Stolen Blue A Claire Reynier Mystery:

The Stolen Blue Judith Van Gieson, 2000 A CLAIRE REYNIER MYSTERY The Stolen Blue Judith Van Gieson, 2000
Claire Reynier is thrilled when her old friend Burke Lovell donates his collection of valuable books to the university where she works as a librarian But the morning after she arrives at his ranch in the remote region known as the Blue to collect the bequest Burke is found dead His daughter Mariah recently discovered admits to helping the ailing man commit suicide Mariah has also been named his principal heir much to the shock of his other children Upon Claire's return to work a box of valuable titles from Burke's collection is stolen and Claire realizes that the theft may hold clues to a much more sinister mystery **The Other Side of Death** Judith Van Gieson, 2003 The annual Saint Patrick's Day party hosted by Tim and Jamie Malone in their small northern New Mexico community is their first in many years But it also marks their last as they prepare to move to the Midwest For Albuquerque attorney Neil Hamel going to the party is a reunion of sorts with various old friends she spent a year carousing with in a small town in Mexico in the late 1960s Just about everyone seems to have made some move from hippie to mainstream except Lonnie Darmer who as in the old days gets too drunk to drive home Neil drives them both to Lonnie's little house in Santa Fe and wakes the next morning to discover her missing Lonnie is found dead in an Anasazi ruin in the mountains near Santa Fe her body unscathed The police immediately conclude Lonnie committed suicide and her friends seem almost relieved to concur all except Neil As she investigates her friend's death suspects suddenly abound Even Neil herself comes under suspicion as the real killer draws ever closer eager to satisfy a newfound appetite for killing *Promise the Infinite* Robert Richart, 2016-05-07 This is an annotated bibliography of English language novels which feature libraries or librarians from the 18th to the 21st century It includes descriptions and quotes from the text It includes novels mysteries science fiction fantasy and romance *Bowker's Guide to Characters in Fiction 2007*, 2008-02 Go Southwest, Old Man Mario Materassi, 2009 *Go Southwest Old Man* a sort of personal remake of *Go West Young Man* the founding episteme of the American nineteenth century conciliates these two souls well not to be pretentious let's simply say two sides that have actually always lived in harmony This is a book generated by a quarter of a century spent wandering around the canyons and deserts of Arizona Colorado Utah and above all New Mexico with a view to penetrating the by now universal legend of the West approaching the cultures English Hispanic and native American and mastering the literature The slant is composite melding the scholarly with the informative and the travel journal and the writing is composite too because the book speaks English and Italian It talks about cinema lots of John Ford and about detective stories the most popular genre here about visual arts and Latino folklore about the legend of the West the so called Soul of the Southwest and the kitsch style of Santa Fe And it talks about and with some of the greatest writers that the Southwest has spawned Rudolfo Anaya Stanley Crawford John Nichols and Hillerman So what we have is a first hand experience of the Southwest where the ego is not entrenched within a precise disciplinary role but opens up and exposes itself to the thrilling risk of the discovery

Larger Than Life Ferenc Morton Szasz,2006 Larger than Life offers eleven essays that touch on New Mexico's history through its people places and events **Ferenc Morton Szasz: A Celebration and Selected Writings** Mark T. Banker,2018-09-17 Ferenc Morton Szasz was a lifelong student who became a professor of history at the University of New Mexico As a one year appointment at the Albuquerque campus evolved into a forty year career Szasz glimpsed the predictable unpredictability that he would eventually discern as one of history's most enduring and elusive traits The connections and consequences along the way forged a truly exceptional life and career A master of the United States history survey Szasz enthralled and inspired tens of thousands of students with energy enthusiasm provocative insights and good will Ambitious undergraduates regularly vied with graduate students for coveted seats in his upper level courses where he offered insights into World War II American religious history and popular culture Szasz's interests he insisted were the ideas of the people and how they shift over time In an era when historical scholarship became increasingly specialized he pursued an eclectic array of research interests and challenged his doctoral students to do the same The ten selections of Szasz's writings that are the primary content of this volume balance insights into history's great moments with attention to events and details often overlooked by more conventional historians Szasz's crisp accessible prose reveals both the unique and universal in the human experience and offers heartfelt glimpses into humanity's paradoxical promises and perils Back cover
