Sir Donald Cameron Colonial Governor:

Sir Donald Cameron, Colonial Governor Harry A. Gailey, 1974 **British Colonial Development Policy After the Second World War** Rohland Schuknecht, 2010 The concept of development is one of the lasting legacies of the late colonial era in Africa Taking Sukumaland in Tanzania as a reference this book explores British colonial ideas about rural development and examines the results of their application after 1945 Colonial attempts to change African systems of agriculture are discussed extensively and critically assessed Other issues like the exploitative character of British colonial development policy in the postwar period the role of cooperatives and the connection between development policy and decolonisation are also addressed This book is the published version of author Rohland Schuknecht s doctoral thesis *Mandates and Empire* Michael D Callahan, 2008-04-10 Compares the impact of the League of Nations mandates system on British and French rule in African mandated territories **The New A-Z of Empire** C. Brad Faught, 2011-05-30 The British Empire especially in its late Victorian heyday spanned the world and linked a quarter of world s population to Britain through a shared official allegiance to the Crown In the long history of empires the British imperial state was among the most powerful ever and a major global player A New A Z of Empire catches the current burgeoning interest in empires and covers over 400 years of British imperial history from the founding of the East India Company in 1600 to the First and Second British Empires the time of High Empire following the War of American Independence the unprecedented expansion of the Scramble for Africa the development of Dominion Status and the history often turbulent of decolonization and the growth of Commonwealth The 400 plus entries include a rich panoply of individuals territories treaties politics the law diplomacy war and peace administration business and commerce exploration literature art literature and scholarship Readers will find a mine of fascinating factual information in concise form with expert historical assessment cross referencing between entries and suggestions for further reading The valuable time line is essential to pick through the long period of complex history and links to key web resources are provided A New A Z of Empire is an indispensable tool for the scholar and student and for the general reader interested in the rich history of the British Empire a story of obscure foundation leading to dominance over a huge swathe of the globe now represented by mere pinpricks on the world map **Lugard and the Abeokuta Uprising** Harry A. Gailey, 2014-02-25 First published in 1982 This book makes sense of Lugard s administration in Egbaland by devoting space to the history religion and political structure created by the African peoples of western Nigeria Only by looking at the Egba traditional system and their attempts to modernize their state prior to 1914 can one fully appreciate their sense of loss and betrayal after annexation The Abeokuta uprising was a very important event during the imperial phase of Nigerian history *Diversity Management: Dennis Arekpita Ogirri Ph.D. MURP*, 2019-08-19 In this book this author utilizes various concepts theories analytical methods techniques and practical knowledge and expertise propounded or espoused by scholars and experts with differing worldviews that tend to facilitate the understanding of diversity and diversity

management in the global village Some of the perspectives are based on philosophical ideological and cultural orientations of scholars statesmen and experts from the various geopolitical regions of the world Some of the discussion may evoke some controversial thought processes that are considered necessary for healthy debate on the issues of diversity and diversity management from interdisciplinary multidisciplinary and trans disciplinary perspectives However there is more emphasis on global and interdisciplinary perspectives in the discussion of diversity and diversity management in this book The purpose of this book is to refocus attention on the issues of diversity and diversity management but from global and interdisciplinary perspectives The book contributes to the continuing discourse on diversity and diversity management by presenting some conventional and less controversial theories and models as well as some traditionally controversial ones for managing diversity in the workplace in particular and in society in general Whereas much has been written in the past about the debate over which strategies are best for managing diversity new study dimensions in the era of globalization of business economic political and socio cultural relations now require the revisiting of the issues of diversity and diversity management from global and interdisciplinary perspectives Existing published research on diversity management does not focus on both the global and interdisciplinary perspectives *The Government and Administration of Africa, 1880-1939* Andrew

Cohen,2017-11-01 This collection makes available rare sources on the aims functions and effects of British administration in Africa Topics examined include land and urban administration law and jurisprudence taxation and administration of natural resources **The Cambridge History of Africa** J. D. Fage,Roland Anthony Oliver,A. D. Roberts,1975 This seventh volume in The Cambridge History of Africa examines the period 1905 40 in African history

Visions for an African Valley DR JONATHAN M. JACKSON,2025-03-11 What was the effect of the numerous albeit often unsatisfied plans for development on the land and communities of the Kilombero valley throughout the colonial period and into the first decades of independence This book traces histories of development in and crucially visions of development for the Kilombero valley of south central Tanzania Taking the notion of development planning as a form of future making the book examines the many visions or past futures projected onto Kilombero by colonial and national governments by international organisations syndicates and individuals It examines how such plans were conceived evaluates their successes and analyses their shortcomings against changing political and economic landscapes Four key themes agricultural intensification ecology control infrastructure and re settlement are shown to persistently surface and continue to shape the valleyscape today By considering past future visions for the reorganisation of rural life in Tanzania the book reveals how even recent initiatives have suffered through their failure to learn from this history Offering fresh insights and approaches to the historiography of development Visions for an African Valley shows Kilombero to be a prism which refracts broader phenomena across more than a century
