**Soul Matters** Sara Ahbel-Rappe, Danielle A. Layne, Crystal Addey, 2023-10-27

Platonic discourses concerning the soul are incredibly rich and multitiered. Plato's own diverse and disparate arguments and images offer competing accounts of how we are to understand the nature of the soul. Consequently, it should come as no surprise that the accounts of Platonists who engage Plato's dialogues are often riddled with questions. This volume takes up the theories of well-known philosophers and theologians, including Plato, Plotinus, Proclus, the emperor Julian, and Origen, as well as lesser-known but equally important figures in a collection of essays on topics such as transmigration of the soul, the nature of the Platonist enlightenment experience, soul and gender, pagan ritual practices, Christian and pagan differences about the soul, mental health and illness, and many other topics. Contributors include Crystal Addey, Sara Ahbel-Rappe, Dirk Baltzly, Robert Berchman, Jay Bregman, Luc Brisson, Kevin

**Species intelligibilis: From Perception to Knowledge** Leen Spruit, 1995-07-01 Medieval discussions of mental representation were constrained in essential ways by Thomas Aquinas' doctrine of intelligible species. Aquinas' view of a formal mediation of sensible reality in intellectual knowledge was not universally accepted. In particular, after his death, a long series of controversies developed about the necessity of intelligible species. These were analyzed in the first volume of this study. The first part of this book deals with Renaissance controversies discussing Peripatetics, Neoplatonics, and a group of relatively independent authors. In the second part, developments of late Scholasticism and the elimination of the intelligible species in modern non-Aristotelian philosophy are scrutinized. Particular attention is paid to the possible roots of the seventeenth-century theories of ideas in traditional philosophy. *Divine Indwelling: Key to the Wisdom, Knowledge and Power of God from Within Man* Bro. Josefino

T. Rona, 2011-06-06 If I have to write all the experiences and miracles in my life it would be volumes All these miracles come from One Source the power of DIVINE INDWELLING These stories are not fictions They are real experiences of miracles that made me write the book in order to share with people who with their FAITH can get into the Threshold of God's Presence within the soul and let the LIGHT of God's Power shine forth to drive evil away The Truth is in the book The Process that even a little child can do is in the book But for one story among hundreds of stories let me share this one A male teenager came to my office at midnight trembling pale drunk high with drugs carrying a knife urged by his hallucinations to kill someone and that was me I knew at that moment the Lord sent this poor guy to me to be healed by the power of God's Divine Indwelling Gently yet carefully I led him to God's Presence within him and with the power of the prayer of faith I by the power of God simply commanded the evil of drug addiction to leave Right at that moment the guy was healed The power of God in the soul of believers is truly REAL As I said I can share several stories of my experiences of miracles because of God's Divine Indwelling the very key that opens all the treasures of God's wisdom and knowledge Col 2:2-3 One who is serious in following what is written in this book can also see the experience of the power of God Hence I wrote the book to help as many as are looking for hope and peace within them Praise our awesome God

*Knowledge, Love, and Ecstasy in the Theology of Thomas Gallus* Boyd Taylor Coolman, 2017-01-26 Knowledge Love and Ecstasy in the Theology of Thomas Gallus provides the first full study of Thomas Gallus d 1246 in English and represents a significant advance in his distinctive theology Boyd Taylor Coolman argues that Gallus distinguishes but never separates and intimately relates two international modalities in human consciousness the intellectual and the affective both of which are forms of cognition Coolman shows that Gallus conceives these two cognitive

modalities as co existing in an interdependent manner and that this reciprocity is given a particular character by Gallus anthropological appropriation of the Dionysian concept of hierarchy Because Gallus conceives of the soul as hierarchized on the model of the angelic hierarchy the intellect affect relationship is fundamentally governed by the dynamism of a Dionysian hierarchy which has two simultaneous trajectories ascending and descending Two crucial features are noteworthy in this regard in ascending firstly the lower is subsumed by the higher in descending secondly the higher communicates with the lower according to the nature of the lower When Gallus posits a higher affective cognitio above an intellectual cognitio at the highest point in the ascent accordingly this higher affective form both builds upon and sublimates the lower intellectual form At the same time this affective cognitio descends back down into the soul both enriching its properly intellectual capacity and also renewing the ascending movement in love For Gallus then in the hierarchized soul a dynamic mutuality between intellect and affect emerges which he construes as a spiralling motion by which the soul unceasingly stretches beyond itself ecstatically in knowing and loving God
