## **Sonny The Immigrants Son:**

*Sonny, the Immigrants' Son* Nickolas Bay, 2005-10 The Depression in the early thirties created hardships for most families in the United States but none greater than those experienced by its new immigrants Sonny an immigrantsa son is returning to the United States on the troopship General Richardson which sailed from Le Harve France on October of 1946 Sonnyas memories of his childhood are triggered by the sight of the Statue of Liberty as he stands at the shipas rail with a colored sergeant who unbelievably lived in one of the neighborhoods where Sonny fought for his daily survival They share war experiences and memories of the old neighborhood Serious episodes including an encounter with a pedophile at the age of fivea humorous ones like hiding under Old Glory from his mother thinking he was being drowned in a baptismal tank and why his father called him the horse manure king Sonny left as a boy and returned from the service a man Sergeant Nickolas Bay a nineteen year old veteran of the Second World War

Gene Research at the Cia Nickolas Bay, 2008-02-21 Gene research at the CIA is an explosive sci fi thriller where a young doctor named Dr JANET STEWART is caught up in a top secret government experiment slipping out of control Entangled in a web of politics espionage and terrorism Dr Stewart is taking the gamble of her life where one wrong move could be her last Her discovery of the gene that controls a persons IQ is used in secret experiments in the armed forces childrens clinics prisons and at terrorist interrogations at Guantanamo Bay where personality changes are made Her success advances her politically to earn a seat on the cabinet of the President of the United States Dr Stewarts association with two neurosurgeons Dr JOHN STODDARD and Dr JAMES ROTH lead to the discovery of the C mystery gene An amazing observation is made after testing humans indicating this gene is fundamental in their thoughts involving faith and trust They test an Atheist Agnostic dogmatic Catholic and a Muslim Theories are made on how a suicide bomber constantly reinforces his faith gene to enable him to destroy his own life and that of others Finally the President of the United States decides to use these gene discoveries on thousands of foreign students invited as guests to study democracy and our life styles in the United States to in effect make them our secret ambassadors to promote democracy on their return home This story illustrates how an innocent humanitarian idea slowly becomes a modern day Dr Jekyll and Mr Hyde scenario Individual IQs are changed and personalities regress from adult to that of children Even the President is enticed by the lure of absolute power through gene control The warning is simple as we follow the path to new genetic discoveries we must be valiant not to surrender our moral and ethical values We have the power and knowledge to create monsters

Genetic Swaps an Ethical Dilemma Nickolas Bay, 2008-12-01 This story involves the illegal and legal swapping of one persons gene for implanting into another person to change their intelligence Although this book is fictional it points out the ways science could change our political and ethical values This book begins with a goal to help disabled children through new discoveries and gene manipulations by swapping genes The main character Dr Janet Stewart directs a secret CIA lab whose basic purpose is to discover how certain genes operate Her discovery of the gene that controls a

persons IQ is secretly tested in childrens clinics military academies prisons and finally in terrorist interrogations at Guantanamo Bay Genetic swaps are performed with dramatic results Dr Stewarts associations with two neurosurgeons who are also interested in genetic research bring about the discovery of the C mystery gene An amazing observation is made after testing humans at a secret lab in Pahrump Nevada This gene proves to be fundamental in a persons thought regarding faith and trust This leads to tests with Atheists Agnostics Catholics and Muslims Tests show how a suicide bomber constantly reinforces his faith gene through free will to enable him to destroy his own life and that of others Finally The President of the United States directs Dr Stewart to devise a program to be used on all foreign students visiting the United States that would make them our secret ambassadors without them ever knowing it This is not a far fetched idea New gene discoveries are being made as you read this novel The purpose of this book is to give a simple warning As a world leader the United States must be vigilant not to exchange human control for human rights This new knowledge is dangerous in the wrong hands

**Tales from the Oldest Profession** Kevin O'Donnell, 2014-06-05 In his forty three years as a practising lawyer Kevin O'Donnell encountered a wide and sometimes weird mixture of characters lawyers clients police officers and others When it came time to tell the story of his career he knew that he didnt want to write a book only about the law he wanted to write a book about the people with whom and for whom he worked Some of these stories may come off as improbable or even impossible but theyre all true He shares tales of the more notable people he had the privilege of dealing with and the unusual situations those associations created He received the occasional threat of violence but fortunately none of them came to pass He also survived the aggression of his peers in and out of court During his experience as a law student articled clerk employee lawyer senior associate for substantial law fi rms and partner in a fi rm in regional Victoria he saw it all and some of the best anecdotes from those years await within Many of the people he writes about are still his friends and some never were while some of them are now deceased Theyve all provided him with amusement over the years as well as wry smiles as he brought their shared adventures to life in his memoir

**New York and Toronto Novels after Postmodernism** Caroline Rosenthal, 2011 Cities are material and symbolic spaces through which nations define their cultural identities The great cities that have arisen on the North American continent have stimulated the imaginations of the United States and Canada in very different ways This first comparative study of North American urban fiction starts out by delineating the sociohistorical and literary contexts in which cities grew into diverging symbolic spaces in American and Canadian culture After an overview of recent developments in the cultural conception of urban space the book takes New York and Toronto fiction as exemplary for exploring representations of the urban after postmodernism It analyzes four twenty first century novels two set in New York Siri Hustvedt s What I Loved and Paule Marshall s The Fisher King and two set in Toronto Carol Shields s Unless and Dionne Brand s What We All Long For While these texts continue to echo the specific traditions of nation building and canon formation in the United States and Canada they also share certain features All of them investigate

the affective crossroads of the city while returning to a more realistic mode of representation Caroline Rosenthal is Professor of American Literature at the Friedrich Schiller University in Jena Germany

**Intelligent Design in Science, Religion and You** Nickolas Bay,2006

*Societal and Legal Issues Surrounding Children Born in the United States to Illegal Alien Parents* United States. Congress. House. Committee on the Judiciary. Subcommittee on Immigration and Claims,1996

God Is in Your Molecules Nickolas Bay,2007-08-24 The text begins with the explaining our molecular structure and how we are created with the same type of atoms but remain absolutely different one from the other The author traces molecules from mother and father to the final birth of the baby with a new molecular structure Searching for the truth reveals why people cannot agree on what the truth is Word power is discussed to explain how various religions define themselves Brain mind soul and Spirit are explored to illustrate our connection to the Creator The main theme is We are all descendants of the same God

*Out from the Shadow* Maurice A. Butler, 2012-09 This is a story about a man who came from humble beginnings and ended up at the crest of power in Washington and Moscow The story takes us into the depths of a racially segregated South to the desperate streets of New York City where criminals and crime fighters fought for control and to an America reeling from the assassination of its political leaders It is the story of the growth of America It is the story of a man who kept scaling seemingly insurmountable walls as he fought for justice This is the story of Charles LeRoy Gittens

*Blackface, White Noise* Michael Rogin, 1996-06-01 The tangled connections that have bound Jews to African Americans in popular culture and liberal politics are at the heart of Michael Rogin s arresting and unnerving book Looking at films from Birth of a Nation to Forrest Gump Rogin explores blackface in Hollywood films as an aperture to broader issues the nature of white identity in America the role of race in transforming immigrants into Americans the common experiences of Jews and African Americans that made Jews key supporters in the fight for racial equality and the social importance of popular culture Rogin s forcefully argued study challenges us to confront the harsh truths behind the popularity of racial masquerade

**The Outfit** Gus Russo, 2008-12-02 This is the story of the Outfit the secretive organized crime cartel that began its reign in prohibition era Chicago before becoming the real puppet master of Hollywood Las Vegas and Washington D C The Outfit recounts the adventures and exploits of its bosses Tony Joe Batters Accardo the real Godfather Murray The Camel or Curly Humphreys one of the greatest political fixers and union organizers this country has ever known Paul The Waiter Ricca and Johnny Rosselli the liaison between the shadowy world and the outside world Their invisibility was their strength and what kept their leader from ever spending a single night in jail The Outfit bosses were the epitome of style and grace moving effortlessly among national political figures and Hollywood studio heads until their world started to crumble in the 1970s With extensive research including recently released FBI files

the Chicago Crime files of entertainer Steve Allen first ever access to the voluminous working papers of the Kefauver Committee original interviews with the members of the Fourth Estate who pursued the Outfit for forty years and exclusive access to the journals of Humphrey's widow veteran journalist Gus Russo uncovers sixty years of corruption and influence and examines the shadow history of the United States      Gibson J. W. Peterson,2019-08-13 Gibson is an exciting portrayal of contemporary life on the prairies of central Montana and is set against themes of mystery discovery and the seeming randomness of events in an indifferent world The story concerns the discovery of an enormous cave system by two men of dissimilar character and upbringing that leads both of them to a fated sense of allegiance to one another a relationship that becomes stressed to the breaking point by jealousy mental illness and the often violent and uncontrollable forces of nature

Astrofuturism De Witt Douglas Kilgore,2010-08-03 Astrofuturism Science Race and Visions of Utopia in Space is the first full scale analysis of an aesthetic scientific and political movement that sought the amelioration of racial difference and social antagonisms through the conquest of space Drawing on the popular science writing and science fiction of an eclectic group of scientists engineers and popular writers De Witt Douglas Kilgore investigates how the American tradition of technological utopianism responded to the political upheavals of the twentieth century Founded in the imperial politics and utopian schemes of the nineteenth century astrofuturism envisions outer space as an endless frontier that offers solutions to the economic and political problems that dominate the modern world Its advocates use the conventions of technological and scientific conquest to consolidate or challenge the racial and gender hierarchies codified in narratives of exploration Because the icon of space carries both the imperatives of an imperial past and the democratic hopes of its erstwhile subjects its study exposes the ideals and contradictions endemic to American culture Kilgore argues that in the decades following the Second World War the subject of race became the most potent signifier of political crisis for the predominantly white and male ranks of astrofuturism In response to criticism inspired by the civil rights movement and the new left astrofuturists imagined space frontiers that could extend the reach of the human species and heal its historical wounds Their work both replicated dominant social presuppositions and supplied the resources necessary for the critical utopian projects that emerged from the antiracist socialist and feminist movements of the twentieth century This survey of diverse bodies of literature conveys the dramatic and creative syntheses that astrofuturism envisions between people and machines social imperatives and political hope physical knowledge and technological power Bringing American studies utopian literature popular conceptions of race and gender and the cultural study of science and technology into dialogue Astrofuturism will provide scholars of American culture fans of science fiction and readers of science writing with fresh perspectives on both canonical and cutting edge astrofuturist visions      *A History of Latinx Performing Arts in the U.S.* Beatriz J.
