Sound And Fury The Making Of The Punditocracy:

Sound and Fury Eric Alterman,1999 Our economy our security and most particularly our democracy are imperiled by the decrepit state of our national political discourse We lack the ability as a nation to conduct a simple sensible and civil conversation about the choices we face The punditocracy is a tiny group of highly visible political pontificators who make their living offering inside political opinions and forecasts in the elite national media And it is their debate rather than any semblance of a democratic one that determines the parameters of political discourse in the nation today Introduction

propaganda and lazy mainstream media analysis to demonstrate that genuine change will come to America only when people care enough to challenge the system

The Republican Noise Machine David Brock, 2005 Bestselling author David Brock documents the most important political development of the last thirty years How the Republican Right has won political power and hijacked public discourse in the United States Over the last several decades the GOP has built a powerful media machine newspapers and magazines think tanks talk radio networks op ed columnists the FOX News Channel Christian Right broadcasting book publishers and high traffic Internet sites to sell conservatism to the public and discredit its opponents David Brock's penetrating analysis of news stories from the disputed 2000 presidential election to the war in Iraq to the political battles of 2004 reveals that this booming right wing media market is largely based on bigotry ignorance and emotional manipulation closely tied to America's long standing cultural divisions and the buying power of anti intellectual traditionalists Writing with verve and deep insight Brock reaches far beyond typical bromides about media bias to produce an invaluable account of the rise of right wing media and its political consequences
