Stonehenge City:

Stonehenge City Leon Stover, 2009-09-29 Stonehenge dates its Bronze Age phase to 2000 B C but with a history stretching back yet another thousand years to Neolithic times It attracts more than a million tourists a year but is more than an array of great standing stones Stonehenge was indeed its own city the metropolitan center of a powerful kingdom heretofore unsuspected That city is reconstructed by the author from the archaeological evidence royal palace banquet hall and tomb among other buildings Here apart from Homer begins European literature derived from oral traditions The entire book is richly illustrated

Bright Lights, Big Cities Peter Naldrett, 2024-10-10 Enjoy everything that each of the UK's 76 cities has to offer with this delightful guide to day trips and weekend stays around the country In Bright Lights Big Cities Peter Naldrett visits all 76 cities on the mainland British Isles and a few further afield besides to find out just why each of them deserves to be held up as the best of British Our cities are a cornucopia of iconic landmarks historic cathedrals fascinating museums and fabulous eateries and Peter looks at familiar places from an entirely new angle as well as exploring the less well known corners too From Aberdeen to Armagh and Wakefield to Wrexham via London Lincoln and Liverpool the book covers the very best places to stay and eat cultural gems from architecture to sports and theatre parks and green spaces as well as great places to take the kids Ideal for planning a great day out or a longer trip Bright Lights Big Cities tells you what not to miss points out what you might have not discovered otherwise and ultimately shows what makes each and every city special

Lost Cities of Atlantis, Ancient Europe & the Mediterranean David Hatcher Childress, 1996 Atlantis The legendary lost continent comes under the close scrutiny of archaeologist David Hatcher Childress From Ireland to Turkey Morocco to Eastern Europe or remote islands of the Mediterranean and Atlantic Childress takes the reader on an astonishing quest for mankind's past Ancient technology cataclysms megalithic construction lost civilisations and devastating wars of the past are all explored in this amazing book Childress challenges the sceptics and proves that great civilisations not only existed in the past but that the modern world and its problems are reflections of the ancient world of Atlantis

The Missing Years of Jesus Dennis Price,2010-11-01 Discover the incredible evidence of Jesus life not covered by the Bible The so called missing years of Jesus the 18 years that are unaccounted for in the Bible from when Jesus was a boy of 12 to his sudden reappearance at the age of 30 Archaeologist and classical scholar Dennis Price has investigated the clues in Blake s evocative poem Jerusalem and has paid meticulous attention to the accounts in the ancient Aramaic and Greek versions of the Bible and he s also conducted an exhaustive and unprecedented study into the myths and legends of Christ in Britain With the assistance of specialists in their own fields and by viewing this enthralling subject as a modern missing

person's investigation Dennis Price has pieced together the various pieces of the jigsaw and now presents compelling and highly original evidence that Christ did indeed visit Britain in the company of Joseph of Arimathea in ancient times The weight of new material suggests that Christ remained in Britain for several years before eventually returning to his homeland in the east and this truly extraordinary book now provides a wealth of new information for all those who are intensely curious about this otherwise undocumented period in the life of the most famous person the world's ever known The implications are astonishing and they are presented here in the greatest story never told

11:11 The Time Prompt Phenomenon Marie D. Jones, Larry Flaxman, 2019-11-01 If you ever wondered about the repeated number sequences you see and what they might be trying to tell you Jones and Flaxman take you on a rollercoaster ride through the levels of mind and consciousness Chellie Campbell author *The Wealthy Spirit* and *Zero to Zillionaire* Do you wake up every night and see 11 11 on the clock Or 3 33 4 44 Does the same number sequence seem to appear throughout your life over and over Did you know that millions of people all over the world experience the same phenomenon These mysterious number sequences are known as time prompts and show up on digital clocks cell phones receipts billboards advertisements and other places They seem like pure coincidence but what if they are actually messages from a higher source like angels guides or even the Universe itself urging you to pay attention to something important This book explores the many theories about what these number sequences are including The science behind synchronicities coincidences and the mathematical nature of reality Numerical patterns and sacred geometry in nature such as the Fibonacci spiral the golden ratio and DNA sequences Enter the intriguing world of time prompts If numbers are the language of the Universe what are they saying to you

[Hidden Cities](#) Moses Gates, 2013-03-21 In this fascinating glimpse into the world of urban exploration Moses Gates describes his trespasses in some of the most illustrious cities in the world from Paris to Cairo to Moscow Also exclusive to this e book are firsthand accounts from the author's fellow travelers and family Gates is a new breed of adventurer for the 21st century He thrives on the thrill of seeing what others do not see let alone even know exists It all began quite innocuously After moving to New York City and pursuing graduate studies in Urban Planning he began unearthing hidden facets of the city abandoned structures disused subway stops incredible rooftop

views that belonged to cordoned off buildings At first it was about satiating a nagging curiosity yet the more he experienced and saw the more his thirst for adventure grew eventually leading him abroad In this memoir of his experiences Gates details his travels through underground canals sewers subways and crypts in metropolises spanning four continents In this finely written book Gates describes his immersion in the worldwide subculture of urban exploration how he joined a world of people who create secret art galleries in subway tunnels break into national monuments for fun and travel the globe sleeping in centuries old catacombs and abandoned Soviet relics rather than hotels or bed and breakfasts They push each other further and further visiting the hidden side of a dozen countries discovering ancient underground Roman ruins scaling the Brooklyn Manhattan and Williamsburg bridges partying in tunnels sneaking into Stonehenge and even finding themselves under arrest on top of Notre Dame Cathedral Ultimately Gates contemplates why he and other urban explorers are so instinctively drawn to these unknown and sometimes forbidden places even and for some especially when the stakes are high Hidden Cities will inspire readers to think about the potential for urban exploration available for anyone anywhere if they have only the curiosity and nerve to dig below the surface to discover the hidden corners of this world
