Stolen Lives Trading Women Into Sex And Slavery:

Stolen Lives Sietske Altink, 2013-10-28 Dancers Hostesses required for top cabaret nightclubs both here and overseas No experience necessary Mega bucks to be earned Telephone Would you answer an ad like this Thousands of women do and fall victim to the illegal trafficking in women by organized crime syndicates Driven by the desire to start a career or escape poverty women migrate in search of work and a better life for themselves and for their families For some this search is the beginning of a nightmare experience From hotel receptionist to nightclub dancer to domestic worker Stolen Lives Trading Women Into Sex and Slavery exposes how women are hired in their country of origin transported left without money passports or permits and become trapped into prostitution or domestic slavery Branded as illegal aliens and marooned in a culture they don't understand they have nowhere to go and no one to help them With personal testimony from women caught in the trafficking web Stolen Lives reveals the violent inner workings of international crime networks the routes and methods involved and how trafficking gangs are able to circumvent the law The trade in women is one of the most shameful abuses of human rights yet it continues to be ignored by national governments Stolen Lives confronts the hidden scandal of global trafficking which exploits women as they attempt to emancipate themselves Human Trafficking and Prostitution Among Women and Girls of Edo State, Nigeria Possibility of Rehabilitation Through Education and Prevention Mary Dorothy Ezech, 2017-06-06 Even though this study was primarily on human trafficking and prostitution among Edo women and girls of Edo state in Nigeria human trafficking however is a widespread visible phenomenon in the world today It is a global problem A report from United Nations Office on Drug and Crime in 2014 says that human trafficking involves over three million people in the world bringing their slaveholders an annual profit of 32 billion dollars According to the same report there is no place in the world where children women and men are safe from human trafficking In the background the stark reality of poverty unemployment social marginalization political crises wars interethnic conflicts and the militarization of entire territories has increased the massive displacements of the population fuelling the illegal sex trade linked to them Many youngsters who desire to improve their living conditions and those of their families fleeing their homes often become prey to criminal organizations who take advantage of them exploit them and dehumanize them Little do they know when they are leaving their homes to go to overseas what is waiting for them is often something altogether different namely intimidation blackmail violence nightmare and slavery that strip them of all dignity and respect To make matters worse most of the victims and their families not only lose credibility but are also ostracized by their local communities when what happened comes to light Therefore the victims of this painful chain are not only young girls and boys but also families Unfortunately some parents especially mothers have also been perpetrators of this deplorable crime They push their daughters into the arms of their torturers lulled by the dream of a brighter future To stop and to prevent the reoccurrence of this criminal network of complicity which has been more or less voluntary conscious and unconscious a joint commitment by all

governments organizations local communities and individuals is necessary Everyone needs to remember and never forget that every human being every person has been created and procreated in the image and likeness of God and is a subject of essential rights which should never be violated but rather should be respected and upheld by everyone in every time and place

Sex, Slavery and the Trafficked Woman Ramona Vijayarasa, 2016-03-03 Sex Slavery and the Trafficked Woman is a go to text for readers who seek a comprehensive overview of the meaning of human trafficking and current debates and perspectives on the issue It presents a more nuanced understanding of human trafficking and its victims by examining and challenging the conventional assumptions that sit at the heart of mainstream approaches to the topic A pioneering study the arguments made in this book are largely drawn from the author's fieldwork in Ukraine Vietnam and Ghana The author demonstrates to readers how a law enforcement and criminal justice oriented approach to trafficking has developed at the expense of a migration and human rights perspective She highlights the importance of viewing trafficking within a broad spectrum of migratory movement The author contests the coerced female victim archetype as stereotypical and challenges the reader to understand trafficking in an alternative manner introducing the counterintuitive concept of the voluntary victim Overall this text provides readers of migration and development gender studies women's rights and international law a comprehensive and multidisciplinary analysis of the concept of trafficking

'My Name is Not Natasha' John Davies, 2009 This book challenges every common presumption that exists about the trafficking of women for the sex trade It is a detailed account of an entire population of trafficked Albanian women whose varied experiences including selling sex on the streets of France clearly demonstrate how much the present discourse about trafficked women is misplaced and inadequate The heterogeneity of the women involved and their relationships with various men is clearly presented as is the way women actively created a panoptical surveillance of themselves as a means of self policing There is no artificial divide between women who were deceived and abused and those who choose sex work in fact the book clearly shows how peripheral involvement in sex work was to the real agenda of the women involved Most of the women described in this book were not making economic decisions to escape desperate poverty nor were they the uneducated nave entrapped into sexual slavery The women's success in transiting trafficking to achieve their own goals without the assistance of any outside agency is a testimony to their resilience and resolve

The Global Political Economy of Sex: Desire, Violence, and Insecurity in Mediterranean Nation States A. Agathangelou, 2004-10-14 At the intersection of the warmth of hearth and home and the dangers of the street lies the tenuous position of women engaged in reproductive labour those involved in the sex trade and those in domestic positions These are women who are vulnerable exploited and whose dirty work allows for the reproduction of traditional social mores and roles Yet while they are used to sustain tradition dialectically they reflect the hyperconnections of globalization through the migration of women the development of placement agencies that often are little but fronts for transnational crime and the transfer of money from the developed countries to the oppressed world This

book focuses on the interaction of the global and the local through a close investigation of the political economy of desire and reproduction in three states that blur the line between developed and developing Greece Turkey and Cyprus These are countries at the crossroads in flux whose peripheral siting at the centre of global capitalism provides unusual insight into the dark recesses of patriarchy paternalism and exploitation Sex, Gender, and Religion Diana Neal, Josephine Elizabeth Grey Butler, 2006 Original Scholarly Monograph *Sexing the Caribbean* Kamala Kempadoo, 2004-12 The primary focus of the book is to illuminate intersections of gender sexuality work race and economic relations in the Caribbean **Human Traffic and Transnational Crime** Sally Stoecker, Louise Shelley, 2005 Russian social scientists legal scholars and officials in government agencies examine human trafficking from Russia and Ukraine to the US The original Russian Torgovlia Liud mi was edited by Elena Tiuriukanova and Liudmila Erochina and published by Academia Press in 2002 the English edition has been updated and enlarged to eight studies in such **Empowering Migrant Women** Dr Leah Briones, 2013-03-28 Based on insights from Filipina experiences of domestic work in Paris and Hong Kong this volume breaks through the polarized thinking and migration centric policy action on the protection of migrant women domestic workers from abuse to link migrants rights and victimization with livelihood migration and development The book contextualizes agency and rights in the workers capability to secure a livelihood in the global political economy and is instrumental in making the problem of migrant women workers empowerment both a migration and development agenda The volume is essential reading for social scientists bureaucrats and non governmental political activists interested in the protection of the rights and livelihoods of migrants It will also appeal to migration and feminist scholars who have yet to adopt the contribution of critical development studies in the analysis of low skilled female labour migration **Transgender Identities** Sally Hines, Tam Sanger, 2010 In recent years transgender has emerged as a subject of increasing social and cultural interest This volume offers vivid accounts of the diversity of living transgender in today s world The first section Emerging Identities maps the ways in which social cultural legal and medical developments shape new identities on both an individual and collective level Rather than simply reflecting social change these shifts work to actively construct contemporary identities The second section Trans Governance examines how law and social policy have responded to contemporary gender shifts The third section Transforming Identity explores gender and sexual identity practices within cultural and subcultural spaces The final section Transforming Theory offers a theoretical reflection on the increasing visibility of trans people in today e tm s society and traces the challenges and the contributions transgender theory has brought to gender theory queer theory and sociological approaches to identity and citizenship Featuring contributions from throughout the world this volume represents the cutting edge scholarship in transgender studies and will be of interest to scholars and students interested in gender sexuality and sociology **Prostitution, Trafficking, and Traumatic Stress** PhD, Melissa Farley, 2004-04-15 Prostitution Trafficking and Traumatic Stress offers the reader an analysis of prostitution and trafficking as organized interpersonal violence Even in

academia law and public health prostitution is often misunderstood as sex work The book s 32 contributors offer clinical examples analysis and original research that cou

Sex Tourism in Bahia Erica Lorraine Williams,2013-10-30 For nearly a decade Brazil has surpassed Thailand as the world s premier sex tourism destination As the first full length ethnography of sex tourism in Brazil this pioneering study treats sex tourism as a complex and multidimensional phenomenon that involves a range of activities and erotic connections from sex work to romantic transnational relationships Erica Lorraine Williams explores sex tourism in the Brazilian state of Bahia from the perspectives of foreign tourists tourism industry workers sex workers who engage in liaisons with foreigners and Afro Brazilian men and women who contend with foreigners stereotypical assumptions about their licentiousness She shows how the Bahian state strategically exploits the touristic desire for exotic culture by appropriating an eroticized blackness and commodifying the Afro Brazilian culture in order to sell Bahia to foreign travelers

Gender, Trafficking, and Slavery Rachel Masika,2002 This book examines the operations of trafficking and other kinds of modern day slavery from a gender perspective It explores the relationships between gender poverty conflict and globalization that are driving today s slave trade The authors provide an overview of what trafficking and slavery are their magnitude and their complexity

Human Trafficking Marie Segrave,2016-12-05 Human trafficking captured the attention of the global community well over a decade ago inspiring multifarious international national regional and local responses While formally recognized as one of the major threats associated with transnational organized crime human trafficking remains an issue about which much has been written and yet little is known or supported by empirical evidence The essays selected for this volume reflect four key areas of debate the transnational organized crime framework the data and research landscape the implementation of anti trafficking responses and the articulation of alternative responses to human trafficking These essays are written by well known and more recent contributors to this field of research The collection draws attention to contemporary arguments as well as recent empirical research and points to the importance of contextualizing human trafficking within both the global and local setting This volume reflects where human trafficking data research and debate is currently located and where it is heading and as such is of interest to academics students policymakers and practitioners

Global Human Smuggling David Kyle,Rey Koslowski,2011-11-15 Ten years ago the topic of human smuggling and trafficking was relatively new for academic researchers though the practice itself is very old Since the first edition of this volume was published much has changed globally directly impacting the phenomenon of human smuggling Migrant smuggling and human trafficking are now more entrenched than ever in many regions with efforts to combat them both largely unsuccessful and often counterproductive This book explores human smuggling in several forms and regions globally examining its deep historic social economic and cultural roots and its broad political consequences Contributors to the updated and expanded edition consider the trends and events of the past several years especially in light of developments after 9 11 and the creation of the U S Department of Homeland Security They also reflect on the moral

economy of human smuggling and trafficking the increasing percentage of the world's asylum seekers who escape political violence only by being smuggled and the implications of human smuggling in a warming world **Prostitution, Harm and Gender Inequality** Maddy Coy, 2016-04-08 Prostitution Harm and Gender Inequality brings together international research exploring the range of gendered harms to women involved in prostitution and the consequences of growth of the sex industry for global gender relations While there is an increasing amount of research and academic output on prostitution the current focus is often on discussion and critique of policy frameworks and contemporary debates over harm are largely limited to sex trafficking and sexual exploitation of children Less attention is paid to questions of how the sex industry perpetuates notions of objectification and male entitlement with respect to sexual access to women's bodies despite being key feminist concerns for several decades This position has become effectively marginalized but the global growth and industrialization of the sex industry requires a return to these questions Through exploring gendered inequality and re-engaging with an understanding of prostitution as harmful with impacts on the self and body that are experienced as abusive but do not always constitute violence this book introduces a range of research and thinking while also drawing on existing literature to explore the consequences of prostitution for women in the sex industry and wider gender relations These issues are discussed with regard to coercion and recruitment including trafficking notions of male entitlement in accounts of men who buy sex critical interrogations of agency and choice legal and policy frameworks and representations of prostitution in popular culture

Asian Transnational Organized Crime and Its Impact on the U. S. James O. Finckenauer, 2010-11 The research goals of this study were to a determine high priority areas for research on Asian transnational organized crime TOC b assess the impact of Asian TOC on the U S 3 identify relevant data and information sources in Asia and 4 identify potential collaborative research partners and institutions in Asia The aim was thus not to examine in detail the organized crime situation in this region but rather to lay the foundation for a research agenda and strategy that would accomplish that purpose The sites covered by this research are China Hong Kong Macau Taiwan Japan Philippines Thailand and Cambodia Includes recommendations for further collaborative research Illustrations

Data and Research on Human Trafficking Elzbieta M. Gozdiak, 2011 This is a print on demand edition of a hard to find publication The subject of human trafficking or the use of force fraud or coercion to transport persons across international borders or within countries to exploit them for labor or sex has received renewed attention within the last two decades This report provides a detailed description of the processes involved in a project to identify English language research based literature on human trafficking the databases searched and the keywords used to identify pertinent references discussion of the development of the taxonomy used to categorize identified research based journal articles reports and books and the results of the categorization of the research according to the taxonomy
