Lieder** Alan Blyth, 1986 Hindi Film Songs and the Cinema Anna Morcom, 2017-07-05 Since their beginnings in the 1930s Hindi films and film songs have dominated Indian public culture in India and have also made their presence felt strongly in many global contexts Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic Anna Morcom addresses many of the paradoxes eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context While the presence of songs in Hindi films is commonly dismissed aspurely commercial this book demonstrates that in terms of the production process musical style and commercial life it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round While they constitute India's still foremost genre of popular music film songs are also situational dramatic sequences inherently multi media in style and conception This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries Its findings lead to highly novel ways of viewing Hindi film songs their key role in Hindi cinema and how this affects their wider life in India and across the globe It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema It also forms a major contribution to popular music popular culture film music studies and ethnomusicology tackling pertinent issues of cultural production multi media and the cross cultural use of music in Hindi cinema The book caters for both music specialists as well as a wider audience Old Songs are Always New Genevieve Campbell, 2023-07-01 It's really great It's like they re all here I hear all of these voices and I sing with them you know Yikliya Eustace Tipiloura senior songman and Elder Perhaps the most defining feature of Tiwi song is the importance placed on the creative innovation of the individual singer composer Tiwi songs are fundamentally new unique and occasion specific and yet sit within a continuum of an oral artistic tradition Performed in ceremony at public events for art and for fun songs form the core of the Tiwi knowledge system and historical archive Held by song custodians and taught through sung and danced ritual generations of embodied practice are still being created and accumulated as people continue to sing In 2009 Genevieve Campbell and eleven Tiwi colleagues travelled to Canberra to reclaim over 1300 recordings of Tiwi songs made between 1912 and 1981 that are held in the archives at the Australian Institute of Aboriginal and Torres Strait Islander Studies AIATSIS The Old Songs are Always New explores the return home of these recordings to the Tiwi Islands and describes the musical and vocal characteristics performance context and cultural function of the twelve Tiwi song types giving an overview of the linguistic and poetic devices used by Tiwi composers For the past 16 years Campbell has been working closely with Tiwi song custodians studying contemporary Tiwi song culture in the context of the maintenance of traditions and the development of new music forms Their musical collaboration has resulted in public

Jackson-Houlston, 2016-12-05 As a book on allusion this has interest for both

the traditional literary or cultural historian and for the modern student of textuality and readership positions It focuses on allusion to folksong and more tangentially to popular culture areas which have so far been slighted by literary critics In the nineteenth century many authors attempted to mediate the culture s of the working classes for the enjoyment of their predominantly middle class audiences In so doing they took songs out of their original social and musical contexts and employed a variety of strategies which consciously or unconsciously romanticised falsified or denigrated what the novels or stories claimed to represent In addition some writers who were well informed about the cultures they described used allusion to song as a covert system of reference to topics such as sexuality and the criticism of class and gender relations which it was difficult to discuss directly **One Hundred Songs by Ten Masters**, 1917 <u>Hi-fi News & Record Review</u>, 1979
