The Far Horizons:

FAR Horizons, 1975 The Far Horizons Michael Wagman, 1980-01-01 The Far Horizons, 2013 The Far Horizon Lucas Malet, 1906 1906 Lucas Malet was the pen name of English novelist Mrs Mary St Leger Harrison The author's first novel since *The History of Sir Richard Calmady* It begins Dominic Iglesias stood watching while the lingering June twilight darkened into night He was tired in body but his mind was eminently consciously awake to the point of restlessness and this was unusual with him He had raised the lower sash of each of the three tall narrow windows to its extreme height since the first floor sitting room though of fair proportions appeared close His thought refused the limits of it and ranged outward over the expanse of Trimmer's Green the roadway and houses bordering it to the far northwest that region of hurried storm of fierce equinoctial passion and conflict now paved with plaques of flat dingy violet cloud opening on smoky rose red wastes of London sunset All day thunder had threatened but had not broken And even yet the face of heaven seemed less peaceful than remonstrant a sullenness holding it as of troops in retreat denied satisfaction of imminent battle **The Far Horizon** Lucas Malet, 2024-03-12 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision *The Far Horizons* Celia G. Thomas, 2003-01-01 **The Far Side of Promise Anthology** Matthew S. Cox, 2019-07-09 The Far Side of Promise is an anthology of short stories spanning cyberpunk high fantasy psychological horror and science fiction In the titular story a jaded deep space miner sets out on a desperate bid for real food The boundary between the virtual and real worlds becomes an Ouroboros Alex Grant always gets what he wants until he gets what he deserves in The Tower Many people hide skeletons in their closets but in The Roommate Roy talks to his At age ten Kirsten Wren's mother tried to kill her To survive she followed a ghost Into the Beneath In A Queen's Lament a young monarch copes with love betrayal and demons In Evergreen seventeen year old Harper and her little sister find themselves alone after nuclear war Neris dreams constantly of A Ghost Among Fireflies an unseen force compelling her to visit a dangerous destroyed world *Writing History with Lightning* Matthew Christopher Hulbert, John C. Inscoe, 2019-02-05 Films possess virtually unlimited power for crafting broad interpretations of American history Nineteenth century America has proven especially conducive to Hollywood imaginations producing indelible images like the plight of Davy Crockett and the defenders of the Alamo Pickett's doomed charge at Gettysburg the proliferation and destruction of plantation slavery in the American South Custer's fateful decision to divide his forces at Little Big Horn and the onset of immigration and industrialization that saw Old World lifestyles and customs dissolve amid rapidly changing environments Balancing historical nuance with passion for cinematic narratives *Writing History with Lightning* confronts how movies about nineteenth century America influence the ways in which mass audiences remember understand and envision the nation's past In these twenty six essays divided by the editors into sections on topics like frontiers slavery the Civil War the Lost Cause and the West notable historians engage with films and the historical events

they ostensibly depict Instead of just separating fact from fiction the essays contemplate the extent to which movies generate and promulgate collective memories of American history Along with new takes on familiar classics like *Young Mr Lincoln* and *They Died with Their Boots On* the volume covers several films released in recent years including *The Revenant* *12 Years a Slave* *The Birth of a Nation* *Free State of Jones* and *The Hateful Eight* The authors address Hollywood epics like *The Alamo* and *Amistad* arguing that these movies flatten the historical record to promote nationalist visions The contributors also examine overlooked films like *Hester Street* and *Daughters of the Dust* considering their portraits of marginalized communities as transformative perspectives on American culture By surveying films about nineteenth century America *Writing History with Lightning* analyzes how movies create popular understandings of American history and why those interpretations change over time

Far Horizons Bob Mauldin,2020-04-03 The Terran Alliance looks to the horizon as they explore the far reaches of the galaxy The Korvil have attacked Earth setting into motion a full scale war that humans have little hope of surviving on their own In the heat of battle the Shiravans come to their rescue turning the tide of the enemy invasion This forms a tentative peace between the two races but there are many more steps before reaching a full alliance The aftermath of the attack on Earth leaves millions dead and mixed emotions between the earthbound nations and the spacefaring Alliance Tensions rise as governments try to infiltrate the organization in order to gain an upper hand in world politics however the Alliance has bigger fish to fry as they learn more about their new enemy the Korvil Like something from a science fiction book the massive bear like creatures know nothing of peace or mercy only of power and war They will stop at nothing until they are the alpha race of the galaxy no matter who they have to kill even their own As the war continues Kitty Hawk Herald of the Terran Alliance accompanies a few ships to the Shiravan homeworld in hopes of cementing their partnership to defeat this threat As she reaches the alien world she realizes there is more than meets the eye with this peaceful race Will the leader of the Alliance be able to come to terms with the Matriarch or will humans now face two powerful threats instead of one
