K. Osborne,2013 Imperial China in 5BC was a divided country where belief in religions mysticism and politics were interwoven together 10 year old Su Ling growing up in poor surroundings was soon to discover that the honour bestowed on her by her parents meant abandonment to the work rooms of the local Grand Administrator in his vast complex of buildings In the workhouse the disciplined lifestyle required stamina and sacrifice She was later transferred to The Temple of the Heavenly Bird where she was to become a chosen one for a secret esoteric group and educated in the ancient mysteries Through two traumatic episodes in her life where the sense of loss overwhelmed her there gradually came a transformation The quiet obedient child became a fierce creature who felt betrayed by the group she had sworn an allegiance to Her rage knew no bounds as she risked her own life by expressing her contempt for her Masters and colleagues alike After a supernatural disclosure about the torment she had suffered there gradually came a sense of peace which enabled her to continue to carry out her duties helping to fight evil within the temple and throughout the country beyond *Fletcher and the Fledgling* Heather S Lonczak, PhD,2020-02

Fletcher and the Fledgling is a story about a little boy Fletcher who is thrilled to be finally riding his bicycle without training wheels. As his family gathers around, they notice that the neighborhood crows are awfully excited too. Although Fletcher is ready for his big ride, his parents must first ensure that everything is safe. A large crow family nearby appears to be doing much the same for their own fledgling. Fletcher is overjoyed as he realizes he is soaring all by himself, a sensation that seems to be shared by a baby crow floating over his head. Fletcher and the Fledgling provides readers a glimpse of how family love, support, and protectiveness transcend the human species to include those most glorious and brilliant creatures we call crows.

Antisocial, Narcissistic, and Borderline Personality Disorders Daniel J. Fox, 2020-10-20. This book provides a framework for scholars and clinicians to develop a comprehensive and dynamic understanding of antisocial, narcissistic, and borderline personality disorders by seeing personality as a dual as opposed to a singular construct. Converging the two separate research and clinical diagnostic systems into a wholistic model designed to reach reliable and valid diagnostic conclusions, the text examines adaptive and maladaptive personality development and expression while addressing the interpersonal system that keeps the pathology from extinguishing. Each chapter will discuss core and surface content, origin and symptom manifestation, system and pathology perpetuation, and online behavior expression, concluding with practical guidance on treatment success and effective approaches. Seasoned and tyro researchers and clinicians will be challenged to explore the utility of the DSM 5 alternative model of personality disorders and apply it to further the understanding of these complex and often destructive disorders.
