Smith, Fenwick Hatt, 1981 Ballads and Sea Songs from Nova Scotia William Roy Mackenzie, 1956 Ballads and Sea Songs from Nova Scotia ,1909 The Traditional Tunes of the Child Ballads, Volume 4 Bertrand Harris Bronson, 2015-03-08 With this volume incorporating Ballads 244 305 Bertrand Harris Bronson completes his epic task of providing the musical counterpart to Francis James Child's collection of English and Scottish ballads As in the previous volumes the texts are linked with their proper traditional tunes systematically ordered and grouped to show melodic kinship and characteristic variations developed during the course of oral transmission Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its Ballads and Sea-Songs of Newfoundland Elisabeth Bristol Greenleaf, Grace Yarrow Mansfield, 1933 founding in 1905 Newfoundland songs are diverse in origin Vast numbers of them come from the British Isles especially from England and Ireland many are composed in Newfoundland usually on English or Irish models a lesser number of American Canadian and French songs are current The ballads to be found in the Child collection are probably the oldest now sung Then there are many seventeenth and eighteenth century broadside ballads particularly English and many nineteenth century compositions Such are the backgrounds from which the compilers of this volume have drawn their unusually interesting and delightful collection of ballad texts and ballad music Expeditions to the island in 1920 and 1929 furnished the tunes and a genuine interest in folk literature assured the care and accuracy of the work The British Traditional Ballad in North America Tristram Potter Coffin, Roger deV. Renwick, 2014-07-03 Tristram Potter Coffin's The British Traditional Ballad in North America published in 1950 became recognized as the standard reference to the published material on the Child ballad in North America Centering on the theme of story variation the book examines ballad variation in general treats the development of the traditional ballad into an art form and provides a bibliographical guide to story variation as well as a general bibliography of titles referred to in the guide Roger deV Renwick's supplement to The British Traditional Ballad in

North America provides a thorough review of all sources of North American ballad materials published from 1963 the date of the last revision of the original volume to 1977 The references which include published text fragments and published title lists of items in archival collections are arranged according to each ballad s story variations Textual and thematic comparisons among ballads in the British and American tradition are made throughout In his introductory essay Renwick synthesizes the various theoretical approaches to the phenomenon of variation that have appeared in scholarly publications since 1963 and provides examples from texts referred to in the bibliographical guide itself. The supplement like its parent work is an invaluable reference tool for the study of variation in ballad form content and style Together with the reprinted text of the 1963 edition the supplement provides an exhaustive bibliography to the literature on the British traditional ballad Ballads and Songs of Southern Michigan Emelyn Gardner, Geraldine Chickering, 1939 This book in North America presents old time Michigan its songs and their tunes collected and edited by Emelyn E Gardner a folklorist of wide experience the author of Folklore from the Schoharie Hills with the aid of Geraldine Jencks Chickering Michigan s early settlers coming from the older eastern states both north and south with many from England Scotland and the British North American possessions brought with them their songs which they sang happily at work and play handing them down from generation to generation and often adapting centuries old ballads to their new environment Many worked for a time in the woods and picked up the mournful or jolly ballads that were circulated through the camps by lumberjacks drifting in from the Maine and Canadian forests There are old folks still alive who treasure these ancient songs and young people who have learned them from their parents and grandparents or even from the radio Ballads and Songs of Southern Michigan collects and preserves these cherished possessions of the old frontier With scholarly accuracy their history is recounted the names of those who sang them are reported The tunes of many are reproduced there are ample indices and bibliography Wilfred B Shaw s ink drawings add much to the charm of the book It is a worthy addition both to the literature of folklore and balladry and to that of pioneer American history Songs and Ballads from Nova Scotia. Collected by H. Creighton. [With the The Traditional Tunes of the Child Ballads, Volume 1 Bertrand Harris Bronson, 2015-12-08 Airs.]. Helen Creighton, 1932 This is the musical counterpart to the famous Francis James Child collection of English and Scottish ballads from the 13th to the 19th centuries Professor Child's canon established the texts Professor Bronson's work provides both tunes and texts Originally published in 1959 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The British Traditional Ballad in North America Tristram Potter Coffin, 1963 The Ballad Collectors of North America Scott B. Spencer, 2012 Much has been written about

the songs gathered in North America in the first half of the 20th century However there is scant information on those individuals responsible for gathering these songs The Ballad Collectors of North America How Gathering Folksongs Transformed Academic Thought and American Identity fills this gap documenting the efforts of those who transcribed and recorded North American folk songs Both biographical and topical this book chronicles not only the most influential of these song catchers but also examines the main schools of thought on the collection process the leading proponents of those schools and the projects that they shaped Contributors also consider the role of technology especially the phonograph in the collection efforts Chapters organized by region cover such areas as Appalachia the West and Canada while others devoted to specialized topics from the cowboy tune and occupational song to the commercialization of folk music through song collections and anthologies Ballad Collectors investigates the larger role of the ballad in the development of American identity from the national appreciation of cowboy songs in popular culture to the use of Appalachian song forms in radio broadcasts to the role of dustbowl ballads in the urban folk revival of the 1950s and 1960s Finally this collection assesses the changing role of songs and song texts in the academic fields of folklore anthropology musicology and ethnomusicology Scholars and students of American cultural and social history as well as fans of North American folk and popular music will find The Ballad Collectors of North America a fascinating story of how the American folk tradition gained greater visibility fueling the revolutions that would follow in the writing and performance of American music The Frank C. Brown Collection of NC Folklore Frank C. Brown, 1977-04-29 Frank C Brown organized the North Carolina Folklore Society in 1913 Both Dr Brown and the Society collected stores from individuals Brown through his classes at Duke University and through his summer expeditions in the North Carolina mountains and the Society by interviewing its members and also levied on the previous collections made by friends and members of the Society The result was a large mass of texts and notes assembled over a period of nearly forty years and covering every aspect of local tradition The Singing Tradition of Child's **Popular Ballads. (Abridgement)** Bertrand Harris Bronson, 2015-03-08 Francis James Child's English and Scottish Popular Ballads published in ten parts from 1882 to 1898 contained the texts and variants of 305 extant themes written down between the thirteenth and nineteenth centuries Unsurpassed in its presentation of texts this exhaustive collection devoted little attention to the ballad music a want that was filled by Bertrand Harris Bronson in his four volume Traditional Tunes of the Child Ballads The present book is an abridged one volume edition of that work setting forth music and text for proven examples of oral tradition with a new comprehensive introduction Its convenient format makes readily available to students and scholars the materials for a study of the Child ballads as they have been preserved in the British American singing tradition Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The

goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Traditional Ballads of Virginia** Arthur Kyle Davis, 1929 *A History of American Literature: Later national literature: pt. 3*, 1921
