Divided Subjects, Invisible Borders Ben Gook, 2015-09-21 What do Germany s memorials films artworks memory debates and national commemorations tell us about the lives of Germans today How did the Wall in the Head come to replace the Wall that fell in 1989 The old identities of East and West which all but dissolved in joyous embraces as the Berlin Wall fell emerged once more after formal re unification a year later in 1990 2015 marks the twenty fifth anniversary of that German re unification Yet Germany remains divided a mutual distrust lingers and national history remains contentious The material social cultural and psychic effects of re unification on the lives of eastern and western Germans since 1989 all demand again asking fundamental questions about history social change and ideology Divided Subjects Invisible Borders puts

Phantom Images Catherine Smale,2013 Ghosts have made an unexpected reappearance in German literature since 1989 Catherine Smale reads this as symptomatic of writers attempts to renegotiate their personal and collective identity in the wake of German reunification Focusing on two major authors from the former GDR Christa Wolf and Irina Liebmann Smale examines the ways in which their work adopts notions of haunting in its creative engagement with the double legacy of Socialism and National Socialism The ghost has long been regarded as a vehicle for making manifest taboo or unauthorized memories However Smale goes further demonstrating how the human subject is destabilized by the return of the phantom and is itself rendered insecure and spectral Drawing on a wide range of theoretical reference from the psychoanalytic concept of intergenerational phantoms to Derridean hauntology Smale s study highlights the particular challenge which Wolf and Liebmann pose to the familiar understanding of how German writers have confronted their country s troublesome past Catherine Smale is Lecturer in German at King s College London
