Richard J. Foster

Souls Humiliation 164:

Chronicling the Soul's Windings John H. Ball, 1992 The Reverend Thomas Hooker 1586 1647 founder of the Connecticut colony was a Calvinist pastor and teacher of great importance to both Old and New England To many today Hooker is best known for his last great work A Survey of the Summe of Church Discipline 1648 his definitive defense of the congregational way This study attempts to demonstrate that Hooker was first and foremost a physician of the soul who specialized as a psychologist of conversion therein lay his greatest contribution to church and society rather than as is also often thought his role as the first democrat Contents The Life and Work of Thomas Hooker Hooker s Morphology of Conversion Contextual Considerations Hooker s Morphology of Conversion Early Formulations Hooker s Preparationist Theology as Formulated in His Writings from the Antinomian Period and Beyond **Spiritual Progress, Or, Instructions in the Divine Life of the Soul** James W. Metcalf, 1853 **Great Soul** Joseph Lelyveld, 2012-04-03 A highly original stirring book on Mahatma Gandhi that deepens our sense of his achievements and disappointments his success in seizing India s imagination and shaping its independence struggle as a mass movement his recognition late in life that few of his followers paid more than lip service to his ambitious goals of social justice for the country s minorities outcasts and rural poor A revelation Lelyveld has restored human depth to the Mahatma Hari Kunzru The New York Times Pulitzer Prize winner Joseph Lelyveld shows in vivid unmatched detail how Gandhi s sense of mission social values and philosophy of nonviolent resistance were shaped on another subcontinent during two decades in South Africa and then tested by an India that quickly learned to revere him as a Mahatma or Great Soul while following him only a small part of the way to the social transformation he envisioned The man himself emerges as one of history s most remarkable self creations a prosperous lawyer who became an ascetic in a loincloth wholly dedicated to political and social action Lelyveld leads us step by step through the heroic and tragic last months of this selfless leader s long campaign when his nonviolent efforts culminated in the partition of India the creation of Pakistan and a bloodbath of ethnic cleansing that ended only with his own assassination India and its politicians were ready to place Gandhi on a pedestal as Father of the Nation but were less inclined to embrace his teachings Muslim support crucial in his rise to leadership soon waned and the oppressed untouchables for whom Gandhi spoke to Hindus as a whole produced their own leaders Here is a vital brilliant reconsideration of Gandhi s extraordinary struggles on two continents of his fierce but finally unfulfilled hopes and of his ever evolving legacy which more than six decades after his death still ensures his place as India s social conscience and not just India s Stirring of Soul in the Workplace Alan Briskin, 1998-03-12 Essential reading for those who d like to find more meaning in their jobs The Stirring of Soul in the Workplace offers ways to balance a personal spiritual path with job realities and expectations **Soul Recreation** Tom Schwanda, 2012-04-11 Spiritually there is a great hunger today for contemplative and more satisfying experiences with God Puritanism might seem to be an unlikely source for this yet few groups in the history of Christian spirituality have written more extensively or wisely on the subject Isaac

Ambrose 1604 64 a relatively forgotten English Puritan developed a theological foundation for the spiritual life based upon the Christian's intimate union with Christ which the Puritans often called spiritual marriage Schwanda demonstrates that this vibrant relationship of union and communion with Jesus inspired by the Holy Spirit was manifested in a deep contemplative piety of gazing lovingly and gratefully upon God At the same time Ambrose did not neglect loving his neighbors This study reveals how heavenly meditation was one of the significant practices engaged by Ambrose to cultivate spiritual intimacy and enjoyment of God Further his experiential reading of Scripture in particular the Song of Songs provided him with a language of ravishment and delight in God This book provides a distinctively Protestant foundation for recovering the contemplative life while recognizing the significant contributions of the Western Catholic tradition

Collected Essays Haym Soloveitchik,2020-11-04 Continuing his major contribution to medieval Jewish intellectual history Haym Soloveitchik focuses here on the radical German Pietists and their main literary work *Sefer asidim* and on the writings and personality of the Provençal commentator Ravad of Posqui res In both areas he challenges reigning views and sets a new agenda for research

Defy Gravity Caroline Myss,2011-01-15 New York Times best selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical it is also a mystical phenomenon that transcends reason Inspired by ordinary people who overcame a wide array of physical and psychological ailments from rheumatoid arthritis to cancer Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings Based on these studies she demonstrates how conventional and holistic medicine often fall short in times of need Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional psychological or spiritual influences behind any ailment Integral to this mystical healing approach is the engagement of the soul which we experience through exploring our seven shadow passions building an empowered inner self around our seven inherent graces and learning how to work with the mystical laws that govern it This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought You can heal any illness You can channel grace And you can learn to live fearlessly

Falling Upward Richard Rohr,2011-04-19 A fresh way of thinking about spirituality that grows throughout life In *Falling Upward* Fr Richard Rohr seeks to help readers understand the tasks of the two halves of life and to show them that those who have fallen failed or gone down are the only ones who understand up Most of us tend to think of the second half of life as largely about getting old dealing with health issues and letting go of life but the whole thesis of this book is exactly the opposite What looks like falling down can largely be experienced as falling upward In fact it is not a loss but somehow actually a gain as we have all seen with elders who have come to their fullness Explains why the second half of life can and should be full of spiritual richness Offers a new view of how spiritual growth happens loss is gain Richard Rohr is a regular contributing writer for *Sojourners* and *Tikkun* magazines This important book explores the counterintuitive message that we grow spiritually much more by doing wrong than by doing right

The Ring of Truth Roger Scruton,2017-11-21 Nothing in opera is grander than *The Ring* no work more suited to the deep reading the writer gives here Opera News Richard Wagner's *Ring of the Nibelung* is one of the greatest works of art created in modern times and has fascinated both critics and devotees for over a century and a half No recent study has examined the meaning of Wagner's masterpiece with the attention to detail and intellectual power that Roger Scruton brings to it in this inspiring account *The Ring of Truth* is an exploration of the drama music symbolism and philosophy of *The Ring* from a writer whose knowledge and understanding of the Western musical tradition are the equal of his capacities as a philosopher Scruton shows how through musical connections and brilliant dramatic strokes Wagner is able to express truths

about the human condition which few other creative artists have been able to convey so convincingly For Wagner writes Scruton the task of art is to show us freedom in its immediate contingent human form reminding us of what it means to us Even if we live in a world from which gods and heroes have disappeared we can by imagining them dramatize the deep truths of our condition and renew our faith in what we are Love death sacrifice and the liberation that we win through sacrifice these are the great themes of The Ring as they are of this book Scruton s passionate and moving interpretation allows us to understand more fully than ever how Wagner conveys his ideas about who we are and why TheRing continues to be such a hypnotically absorbing work Scruton s presentation is grounded throughout in a deep understanding of the culture of Wagner s era the writing is clear and persuasive Library Journal starred review A fascinating and valuable study Sunday Times
