The Film Fetish

Kenneth Marc Harris

The Film Fetish New Connections Vol 8

Theodor W Adorno

The Film Fetish New Connections Vol 8:

The Film Fetish Kenneth Marc Harris, 1992 This study discusses definitions of fetishism as they apply to film theory using psychological concepts from Freud and Lacan and Western Marxist concepts The author attempts to extend feminist film theory on the subject of fetishism by going beyond gender to spectatorial responses to specific presentations Fetishism is linked to the affective power of film and is located in its time stopping effect The book examines empathic identification and also considers racism and the erotic as commodified in film Films discussed include Casablanca Sirk's Magnificent Obsession The Harder They Come and Fort Apache **Subject Guide to Books in Print**, 1993 *Jahresbibliographie Massenkommunikation*, 1992 *Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen*, 1994 **Das Schweizer Buch**, 1993 **Copyright Vigilantes** Ezra Claverie, 2024-05-28 Copyright Vigilantes Intellectual Property and the Hollywood Superhero explains superhero blockbusters as allegories of intellectual property relations In movies based on characters owned by the comics duopoly of DC and Marvel no narrative recurs more often than a villain's attempt to copy the superhero's unique powers In this volume author Ezra Claverie explains this fixation as a symptom of the film's mode of production Since the 1930s the dominant American comics publishers have treated the creations of artists and writers as work for hire such that stories and characters become company property Thus publishers avoided sharing the profits both from magazine sales and from licensing characters into other media For decades creators have challenged this regime demanding either shares of profits or outright ownership of their creations Now that the duopoly rents licenses and adapts superheroes for increasingly expensive franchises and for growing international audiences any challenge to intellectual property relations threatens a production regime worth billions of dollars Duopoly movies therefore present any attempt to break the superhero's monopoly on their powers as the scheme of terrorists mad scientists or space Nazis assuaging studio anxieties and revealing the fears of those who benefit most from the real world ownership of superheroes Weaving together legal analysis Marxist political economy and close readings of movies Copyright Vigilantes explains the preoccupations of Hollywood's leading genre *Look, a Negro!* Robert Gooding-Williams, 2013-11-26 In *Look a Negro* political theorist Robert Gooding-Williams imaginatively and impressively unpacks fundamental questions around race and racism Inspired by Frantz Fanon's famous description of the profound effect of being singled out by a white child with the words Look a Negro his book is an insightful rich and unusually wide ranging work of social criticism These essays engage themes that have dominated debates on race and racial identity in recent years the workings of racial ideology including the interplay of gender and sexuality in the articulation of racial ideology the viability of social constructionist theories of race the significance of Afrocentrism and multiculturalism for democracy the place of black identity in the imagination and articulation of America's inheritance of philosophy and the conceptualization of African American politics in post segregation America *Look a Negro* will be of interest to philosophers

political theorists critical race theorists students of cultural studies and film and readers concerned with the continuing importance of race consciousness to democratic culture in the United States The Culture Industry Theodor W Adorno, 2020-07-24 The creation of the Frankfurt School of critical theory in the 1920s saw the birth of some of the most exciting and challenging writings of the twentieth century It is out of this background that the great critic Theodor Adorno emerged His finest essays are collected here offering the reader unparalleled insights into Adorno's thoughts on culture He argued that the culture industry commodified and standardized all art In turn this suffocated individuality and destroyed critical thinking At the time Adorno was accused of everything from overreaction to deranged hysteria by his many detractors In today's world where even the least cynical of consumers is aware of the influence of the media Adorno's work takes on a more immediate significance The Culture Industry is an unrivalled indictment of the banality of mass culture

Forthcoming Books Rose Arny, 1999-08 **Home Away from Home** N. Michelle Murray, 2018-12-28 Home Away from Home Immigrant Narratives Domesticity and Coloniality in Contemporary Spanish Culture examines ideological emotional economic and cultural phenomena brought about by migration through readings of works of literature and film featuring domestic workers In the past thirty years Spain has experienced a massive increase in immigration Since the 1990s immigrants have been increasingly female as bilateral trade agreements migration quotas and immigration policies between Spain and its former colonies including the Dominican Republic Ecuador Equatorial Guinea and the Philippines have created jobs for foreign women in the domestic service sector These migrations reveal that colonial histories continue to be structuring elements of Spanish national culture even in a democratic era in which its former colonies are now independent Migration has also transformed the demographic composition of Spain and has created complex new social relations around the axes of gender race and nationality Representations of migrant domestic workers provide critical responses to immigration and its feminization alongside profound engagements with how the Spanish nation has changed since the end of the Franco era in 1975 Throughout Home Away from Home readings of works of literature and film show that texts concerning the transnational nature of domestic work uniquely provide a nuanced account of the cultural shifts occurring in late twentieth through twenty first century Spain

Decoding **The Film Fetish New Connections Vol 8**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
