Modern Speaking Paul Rexford Brees, Guy Vernon Kelley, 1928 *New York State Education Department Bulletin*, 1917
University of the State of New York Bulletin, 1918 *Education Department Bulletin*, 1917 *Deliberate Conflict*
Patricia Roberts-Miller, 2007-09-03 In *Deliberate Conflict* Argument Political Theory and Composition Classes Patricia Roberts Miller argues that much current discourse about argument pedagogy is hampered by fundamental unspoken disagreements over what democratic public discourse should look like The book's pivotal question is In what kind of public discourse do we want our students to engage To answer this the text provides a taxonomy discussion and evaluation of political theories that underpin democratic discourse highlighting the relationship between various models of the public sphere and rhetorical theory *Deliberate Conflict* cogently advocates reintegrating instruction in argumentation with the composition curriculum By linking effective argumentation in the public sphere with the ability to effect social change Roberts Miller pushes compositionists beyond a simplistic Aristotelian conception of how argumentation works and offers a means by which to prepare students for active participation in public discourse Reflections on Biblical Themes by an Octogenarian Reuben J. Swanson, 2007-01-01 *Reflections on Biblical Themes by an Octogenarian* represents the journey into faith by the author of the essays over the span of sixty years in the pastoral ministry and as a professor on college university and theological school levels There has been a continuing growth in understanding from the beginnings of a rather conservative religious background and training to a more mature appreciation and understanding of life This growth came about through the interchange in the classroom as a student in preparation for ministry then as a pastor in the everyday work experience and interchange with parishioners and especially in the interchange with students in the classroom This more mature understanding and growth is reflected in the essays presented in this volume on various themes as listed in the Table of Contents It is hoped that they will be of value to lay persons and to professionals in the life of the church and in the academic world and that they will stimulate thought and discussion in parishes and in institutions of higher learning Some of the viewpoints may seem to be controversial but how are we to grow intellectually and spiritually unless we wrestle seriously with the deep and profound questions of our faith and life These reflections are offered with the hope and prayer that they will stimulate discussion and growth in the life of the church in both parish and academic settings *ENGLISH COMPOSITION EIGHT LECTURES GIVEN AT THE LOWELL INSTITUTE* BARRETT WENDELL, 1891
