The Fate Of Yesterday:

The World of Yesterday's Humanist Today Marion Sonnenfeld, 1984-06-30 Fifty years ago Stefan Zweig who committed suicide in 1942 was the most widely read and translated living writer in the world Zweig's Vienna was a world of bright brittle superficialities in which the bourgeoisie gradually elevated the eternal business of seeing and being seen to the purpose of the existence To break through the facades of this society Zweig developed a remarkable literary and psychological method In *The World of Yesterday's Humanist Today* thirty scholars of history literature and music share their studies of Zweig and their insight into his works *The World of Yesterday's Humanist Today* Stefan Zweig Symposium (1981: Fredonia, N.Y.), 1983-01-01 France 1837 was the third volume published in Cooper's *Gleanings in Europe* series but first in the chronology of his European experience Less sequential than his other travel narratives France distills his impressions of French and European culture during his first two years abroad Exhibiting many qualities of the familiar essay it considers a wide range of topics of interest to Cooper his friends and potential readers in the United States As a celebrity thoroughly at home in the brilliant society of Bourbon Paris Cooper was able to provide fascinating glimpses of personalities spectacles institutions and manners from his distinctly American perspective Indeed as Professor Philbrick remarks No other of Cooper's works perhaps brings us closer to his speaking voice or puts us more directly in contact with the man himself with all his idiosyncratic preoccupations his quick resentments his restless curiosity his surprising humor and his nobility of principle The reader of this edition is brought even closer to Cooper in the draft of a hitherto unpublished letter probably intended for this book which illustrates Cooper's grasp of the still finer points of French customs and attitudes
