Rust, 1996-08-23 Despite the world wide association of music and dance with religion this is the first full length study of the subject from a global perspective The work consists of 3 816 references divided among 37 chapters It covers tribal regional and global religions and such subjects as shamanism liturgical dance healing and the relationship of music mathematics and mysticism The referenced materials display such diverse approaches as analysis of music and dance description of context direct experience observation and speculation The references address topics from such disciplines as sociology anthropology history linguistics musicology ethnomusicology theology medicine semiotics and computer technology Chapter 1 consists of general references to religious music and dance The remaining 36 chapters are organized according to major geographical areas Most chapters begin with general reference works and bibliographies then continue with topics specific to the region or religion This book will be of use to anyone with an interest in music dance religion or culture      **Religions of India in Practice** Donald S. Lopez, Jr., 2020-07-21 The inaugural volume of Princeton Readings in Religions brings together the work of thirty scholars of the religions of India in a new anthology designed to reshape the ways in which the religious traditions of India are understood The book contains translations of forty five works most of which have never before been available in a Western language Many of these highlight types of discourse especially ritual manuals folktales and oral narratives and voices vernacular esoteric domestic and female that have not been sufficiently represented in previous anthologies and standard accounts of Indian religions The selections are drawn from ancient texts medieval manuscripts modern pamphlets and contemporary fieldwork in rural and urban India They represent every region in South Asia and include Hindu Buddhist Jain Sikh and Muslim materials Some are written texts reflecting elite concerns while others are transcriptions of oral narratives told by nonliterate peasants Some texts are addressed to a public and pan Indian audience others to a limited coterie of initiates in an esoteric sect and still others are intended for a few women gathered in the courtyard for a household ceremony The editor has reinforced this diversity by arranging the selections within several overarching themes and categories of discourse hymns rituals narratives and religious interactions and encourages us to make our own connections      Hinduism Bardwell L. Smith, 1982      *Textual Sources for the Study of Hinduism* , 1990-10-15 A wider range than usual of Sanskrit texts not only interesting Vedic epic and mythological texts but also a good sampling of ritual and ethical texts There are also extracts from texts usually neglected such as medical treatises works on practical politics and guides to love and marriage Readings from the vernacular Hindi Bengali and Tamil traditions serve to enrich the collection and demonstrate how Hinduism flourished not just in Sanskrit but also in its many mother tongues Francis X Clooney Journal of Asian Studies
