Fact, Fictions, and the Forbidden Predictions of the Amazing Criswell Edwin Lee Canfield, 2023-01-02 We are all interested in the future for that is where you and I are going to spend the rest of our lives whether we want to or not Jeron Charles Criswell King better known simply as Criswell can rightfully be described as one of the first pop celebrity psychics His bizarre predications 87 per cent of which came true he claimed appeared from the 1950s through the 1970s in newspapers and magazines while the flamboyant showman hosted his own Los Angeles television show quested on national TV and in Ed Wood movies including Plan 9 from Outer Space alongside Vampira Tor Johnson and Bela Lugosi Unsuccessful attempts to find fame on Broadway and Tin Pan Alley did not prevent him from co authoring three books on how to succeed in these fields A member of the hidden Hollywood gay community the story of Criswell his triumphs and defeats is one of fame and hope Fact Fictions and the Forbidden Predictions of the Amazing Criswell is the first full length biography of Criswell It is the result of 20 years of research by number one fan Edwin Canfield and includes interviews new information and many startling predictions The world as we know it will cease to exist on August 18 1999 The Faiths of Oscar Wilde J. Killeen, 2005-10-20 An original and energetic examination of the relationship between theology faith religious history and national politics in the works of Oscar Wilde which focuses in particular on his life long attraction to Catholicism Wilde's Protestant heritage is also scrutinised and its continued influence on him as well as his antagonism towards it is related to the narrative modes he chose and the philosophical positions he adopted **Refractions** Frauke Reitemeier.2022 Put simply refraction describes a change in the direction of light or sound due to a change in the medium the light or sound goes through Writing a Bachelor's or Master's thesis means changing the direction of light shed on a particular text or topic as the theses collected in this volume conclusively show A dystopian novel is shown to hinge on questions of animal rights a complex novelistic structure is revealed to have its origins in scientific discourses a clearly Gothic novel has its foundation in aesthetic Christianity to outline just some of the topics All these papers have in common that they take a well known text or idea and change the angle through which it is read and analysed and suddenly a rainbow of new insights is created Publisher ,1910 The Passions of John Addington Symonds Shane Butler, 2022 The first critical analysis to embrace a wide and representative selection of John Addington Symonds s work beyond his famous essays It explores Symonds as a complex thinker with an ambitious vision of the queerness of the world itself and follows his engagement with the art and The New World ,1919 Romanic Review Henry Alfred Todd,1928 literature of classical antiquity Oscar Wilde, Wilfred Owen, and Male Desire James Campbell, 2015-09-08 This book reads Oscar Wilde as a gueer theorist and Wilfred Owen as his symbolic son It centers on the concept of male procreation or the generation of new ideas through an erotic but non physical connection between two men and it sees Owen as both a product and a continuation of this Wildean tradition The Academy ,1910 The Picture of Dorian Gray ,2013 THE STORY Oscar Wilde s Faustian tale of a young man who

sells his soul for eternal youth is updated as a bold stylish and bloody contemporary thriller London 1988 Preternaturally handsome Dorian Gray has his portrait painted by his college classmat **Profiles in Literary Courage** Dr. R. S. Pathak, 1992 With reference to the work of selected English authors 19th and 20th centuries The Secret Life of Oscar Wilde Neil McKenna, 2009-03-05 Oscar Wilde said of himself I put all my genius into my life I put only my talent into my work Now for the first time Neil McKenna focuses on the tormented genius of Wilde's personal life reproducing remarkable love letters and detailing Wilde's until now unknown relationships with other men McKenna has spent years researching Wilde's life drawing on extensive new material including never before published poems as well as recently discovered trial statements made by male prostitutes and blackmailers about Wilde McKenna provides explosive evidence of the political machinations behind Wilde's trials for sodomy as well as his central role in the burgeoning gay world of Victorian London Dazzlingly written and meticulously researched The Secret Life of Oscar Wilde fully charts Wilde's astonishing odyssey through London's sexual underworld and paints a frank and vivid psychological portrait of a troubled genius Politics, and Irish America Mary M. Burke, 2022 Considers three centuries of writers and creatives of mostly Scots Irish and post Famine Irish descent whose work examines moments of entwined racial social and political transformation for those of I Can Resist Everything Except Temptation Oscar Wilde, 1996 More than 1 000 quotations that identity in America from Wilde on subjects from absinthe to Zola as well as selections from personal letters filled with poignant remarks on his life and the human condition Academy, with which are Incorporated Literature and the English Review ,1910

The Publishers' Circular and Booksellers' Record .1911 Academy and Literature .1910 The Oxford Handbook of Oscar Wilde ,2025-09-09 The Oxford Handbook of Oscar Wilde puts Wilde the Icon into an expansive literary and dramatic context It offers a readable guide to Wilde studies for the early twenty first century Its chapters reflect Wilde s status as a queer writer while filling in the gaps that this focus have left and looking forward to the next generation of critical studies on Wilde It is designed to appeal to students and those with a general interest in Wilde as well as professional academics Its comprehensive discussions of his writings show how these interact with and transfigure both their age and his life while providing readers with clear and extensive suggestions on approaches to reading thinking and writing about them It is organized in four sections Places Works Intellectual Contexts and Reception The first section on Places tells the story of Wilde's life and intellectual evolution through the places that defined its contours Dublin Oxford London America France and Italy The second section on Wilde's Works provides new and in depth directions to close reading Wilde's writing with generative ideas on the development style structure and significance of each of his major works The section on Intellectual Contexts brings together chapters on the main ideas and cultures of thought that shaped Wilde s thinking from late nineteenth century sexuality and fashion to the ancient world and Charles Darwin's theory of evolution The final section on Reception focuses on the central categories in which Wilde's works and life have been read and influenced cultural

movements since his death Wilde s afterlife has been vibrant and chapters in this section include discussions of how he influenced camp and pop alongside the contentious textual history of his works The Picture of Dorian Gray Oscar Wilde,1891 The Unmasking of Oscar Wilde Joseph Pearce,2009-09-03 Vilified by fellow Victorians for his sexuality and his dandyism Oscar Wilde the great poet satirist and playwright is hailed today in some circles as a progressive sexual liberator But this image is not how Wilde saw himself Joseph Pearce s biography strips away pretensions to show the real man his aspirations and desires It uncovers how he was broken by his prison sentence it probes the deeper thinking behind masterpieces such as The Picture of Dorian Gray and De Profundis and it traces his fascination with Catholicism through to his eleventh hour conversion Pearce removes the masks and reveals the Wilde beneath the surface He has written a profound wide ranging study with many original insights on a great literary figure
