Governing the City of Providence Providence (R.I.), 1916 *Cinematic Style* Jess Berry, 2022-01-27
From cinema's silent beginnings fashion and interior design have been vital to character development and narrative structure. Despite spectacular technological advancements on screen, stunning silhouettes and striking spaces still have the ability to dazzle to dramatic effect. This book is the first to consider the significant interplay between fashion and interiors and their combined contribution to cinematic style from early film to the digital age. With examples from Frank Lloyd Wright inspired architecture in Hitchcock's *North by Northwest* to Coco Chanel's costumes for Gloria Swanson and a *Great Gatsby* film set, turned Ralph Lauren flagship, *Cinematic Style* describes the reciprocal relationship between these cultural forms. Exposing the bleeding lines between fashion and interiors in cinematic and real life contexts, Berry presents case studies of cinematic styles adopted as brand identities and design movements promoted through filmic fantasy. Shedding light on consumer culture, social history, and gender politics as well as on fashion film and interior design theory, *Cinematic Style* considers the leading roles domestic spaces, quaint cafes, little black dresses, and sharp suits have played in 20th and 21st century film.

From Texas to the World and Back Mark Busby, Dick Heaberlin, 2001
Katherine Anne Porter's uneasy relationship with her home state has become increasingly important to discussions of her life and work. Born in the now-gone community of Indian Creek and raised in Kyle, Porter is tied to Texas by three major events that occurred during her career. In 1939 she expected to receive the Texas Institute of Letters Award for Best Texas Book, only to be insulted when the award went to folklorist J. Frank Dobie. In the 1950s she accepted an invitation to lecture at the University of Texas at Austin. During her visit to present that lecture, Porter began to believe that UT would build a library and name it after her, Texas's most famous literary daughter. But somehow she and UT President Harry Ransom miscommunicated, and Porter left her materials to the McKeldin Library at the University of Maryland. Finally, in 1976 she returned to Texas to receive recognition from Howard Payne University in Brownwood. On that trip she visited her mother's grave in the little cemetery at Indian Creek and decided that her remains on her death belonged beside her mother. So Porter finally returned to the state she had fled early in her life. The

essays in this collection are based primarily upon a symposium held in May 1998 at Southwest Texas State University in San Marcos The collection includes essays by both scholars of Porter s work and of Texas literature Some concern specific aspects of her life such as her love for her birthday or her marital record Others focus on the main elements of her relationship with Texas while still others deal with specific works often relating them to her Texas heritage This important addition to Porter studies provides new insight into the ways in which Porter s Texas heritage shaped her life and her fiction

Kenneth Van Dover,2005 We Must Have Certainty surveys the development of the genre of the detective story from its origins in the mid nineteenth century to its current profile in the early twenty first century It locates a principal appeal of the genre in the nature of the world that the detective necessarily inhabits a world of more or less realistic violence and excitement and at the same time a world that always in the end makes sense It suggests that there is a significance to a popular narrative formula that requires that an initial world of suspicion and uncertainty be inevitably transformed by the detective into a world of clarity and order Though scholarship in the field is acknowledged the author s citations are most often from detective stories themselves The essays are written in an accessible style those who have read a few novels in the genre as well as those who have read many will find the book stimulating and provocative *A Digest of the Law of Bills of Exchange, Promissory Notes, Cheques, and Negotiable Securities* Sir Mackenzie Dalzell Edwin Stewart Chalmers,1903 **Law Relating To Theft** C.
