Stockman Owen Ullmann,1987-01-01 Based on first hand knowledge interviews and research this biography portrays the former director of the Office of Management and Budget as a success oriented workaholic whose economic vision resulted in the largest budget cuts in American history **Stockman** Owen Ullmann,1986 *God is a Conservative* Kenneth J.

Heineman,2005-10 From Billy Graham and Ronald Regan to Newt Gingrich and William Bennett this book provides an important look at the role of religion in conservative politics in modern America The author reveals the profoundly religious nature of contemporary conservatism offering an intriguing look at the social history of moral politics over the last three decades and the still tremulous aftershocks of the New Deal **The Age of Reagan: The Conservative**

Counterrevolution Steven F. Hayward,2010-11-02 Those who say that we re in a time when there are no heroes they just don t know where to look President Ronald Reagan January 20 1981 Hero It was a word most Americans weren t using much in 1980 As they waited on gas and unemployment lines as their enemies abroad grew ever more aggressive and as one after another their leaders failed them Americans began to believe the country s greatness was fading Yet within two years the recession and gas shortage were over Before the decade was out the Cold War was won the Berlin Wall came crashing down and America was once more at the height of prosperity And the nation had a new hero Ronald Wilson Reagan Reagan s greatness is today widely acknowledged but his legacy is still misunderstood Democrats accept the effectiveness of his foreign policy but ignore the success of his domestic programs Republicans cheer his victories over liberalism while ignoring his bitter battles with his own party s establishment historians speak of his eloquence and charisma but gloss over his brilliance in policy and clarity of vision From Steven F Hayward the critically acclaimed author of *The Age of Reagan The Fall of the Old Liberal Order* comes the first complete true story of this misunderstood controversial and deeply consequential presidency Hayward pierces the myths and media narratives masterfully documenting exactly what transpired behind the scenes during Reagan s landmark presidency and revealing his real legacy What emerges is a compelling portrait of a man who arrived in office after thirty years of practical schooling in the ways of politics and power possessing a clear vision of where he wanted to take the nation and a willingness to take firm charge of his own administration His relentless drive to shrink government and lift the burdens of high taxation was born of a deep appreciation for the grander blessings of liberty And it was this same outlook extended to the world s politically and economically enslaved nations that shaped his foreign policy and lent his statecraft its great unifying power Over a decade in the making and filled with fresh revelations surprising insights and an unerring eye for the telling detail this provocative and authoritative book recalls a time when true leadership inspired a fallen nation to pick itself up hold its head high and take up the cause of freedom once again **Exit with Honor** William E Pemberton,2015-03-04 Few presidents have sparked as much interest in recent years as Ronald Reagan already the subject of a large number of biographies and specialized subjects This biography based on recent research into the

Reagan archives and synthesis of the large memoir literature explores the shaping of his values and beliefs during his childhood in the American heartland his leadership of the American conservative movement and his successful political career culminating in the first two term presidency since Dwight Eisenhower Pemberton finds Reagan s personal career and ability to understand and communicate with the American people admirable but finds many of the long term effects of his presidency harmful Stockman Owen Ullmann,1986 **Reagan** Robert P. Metzger,1989-07 *The President's Agenda* Paul Light,1999 Although there are important differences between the two Presidents not the least of which is Bush s high proportion of small scale old ideas the two share a pronounced tendency to look backward for inspiration rather than forward from the Preface **Dictionary of American Conservatism** Louis Filler,1987 Louis Filler Dictionary of American Conservatism The First Complete Guide to Issues People Events Organizations Philosophical Library Inc New York 1987 380 Seiten 29 95 Dollar **Economic Decline and Political Change** Harold D.
