Maureen Quilligan, 2011-06-07 Maureen Quilligan explores the remarkable presence in the Renaissance of what she calls incest schemes in the books of a small number of influential women who claimed an active female authority by writing in high canonical genres and who even more transgressively for the time sought publication in print It is no accident for Quilligan that the first printed work of Elizabeth I was a translation done at age eleven of a poem by Marguerite de Navarre in which the notion of holy incest is the prevailing trope Nor is it coincidental that Mary Wroth author of the first sonnet cycle and prose romance by a woman printed in English described in these an endogamous if not legally incestuous illegitimate relationship with her first cousin Sir Philip Sidney and his sister the Countess of Pembroke translated the psalms together and after his death she finished his work by revising it for publication the two were the subject of rumors of incest Isabella Whitney cast one of her most important long poems as a fictive legacy to her brother arguably because such a relationship resonated with the power of endogamous female agency Elizabeth Carey s closet drama about Mariam the wife of Herod spends important energy on the tie between sister and brother Quilligan also reads male authored meditations on the relationship between incest and female agency and sees a far different Cordelia Britomart and Eve from what traditional scholarship has heretofore envisioned *Incest and Agency in Elizabeth s England* makes a signal contribution to the conversation about female agency in the early modern period While contemporary anthropological theory deeply informs her understanding of why some Renaissance women writers wrote as they did Quilligan offers an important corrective to modern theorizing that is grounded in the historical texts themselves

Backvalley Ferrets Lawrence Lenhart, 2023-06-15 Twice declared extinct North America s most endangered mammal species the black footed ferret BFF is making a comeback thanks to an evolving conservation regimen at more than thirty reintroduction sites across the continent Lawrence Lenhart lingers at one such site in his proverbial backyard the Aubrey Valley in northern Arizona He clocks hundreds of hours behind the wheel rolling over ranch ruts as he shines a spotlight over dusky sage steppe in the hopes of catching a fleck of emerald eyeshine The beguiling weasel at the center of this book is more than a charismatic minifauna it is the covert ambassador of a critical ecosystem that has dwindled to 1 percent of its former size In a landscape menaced by habitat fragmentation bacterial plague settler colonialism and soil death a ferret must be resilient Lenhart investigates the human efforts to sustain the species through monitoring vaccination captive breeding and even cloning Lenhart balances this lens of environmental

witness with personal essaying that captures the parallel story of his wife's pregnancy as he realizes the ferret's conservation story is dramatically synchronized with her trimesters In preparing to raise a child in the Anthropocene Lenhart takes stock of his own ecosystem and finds something is amiss Through an ethic of deeper ecology Lenhart must hone his ecological interest in the black footed ferret to assure it isn't overshadowed by his own paternal interests **The Red Letter**

King Andrew By the age of four she was already engaged to be married and was sent far away from her home to live with Louis her husband to be who was only 10 years old From the beginning of her life in her new castle Elizabeth was ridiculed by all of those people who were jealous of her They noticed that she was always trying to be holy As she would play games with other children she would contrive little ways to sneak into the chapel and have a visit with Jesus Although Elizabeth was a princess she longed to live the kind of poverty she heard about through the Franciscans She became a member of the Third Order of St Francis and she constantly gave her jewels and best clothes to the poor Sometimes she gave everything away and had nothing nice to wear but Jesus always provided for her at the last minute When she emptied the castle store houses of grain for the poor Jesus would miraculously fill them up again Her subjects were never able to grow accustomed to the queen who lived the life of a saint but they always appreciated her generosity and saw in her such simplicity and holiness Only four years after her death she was canonized a saint
