Thought and Play in Musical Rhythm Richard K. Wolf, Stephen Blum, Christopher Hasty, 2019 Thought and Play in Musical Rhythm offers new understandings of musical rhythm through the analysis and comparison of diverse repertoires performance practices and theories as formulated and transmitted in speech or writing Editors Richard K Wolf Stephen Blum and Christopher Hasty address a productive tension in musical studies between universalistic and culturally relevant approaches to the study of rhythm Reacting to commonplace ideas in Western music pedagogy the essays explore a range of perspectives on rhythm its status as an element of music that can be usefully abstracted from timbre tone and harmony its connotations of regularity or by contrast that rhythm is what we hear against the grain of background regularity and its special embodiment in percussion parts Unique among studies of musical rhythm the collection directs close attention to ways performers and listeners

conceptualize aspects of rhythm and questions many received categories for describing rhythm By drawing the ear and the mind to tensions distinctions and aesthetic principles that might otherwise be overlooked this focus on local concepts enables the listener to dispel assumptions about how music works in general Readers may walk away with a few surprises become more aware of their assumptions and or think of new ways to shock their students out of complacency **The**

Metanarrative Hall of Mirrors Garrett Stewart,2022-03-10 With its laser focus on the verbal and visual infrastructure of narrative The Metanarrative Hall of Mirrors is the first sustained comparative study of how image patterns are tracked in prose and cinema In film examples ranging from Citizen Kane through Apocalypse Now to Blade Runner 2049 then on to Christopher Nolan s 2020 Tenet Garrett Stewart follows the shift from celluloid to digital cinema through various narrative manifestations of the image from freeze frames to computer generated special effects By bringing cinema alongside literature Stewart discovers a common tendency in contemporary storytelling in both prose and visual narrative from the ongoing trend of mind game films to the often puzzling narrative eccentricities of such different writers as Nicholson Baker and Richard Powers including the latter s eerie mirroring of reader empathy in his 2021 Bewilderment **The Classical and Early Romantic Flute** Anne Pustlauk,2025 The Classical and Early Romantic Flute is about the flute flutists music and musical performance in the late eighteenth and early nineteenth centuries Readers learn about the complex development of the design of the flute how the different types of flutes were played and how music was interpreted during the Classical and Early Romantic periods according to original sources In addition fifteen short biographies of flutists and flute makers bring to life some of the main figures of the flute playing world of this era and present their playing styles and artistic achievements

The Routledge Companion to Embodied Music Interaction Micheline Lesaffre,Pieter-Jan Maes,Marc Leman,2017-09-19 The Routledge Companion to Embodied Music Interaction captures a new paradigm in the study of music interaction as a wave of recent research focuses on the role of the human body in musical experiences This volume brings together a broad collection of work that explores all aspects of this new approach to understanding how we interact with music addressing the issues that have roused the curiosities of scientists for ages to understand the complex and multi faceted way in which music manifests itself not just as sound but also as a variety of cultural styles not just as experience but also as awareness of that experience With contributions from an interdisciplinary and international array of scholars including both empirical and theoretical perspectives the Companion explores an equally impressive array of topics including Dynamical music interaction theories and concepts Expressive gestural interaction Social music interaction Sociological and anthropological approaches Empowering health and well being Modeling music interaction Music based interaction technologies and applications This book is a vital resource for anyone seeking to understand human interaction with music from an embodied perspective

Baton Basics Diane Wittry,2014-10-01 Baton Basics offers a unique approach to teaching conducting based upon the concept of conveying weight resistance and energy in order to communicate a better concept of musical sound to the

musicians Featuring many detailed drawings and access to over 60 video examples on the companion website *Baton Basics* guides conductors away from simply marking beat patterns and towards a nuanced and phrased musicality that can be communicated to a group of musicians *Baton Basics* is a key foundational text for the student and experienced conductor alike and is a must read for anyone interested in improving and expanding their vocabulary of conducting gestures
