Stone Heart:

Stoneheart Charlie Fletcher,2010-07-25 A city has many lives and layers London has more than most Not all the layers are underground and not all the lives belong to the living Twelve year old George Chapman is about to find this out the hard way When in a tiny act of rebellion George breaks the head from a stone dragon outside the Natural History Museum he awakes an ancient power This power has been dormant for centuries but the results are instant and terrifying A stone Pterodactyl unpeels from the wall and starts chasing George He runs for his life but it seems that no one can see what he is running from No one except Edie who is also trapped in this strange world And this is just the beginning as the statues of London awake This is a story of statues coming to life of a struggle between those with souls and those without of how one boy who has been emotionally abandoned manages to find hope

Stoneheart: Ironhand Charlie Fletcher,2011-10-06 Edie said George we re going to do this together I ll be right there with you Anything anyone trying to get you is going to have to come past me first But when George makes his promise he is not aware that high on the rooftops an unseen gargoyle is watching them hungrily quivering with anticipation for the moment when it will unfold its stone wings and pounce The thing on the roof knows that nothing is over nothing is finished Ironhand takes us deeper into the layers of un London the place where the good and the bad statues the spits and the taints walk and war George and Edie must repay the debt which they owe the Gunner for his sacrifice They must face unspeakable danger and doubt if they are to save him This second title in the Stoneheart sequence by Charlie Fletcher will shake you with its imaginative grasp and vision It is an epic excitement not to be missed

Reading Peralta Maps Robert L. and Lynda R. Kesselring, 2013-12-06 The Peralta family forged an impressive history with the exploration of the New World and created a set of encoded maps from their experiences. The maps were reportedly in the possession of Don Antonio Peralta's family at the time Santa Anna lost the Mexican American War in the region considered the colony of New Spain. In Reading Peralta Maps Volume 1: Maps in Stone and Skin, authors Robert L. and Lynda R. Kesselring tell how they deciphered the maps' secrets, revealing the existence of more than one hundred square miles of trails, mines, and buried bullion. This first of two volumes tells how the Kesselrings learned to interpret the maps and obtained the physical evidence to support their claims. Volume 1 discusses how maps created on stone and skins were employed for gold mines, camps, and the treasure of the Church of Santa Fe. Reading Peralta Maps discloses tricks, symbols, and secret signs, sharing each solved map's GPS coordinates to help visitors reach the sites.
