## **The Firm Foundation Of Mormonism:**

The Firm Foundation of Mormonism Kirk Holland Vestal, Arthur Wallace, 1981-01-01      **THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS AND SCIENCE** Joseph Mark Holmes, 2024-05-23 The first section of the trilogy deals with epistemology The approaches to determine what is true in the author s religion and science use are discussed and shown to be somewhat similar The fundamental beliefs of both religion and science are based on metaphysical assumptions that cannot be proven true with empirical evidence In the second part of the trilogy seven essential metaphysical assumptions of the author s faith are discussed They are shown to be reasonable beliefs based on respected theories of quantum physics relativity the big bang superstrings evolution psychology geology and anthropology The third section of the trilogy deals with beliefs about the creation of the earth Each of the seven days of the creation story in Genesis are reinterpreted based on the finding of science and beliefs of the LDS Church This includes a form of evolution and pre Adamic man It is consistent with the writer s religious faith      Ancient Texts And Mormonsim Discovering the Roots of the Eternal Gospel in Ancient Israel and the Primitive Church Volume 1 Third Revised and Enlarged Edition Dr. Eugene Seaich, 2016-10-19 Showing that Mormonism is a genuine restoration of Primitive Christianity To demonstrate to Latter Day Saints that Mormonism is what it exactly what it claims to be a genuine restoration of the Gospel Mormonism is an genuine restoration of the Gospel as it was taught by disciples of the Primitive Church This is important because through out the world Mormonism is labeled as a non scriptural non Christian cult which departs in alarming in alarming ways from the traditional concepts of the bible The claim that Mormonism is a cult and not a Christian religion is based on the fact that Mormonism accepts none of the traditional creeds of orthodoxy The chief difficulty with this assessment is that so called orthodoxy never existed before the fourth or fifth centuries until the Church s original teachings had been radically altered by Greek informed metaphysical concepts bearing little relationship to the thought of the earliest Christians      Mormonism Against Itself Raymond D. Moore, 2001-08 This is fascinating is a comment often made by those reading this book a product of years of scholarly research This most valuable handbook meets a timely need giving the Christian worker or any interested person material to refute Mormon claims The reader and Mormons themselves may be amazed at the complete reversal of doctrine which the Mormon Church experienced between 1830 when Joseph Smith brought out the Book of Mormon and 1844 when Joseph Smith was shot to death Thus the Mormon leaders in many instances contradicted themselves or their doctrine I have included extensive quotations from original sources since many are rare and difficult to find Forty four subjects of interest are organized alphabetically in the heart of the book making it a quick and easy tool for exposing errors and freeing Mormons from spiritual bondage At the close of the book is a short section summarizing the basic truths of the Holy Bible showing God s love and good news for all mankind as they believe and accept it This is to help an earnest seeker to find eternal life God s grace and forgiveness through our saviour Jesus Christ      **Of Faith and Reason: 80 Evidences**

**Supporting Joseph Smith** Michael R. Ash, 2023-02-02 In the early 1800s many people criticized the Prophet Joseph Smith for his prophecies and revelations today several evidences prove that Joseph was right Michael Ash a well known LDS apologist explains why it is useful and perhaps even necessary to combine reason with faith in our testimony of Joseph Smith He reminds us that although secular evidences can't replace a spiritual witness they can support a testimony and provide an atmosphere where a spiritual witness can flourish Using scholarly journal articles and ancient Jewish and Christian writings Ash provides evidences that show how the Book of Mormon is a true account of an ancient people how LDS scriptures are consistent with the traditions and culture of ancient Israel and how the doctrines of the Church accurately reflect the teachings of Christ Ash writes clearly and simply providing numerous resources to foster further study With over 80 evidences this book is an excellent resource for those seeking more information about Joseph Smith and his works

*Sharing the Good News with Mormons* Eric Johnson, Sean McDowell, 2018-06-05 How do you share the gospel with those who don't think they need it Someone you know is a Mormon a family member a coworker a friend or a neighbor and you long to present the truth about Jesus and what God's Word teaches But where do you start How can you convey what's on your heart in a way that will be well received Every relationship and situation is unique and that's why these essays from respected scholars apologists and pastors including Sandra Tanner Robert Bowman David Geisler Bill McKeever Mark Mittelberg J Warner Wallace Lynn Wilder and others lay out a variety of creative methods for sharing the gospel effectively so you can initiate authentic conversations respond with compassion and clarity to Mormon teachings understand your Mormon friends and find ways to keep the dialogue going Speaking the truth to Mormons can feel daunting when you're unprepared Let the suggestions in this book give you solid ideas for reaching those who are lost but don't realize it

**Another Jesus, a Different Spirit, a Different Gospel** Steven H. Propp, 2011-12-13 It's the Christmas season the most wonderful time of the year for most people in River City California But for Jehovah's Witnesses Lawrence and Brad it's a time for them to try to explain the truth about this holiday season to the people of the community Their earnest efforts may earn them ridicule disagreement or a door slammed rudely in their faces but they persist and are sometimes able to find a mind and heart receptive to their urgent message about Jehovah's coming Kingdom Whereas for Elders Skousen and Marshall two Latter-day Saint Mormon missionaries the season is another opportunity to share their Church's distinctive interpretation of the Christian gospel but their efforts are often rebuffed as well In the course of their work these two pairs of men engage in dialogue with traditional Christians as well as members of the Church of Christ the Community of Christ RLDS Seventh-day Adventists and Oneness Pentecostals not to mention skeptics atheists and the increasing numbers of people who lack any particular religious beliefs But when a local church brings in a researcher to give a series of lectures on Cults and specifically targeting the Jehovah's Witnesses and Mormons a confrontation is ensured where theological and biblical concepts collide in a public forum Who if anyone really has the Truth Can one still discover the true meaning of Christmas in the midst of

passionate disagreements over the validity of the holiday season Are objections raised about the secularization and rampant commercialism of the modern celebration valid Spend a holiday season or any other season with some interesting and intellectually stimulating characters as they explore these and other challenging questions Readers of the authors earlier novel *A Multicultural Christmas* will be pleased to see a brief reappearance of two characters from that book *Good News for Latter-Day Saints (Mormons)* Robert James, 2021-01-14 It is no exaggeration to say that the Mormons the Latter day Saints are a fascinating people Since 1830 they have been a part of the great mosaic of America Persecuted by mobs driven from place to place their incredible courage in the face of unrelenting hostility has wielded them into a formidable presence especially in the State of Utah Founded in New York State by the charismatic Joseph Smith Jr he said he was personally commissioned by God to restore pure Christianity to the world The Book of Mormon this most perfect book was his initial written binding revelation to his church Joseph Smith was a controversial figure in his day accused of being a fraud a racist a womanizer a disrupter of good morals and a dictator One thing he did do well was to gather people into his church make them believe in themselves and strengthen them into being a formidable force for Mormonism Smith led them through armed conflict against hostile neighbors even against government militias Gun battles and extreme violence were commonplace Eventually Joseph Smith was captured and assassinated all this by age forty Nobody was convicted of his murder Smith is perhaps the most understudied under estimated and misunderstood character in American history He was no ordinary man When his successor Brigham Young led the Latter day Saints to a place of sanctuary today s Salt Lake City Utah it was one of the most epic unifying journeys in American history In the past some of their unusual practices were total obedience to the leadership blood atonement and especially polygamy Some of these were discarded 1890 so today most Mormons are good neighbors However there are Mormon outlaws who still practice such unsavory things hoping to resume them all One goal of the early saints was to conquer Missouri next the entire country then the world Today the Mormon Church is one of the wealthiest and most powerful organizations on the planet Its influence and missionary outreach is worldwide As possibly the fastest growing faith in the world maybe someday they will succeed Then what will be next **The Latter-Day Saints' Millennial Star** ,1903 [The Routledge Handbook of Mormonism and Gender](#) Taylor Petrey, Amy Hoyt, 2020-04-30 The Routledge Handbook of Mormonism and Gender is an outstanding reference source to this controversial subject area Since its founding in 1830 the Church of Jesus Christ of Latter day Saints has engaged gender in surprising ways LDS practice of polygamy in the nineteenth century both fueled rhetoric of patriarchal rule as well as gave polygamous wives greater autonomy than their monogamous peers The tensions over women s autonomy continued after polygamy was abandoned and defined much of the twentieth century In the 1970s 1990s and 2010s Mormon feminists came into direct confrontation with the male Mormon hierarchy These public clashes produced some reforms but fell short of accomplishing full equality LGBT Mormons have a similar history These movements are part of the larger story of how Mormonism has managed changing

gender norms in a global context Comprising over forty chapters by a team of international contributors the Handbook is divided into four parts Methodological issues Historical approaches Social scientific approaches Theological approaches These sections examine central issues debates and problems including agency feminism sexuality and sexual ethics masculinity queer studies plural marriage homosexuality race scripture gender and the priesthood the family sexual violence and identity The Routledge Handbook of Mormonism and Gender is essential reading for students and researchers in religious studies gender studies and women s studies The Handbook will also be very useful for those in related fields such as cultural studies politics anthropology and sociology
