The Fascist Challenge And The Policy Of Appeasement:

The Fascist Challenge and the Policy of Appeasement Wolfgang J. Mommsen, Lothar Kettenacker, 2021-11-21 This book first published in 1983 illustrates the domestic and internal dimension of appeasement and explores the political options open to the western powers in the run up to the Second World War It looks at the factors pointing in the direction of a general settlement with the dictators limitation of resources and strategic over commitment by Britain economic decline and financial exhaustion of France lack of support from the United States and the Soviet Union **Franklin Roosevelt's**

Foreign Policy and the Welles Mission J. Rofe, 2007-06-11 A new and original analysis of the mission undertaken by FDR's Secretary of State during the Phoney War Rofe's work explains the motivations and goals of Roosevelt through an analysis of the president's foreign policy and of the nature of the Anglo American relationship of the time Appeasement in

International Politics Stephen R. Rock, 2000 Since the 1930's appeasement has been labeled as a futile and possibly dangerous policy In this landmark study Stephen Rock seeks to restore appeasement to its proper place as a legitimate and potentially successful diplomatic strategy Appeasement was discredited by Neville Chamberlain's disastrous attempt to satisfy Adolf Hitler's territorial ambitions and avoid war in 1938 Rock argues however that there is very little evidence to support the belief that dissatisfied states and their leaders cannot be appeased or that appeasement undermines a state's credibility in later attempts **The Ideological Origins of Great Power Politics, 1789-1989** Mark L. Haas, 2018-09-05

How do leaders perceive threat levels in world politics and what effects do those perceptions have on policy choices Mark L. Haas focuses on how ideology shapes perception He does not delineate the content of particular ideologies but rather the degree of difference among them Degree of ideological difference is he believes the crucial factor as leaders decide which nations threaten and which bolster their state's security and their own domestic power These threat perceptions will in turn impel leaders to make particular foreign policy choices Haas examines great power relations in five periods the 1790s in Europe the Concert of Europe 1815-1848 the 1930s in Europe Sino Soviet relations from 1949 to 1960 and the end of the Cold War In each case he finds a clear relationship between the degree of ideological differences that divided state leaders and those leaders' perceptions of threat level and so of appropriate foreign policy choices These relationships held in most cases regardless of the nature of the ideologies in question the offense defense balance and changes in the international distribution of power *Anglo-Italian Relations in the Middle East, 1922-1940* Massimiliano Fiore, 2016-04-15 Between 1923 and 1934 Britain and Italy waged war by proxy in the Middle East Behind the appearance of European collaboration relations between London and Rome in the Red Sea were notably tense Although realistically Mussolini could not establish or maintain colonies in the Arabian Peninsula in the face of British opposition his regime undertook a number of initiatives in the region to enhance Italo Arab relations and to pave the way for future expansion once the balance of power in Europe had shifted in Italy's favour This book examines four key aspects of relations between Britain and Italy in the Middle East in the

interwar period the confrontation between London and Rome for political influence among Arab leaders and nationalists the competition for commercial and trade advantages in the region the Anglo Italian propaganda war to win the hearts and minds of the Arab populations and the secret world of British and Italian espionage and intelligence An in depth analysis of these four key areas demonstrates how Anglo Italian relations broke down over the interwar period and enhances our knowledge and understanding of the factors leading up to the widening of the Second World War in the Mediterranean This book is essential reading for scholars concerned with Anglo Italian relations the activities of the Powers in the Middle East and the tensions between the colonial powers Chamberlain and the Lost Peace John Charmley,1999-05-27 An important new reappraisal of the immediate origins of World War II Entertaining and absorbing Chamberlain hardly emerges a hero from these pages but at least there is no excuse left for regarding him as no more than a wimp in a wing collar The Guardian

From Versailles to Pearl Harbor Margaret Lamb,Nicholas Tarling,2017-03-14 In 1941 the European war became a world war This book tackles that process in its economic political and ideological dimensions Margaret Lamb and Nicholas Tarling explore the significance of the Asian factor and the importance of East Asia in the making of the war in Europe and the transformation of the European war of 1939 into the world war of 1941 This Asian factor has often been neglected but the policies of all the major powers were affected by their world wide interests France had its possessions in North Africa and Asia Nazi Germany chose to become involved in China and to make an agreement with Japan Britain s action in Europe and the Mediterranean were conditioned by its commitments elsewhere in the world and the United States and the Soviet Union were both involved in Europe and Asia In particular the threat that Japan presented to the status quo in East Asia made it difficult for the war in Europe in turn affected the position in East Asia The US built a two ocean navy and encouraged the British to continue their struggle by keeping the resources of South East Asia available and these steps led to a clash with the Japanese Lamb and Tarling s global approach throws valuable new light on the origins of the Second World War The Challenge of Hegemony Steven E. Lobell,2009-12-14 Examines the influence of the international environment on the domestic politics of great powers and the resulting effect on foreign policy **Harold Temperley** John D. Fair,1992 Harold Temperley was a leading Cambridge diplomatic historian of the interwar period and Master of Peterhouse at the time of his death in 1939 This biography sheds new light on the development of the British historical profession and contributes to our understanding of Cambridge life in the early twentieth century It focuses on how Temperley s work affected the larger worlds of intellectual life and international politics outside his college A basic premise of this study is that Temperley was influenced by spiritual factors especially the romantic literature and cultures of eastern Europe He also exhibited from his Victorian upbringing a great confidence in the rightness of his own country s liberal institutions in the Gladstone Acton mode and constantly sought intervention in the realm of public affairs Early chapters lay a basis for Temperley s moral worldview and show how he and other scholars of the Cambridge History School struggled over whether history should be valued for its

own sake or whether it should be regarded as a school for statesmanship During World War I Temperley entered the active life After brief service in Gallipoli he was assigned to the War Office where he gathered intelligence on the Balkans and daily influenced British policy through his knowledge of that area and his ability to get on with the right people At the end of the war he served as an agent on mission in southeastern Europe and was a member of the British delegation at the Paris Peace Conference Vehemently anti Italian Temperley was instrumental in frustrating Italian Irredentist aims along the eastern Adriatic Later he represented Britain on the Albanian boundary commission and served as a special advisor to A J Balfour with Britain s League of Nations delegation in Geneva in 1921 Between the wars Temperley continued to mingle with persons in the highest echelons of government and academic affairs throughout Britain Europe and America He gained notoriety for his compilation with G P Gooch of British Documents on the Origins of the War This tempestuous story adds substantially to U F G Eyck s biography of Gooch Temperley also initiated The Cambridge Historical Journal and wrote a textbook with A J Grant entitled Europe in the Nineteenth and Twentieth Centuries which is still used in many British educational institutions His most famous pupil was Herbert Butterfield whose seminal idea and book The Whig Interpretation of History was influenced by continuous contacts with his mentor at Peterhouse As president of the International Historical Congress as well as through a continuous outpouring of scholarly works Temperley was an influential figure in the historical profession in the 1930s However his greatest influence occurred in the public realm when Neville Chamberlain read Temperley s book The Foreign Policy of Canning as he was formulating plans for a settlement of the Czechoslovakian problem in 1938 This work created an appealing historical parallel between George Canning s ideas in the 1820s and his own approach to Hitler and it had a definite impact on Chamberlain s conduct during the Munich crisis
