

**There can be freedom from fear
only when there is self-knowledge.
Self-knowledge is the beginning of
wisdom, which is the ending of fear.**

The Fear Of Freedom

Francis Biddle

The Fear Of Freedom:

The Fear of Freedom Erich Fromm, 2021-02-25 Erich Fromm sees right to the heart of our contradictory needs for community and for freedom like no other writer before or since In Fear of Freedom Fromm warns that the price of community is indeed high and it is the individual who pays Fascism and authoritarianism may seem like receding shadows for some but are cruel realities for many Erich Fromm leaves a valuable and original legacy to his readers a vastly increased understanding of the human character in relation to society At the beginning of the 21st century it is more important than ever to be aware of his powerful message Listen and take heed The Fear Of Freedom Francis Biddle, 1971-03-21

Escape from Freedom Erich Fromm, 1994 Originally published New York Farrar Reinhart 1941 **The Fear of Freedom** Francis Beverley Biddle, 1971 7,000 Million Degrees of Freedom Sehdev Kumar, 2019-02-26 Personal meditations on the wondrous and exalted idea of Freedom in all its rich and varied fecundity Now with over 7 000 million of us on this earth what could freedom possibly mean for us as earthlings and as dreaming creatures always asking at every bend in the road about the meaning and purpose of our lives and the yearning to cut the rope and be free Freedom is at the heart of creation these beautifully expressed thoughts on the meaning of freedom in our intricate and challenging world by an original and provocative thinker are a delight to read Dr Khalid Sohail Psychotherapist Poet Canada In the company of great thinkers philosophers and poets of all ages and honed by the testimony of all that is good and evil in mankind Sehdev Kumar has presented before us a resounding YES to the centuries old question Am I my brother s keeper Dr M ximo Bar n Plenary Professor of Physics and Epistemology Universidad de Belgrano Buenos Aires Argentina **The Fear of Freedom** Francis Biddle, 1951 **The Constitution of Freedom** András Sajó, Renáta Uitz, 2017-11-04 Constitutional democracy is more fragile and less natural than autocracy While this may sound surprising to complacent democrats more and more people find autocracy attractive because they were never forced to understand or imagine what despotism is Generations who have lived in stable democracies with the promise that their enviable world will become the global normal find government rule without constitutionalism difficult to conceive It is difficult but never too late to see one s own constitutional system as something that is fragile or up for grabs and in need of constant attention and care In this book Andras Sajo and Renata Uitz explore how constitutionalism protects us and how it might be undone by its own means Sajo and Uitz s intellectual history of the constitutional ideal is rich in contextual detail and informed by case studies that give an overview of both the theory and practice of constitutionalism worldwide Classic constitutions are contrasted with twentieth century and contemporary endeavours and experimentations in checks and balances Their endeavour is neither apologetic and certainly not celebratory nor purely defensive this book demonstrates why constitutionalism should continue to matter Between the rise of populist anti constitutional sentiment and the normalization of the apparatus of counter terrorism it is imperative that the political communities who seek to sustain democracy as freedom understand the importance of constitutionalism This

book is essential reading for students of law and general readers without prior knowledge of the field as well as those in politics who believe they know how government works It shows what is at stake in the debate on constitutionalism

The Practice of Freedom Wendy Palmer, 2021-04-27 Drawing on the poetic wisdom of the Tao Te Ching American sensei Wendy Palmer translates the powerful teachings of aikido for use in everyday life With poignant reflections on her own life including teaching inmates in a woman's federal prison she describes how we can regain our sense of freedom vitality and integrity when under the duress of life's attacks by transforming our negativity into budo or unconditional love The Practice of Freedom is invaluable not only for students of aikido and other movement and martial arts but also for those who seek to live with confidence and self reliance to establish clear and compassionate boundaries and to deepen their capacities for relationships

The Art of Freedom Juliane Rebutisch, 2018-03-15 The concept of democratic freedom refers to more than the kind of freedom embodied by political institutions and procedures Democratic freedom can only be properly understood if it is grasped as the expression of a culture of freedom that encompasses an entire form of life Juliane Rebutisch's systematic and historical approach demonstrates that we can learn a great deal about the democratic culture of freedom from its philosophical critics From Plato to Carl Schmitt the critique of democratic culture has always been articulated as a critique of its aestheticization Rebutisch defends various phenomena of aestheticization from the irony typical of democratic citizens to the theatricality of the political as constitutive elements of democratic culture and the notion of freedom at the heart of its ethical and political self conception This work will be of particular interest to students of Political Theory Philosophy and Aesthetics

Volume 13: Kierkegaard's Influence on the Social Sciences Jon Stewart, 2016-12-05 Kierkegaard has long been known as a philosopher and theologian but his contributions to psychology anthropology and sociology have also made an important impact on these fields In many of the works of his complex authorship Kierkegaard presents his intriguing and unique vision of the nature and mental life of human beings individually and collectively The articles featured in the present volume explore the reception of Kierkegaard's thought in the social sciences Of these fields Kierkegaard is perhaps best known in psychology where The Concept of Anxiety and The Sickness unto Death have been the two most influential texts With regard to the field of sociology social criticism or social theory Kierkegaard's Literary Review of Two Ages has also been regarded as offering valuable insights about some important dynamics of modern society
