The Soul of Central Africa John Roscoe,2015-07-02 Excerpt from The Soul of Central Africa A General Account of the Mackie Ethnological Expedition In this book I have aimed at giving a general account of the journeyings of the Mackie Ethnological Expedition in Central Africa and of the lives and ways of the peoples visited leaving such information as is more of a purely scientific character and not so much of popular interest to be published later Some of the customs of these tribes are indeed of such a nature that they cannot well be described in a book which is intended for the general reader I have

however mentioned in passing a few of these customs without entering into details in order to let people at home know that there still exist in this age of enlightenment human beings whose lives are spent in such terrible darkness When I ceased to be a missionary in Africa I was several times asked whether it would not be possible for me to return to the country and complete some of the investigations which I began during my twenty five years of work there It was thought that as I had been resident in those parts for so many years and not only knew the country and the peoples but had also some knowledge of their languages their characteristics and their modes of thought I was more suited for conducting an ethnological expedition than a younger man who would take months to acquire the preliminary knowledge that would be necessary before he could start the real work of investigation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The Soul of Central Africa; a General Account of the MacKie Ethnological Expedition](#) Roscoe John 1861-1932,2013-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **The Soul of Central Africa: a General Account of the Mackie Ethnological Expedition.
