The House That Ruth Built Robert Weintraub, 2025-05-01 The untold story of Babe Ruth's Yankees John McGraw's Giants and the extraordinary baseball season of 1923 Before the 27 World Series titles before Joe DiMaggio Mickey Mantle and Derek Jeter the Yankees were New York's shadow franchise They hadn't won a championship and they didn't even have their own field renting the Polo Grounds from their cross-town rivals the New York Giants In 1921 and 1922 they lost to the Giants when it mattered most in October But in 1923 the Yankees played their first season on their own field the newly built state-of-the-art baseball palace in the Bronx called the Yankee Stadium The stadium was a gamble erected in relative outerborough obscurity and Babe Ruth was coming off the most disappointing season of his career a season that saw

his struggles on and off the field threaten his standing as a bona fide superstar It only took Ruth two at bats to signal a new era He stepped up to the plate in the 1923 season opener and cracked a home run to deep right field the first homer in his park and a sign of what lay ahead It was the initial blow in a season that saw the new stadium christened The House That Ruth Built signaled the triumph of the power game and established the Yankees as New York s and the sport s team to beat From that first home run of 1923 to the storybook World Series matchup that pitted the Yankees against their nemesis from across the Harlem River one so acrimonious that John McGraw forced his Giants to get to the Bronx in uniform rather than suit up at the Stadium Robert Weintraub vividly illuminates the singular year that built a classic stadium catalyzed a franchise cemented Ruth s legend and forever changed the sport of baseball

Health, Wealth, and Happiness David W. Jones, Russell S. Woodbridge, 2017-07-25 Be faithful in your giving and God will reward you financially It s not always stated that blatantly but the promises of the Prosperity Gospel or the name it and claim it gospel the health and wealth gospel the word of faith movement or positive confession theology are false Yet its message permeates the preaching of well known Christian leaders Joyce Meyer T D Jakes Joel Osteen Creflo Dollar Kenneth and Gloria Copeland and many more The appeal of this teaching crosses racial gender denominational and international boundaries Why are otherwise faithful Christians so easily led astray Because the Prosperity Gospel contains a grain of biblical truth greatly distorted For anyone who knows that Prosperity Gospel theology is wrong but has trouble articulating and refuting the finer points this concise edition contains all the robust arguments of the hard hitting original edition in a shorter more accessible form

Gateway of the Gods Craig Hines,2007-01-09 This ground breaking and provocative book presents new and astonishing interpretations of ancient history mythology and world religions that will call many established beliefs into question In *Gateway of the Gods* author Craig Hines invites readers to reconsider preconceived notions concerning Biblical theology in light of recent scientific discoveries and inquiries concerning the nature of the universe This fascinating exploration reveals a number of ideas that have been suppressed and obscured behind layers of symbolism and misguided propaganda for thousands of years until now Why is it that so many world cultures share details of an event when fallen angels descended upon the earth and fathered hybrid offspring called the Nephilim Is it possible that these beings used gateway technology housed within pyramids and holy temples to travel between the heavenly and earthly realms Do the latest advances in theoretical physics lend credibility to the idea that otherworldly beings might reside in dimensions parallel to our own Do the recorded voices of the dead known as Electronic Voice Phenomena EVP indicate that we may be able to communicate with these other realms Was a secret message embedded within ancient texts that could only be revealed after we have attained the knowledge and technology necessary to understand it Does this message offer a solution to the approaching environmental disaster that scientists warn will be more devastating to human civilization than any others in recorded history Drawing from a variety of historical sources and years of meticulous research the author weaves together a compelling argument involving a range of seemingly disparate topics that when considered together formulate a radically new narrative concerning the history and destiny of the human race
