Mendacity and the Figure of the Liar in Seventeenth-Century French Comedy Emilia

Wilton-Godberfforde, 2017-06-14 The first book length study devoted to this topic Mendacity and the Figure of the Liar in Seventeenth Century French Comedy offers an important contribution to scholarship on the theatre as well as on early modern attitudes in France specifically on the subject of lying and deception Unusually for a scholarly work on seventeenth century theatre it is particularly alert to plays as performed pieces and not simply printed texts The study also distinguishes itself by offering original readings of Moli re alongside innovative analyses of other playwrights The chapters offer fresh insights on well known plays by Moli re and Pierre Corneille but also invite readers to discover lesser known works of the time by writers such as Bensérade Thomas Corneille Dufresny and Rotrou Through comparative and sustained close readings including a linguistic and speech act approach a historical survey of texts with an analysis of different versions and a study of irony the reader is shown the manifest ways in which different playwrights incorporate the comedic tropes of lying and scheming confusion and unmasking Drawing particular attention to the levels of communicative or mis communicative exchanges on the character to character axis and the character to audience axis this work examines the process whereby characters in the comedies construct narratives designed to trick misdirect dazzle confuse or exploit their interlocutors In the different incarnations of seducer parasite cross dresser duplicitous narrator messenger and deluded mythomaniac the author underscores the way in which the figure of the liar both entertains and troubles making it a fascinating subject worthy of detailed investigation

The Figure of Hagar in Ancient Judaism and

Galatians Ryan Heinsch, 2022-10-11 In this study Ryan Heinsch considers Paul s portrayal of Hagar in Gal 4 21 31 and argues that Paul stands in continuity with ancient Judaism in that he portrays Hagar and her descendants as non Jews As a result the author demonstrates that the passage in Galatians is an allegory Paul develops about the experience of gentiles in general and the once pagan Galatian gentiles in particular

The Figure of Abraham in John 8 Ruth Sheridan, 2020-01-09 In the Gospel of John the character of Jesus repeatedly comes into conflict with a group pejoratively designated as the Jews In chapter 8 of the Gospel this conflict could be said to reach a head with Jesus labeling the Jews as children of the devil 8 44 a verse often cited as epitomizing early Christian anti Judaism Using methods derived from modern and post modern literary criticism Ruth Sheridan examines textual allusions to the biblical figures of Cain and Abraham in John 8 1 59 She pays particular attention to how these allusions give shape to the Gospel s alleged and infamous anti Judaism exemplified in John 8 44 Moreover the book uniquely studies the subsequent reception in the Patristic and Rabbinic literature not only of John 8 but also of the figures of Cain and Abraham It shows how these figures are linked in Christian and Jewish imagination in the formative centuries in which the two religions came into definition
