activist administration than was previously assumed Greene s concise and readable account drawing on the contents of the Bush Library the papers of James A Baker III and personal interviews shows us the 41st president and thus an important chapter in American history in a new and more revealing light

Presidential Campaigns Daniel M. Shea, Brian M. Harward, 2013-10-31 Combining primary sources with expert commentary this timely book probes critical moments in U S presidential elections in the last 20th and early 21st centuries empowering readers to better understand and analyze the electoral process *Presidential Campaigns Documents Decoded* illuminates both the high stakes of a presidential campaign and the gaffes controversies and excesses that often influence the outcome With a view to enabling readers to develop skills essential to political literacy the book examines crisis points in modern presidential elections from the early 1950s through the late 2000s Chronologically organized the study focuses on key events pertinent to each election It provides an original account of the event such as a debate transcript or news report as well as a discussion detailing how the issue emerged and why it was important This unique and engaging approach enables students to experience the actual source material as voters might have At the same time it shows them how an expert views the material facilitating a deeper understanding of the narratives every presidential campaign constructs around its candidates its party and its opponents

The Imperfect Primary Barbara Norrander, 2010-08-26 Recognized as

a Choice Outstanding Academic Title in 2011 Many people complain about the complex system used to nominate presidents The system is hardly rational because it was never carefully planned Because of the dissatisfaction over the idiosyncrasies of the current system periodic calls arise to reform the presidential nomination process But how are we to make sense of the myriad complexities in the system as well as in the calls for change In *The Imperfect Primary* political scientist Barbara Norrander explores how presidential candidates are nominated discusses past and current proposals for reform and examines the possibility for more practical incremental changes to the electoral rules Norrander reminds us to be careful what we wish for reforming the presidential nomination process is as complex as the current system Through the modeling of empirical research to demonstrate how questions of biases can be systematically addressed students can better see the advantages disadvantages and potential for unintended consequences in a whole host of reform proposals

American Presidential Elections Harvey L. Schantz, 1996-01-01 Milton Cummings Everett Ladd David Mayhew Gerald Pomper and Harvey Schantz analyze presidential elections over the sweep of American history and examine their impact on political parties public policy and society

Communication in the Presidential Primaries Kathleen E. Kendall, 2000-01-30 In a comparison of communication in the U S presidential primaries of the twentieth century Kendall examines the role of the candidates and the media during the period of primary elections Drawing upon information from a broad array of sources Kendall uncovers communication patterns that transcend time regarding political image horse race coverage and negative campaigning She takes a strong communication perspective arguing that the verbal context of the presidential primaries is an important factor overlooked in traditional studies Topics covered include the effect of party rules on communication the role of speeches and debates the role of political advertising and the media s construction of the primaries in the pre television era and the age of television Kendall examines the 1996 primaries in light of patterns discovered in earlier years and she makes predictions and recommendations regarding the 2000 primaries With its century wide scope and the variety of research methods used the book will be of considerable value to researchers scholars journalists and students involved with political communication and American presidential elections

The Media and Neo-Populism Gianpietro Mazzoleni, Julianne Stewart, Bruce Horsfield, 2003-02-28 Mazzoleni Stewart Horsfield and their contributors analyze the two way relationship of the mass media and the contemporary phenomenon of extreme right wing neo populist political parties which emerged in the closing years of the 20th century across the world The success of Jean Marie Le Pen leader of the neo populist Front National in the first French presidential ballot in April 2002 shows that these extremist parties have strong if varying electoral support Drawn into reporting on the policies and antigovernment critiques of the new parties the mass communication institutions especially those engaged in news production have been challenged by a variety of unconventional but effective political campaign strategies that caused many media professionals considerable challenge Taking an approach informed by mass communication theory this book analyzes eight case studies of the interaction of news media dynamics and

neo populism in Austria Australia France Canada India Italy the United States and the Latin American region against the background of widespread disenchantment with traditional parties and the complacency and cynicism of popularly elected governments Insights into media responses reveal how dependent on media coverage the neo populist parties were and how in many cases the media were initially unequal to the confronting ideologies of the new parties Although the news media exploited the new parties new parties exploited the news media as well in quite shrewd and original ways This is an important resource for scholars students and other researchers involved with political mass communications and right wing political organizations

The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process Introduction

In today's digital age, the availability of The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals, several platforms offer an extensive collection of resources. One

The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process

such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Flawed Path To The Presidency 1992 Unfairness And Inequality In The Presidential Selection Process books and manuals for download and embark on your journey of knowledge?
