Stones in the Road Nubar Alexanian,1991 American Photo - ND ,1992-01 **Memory Fragments from the Armenian Genocide** Margaret DiCanio,2002 Memory Fragments from the Armenian Genocide A Mosaic of a Shared Heritage brings together thirty profiles of North Americans of Armenian descent All exemplify the philosophy that doing well is doing good a credo handed down to them by family members who lost everything when they fled from the Turkish massacres Family stories of how survivors escaped survived and made new lives are filtered through the memories of succeeding generations The profiles reflect how the actions of the survivors shaped the lives of succeeding generations Armenian immigrants feared their heritage might be lost in North America Their fears proved to be unfounded Children and grandchildren retain the culture passed on to them At the same time they hold dear the values of the New World that enabled their families to live free of political repression While details of their daily lives differ most of those profiled share a reverence for education In the New World they flourish as intellectuals artists teachers entertainers and entrepreneurs thereby filling leadership roles decimated by Turks early in their campaign to wipe out the Armenians By making the most of their talents they do homage to those who sacrificed so much Knots like Stars Roberto Forns-Broggi,2016-08-17 Knots like Stars The ABCs of the Ecological Imagination in Our Americas is an encyclopedia of essays and aphorisms at times personal at times speculative and analytical that invites readers to understand and enjoy an ecological perspective on Latin American literature and arts It is simultaneously a summons to join creative forces with the non human world Through 43 key interdependent entries from diverse environmental traditions writing becomes a meditation on the poetry films and visual artistic traditions that sustain life while opposing the actual destruction of Mesoamerican Andean and Amazonian biodiversity The book will appeal to all people wanting to understand how poetic artistic and critical endeavors can enrich rather than impoverish the imperiled world around us Since the Hispanic population and influence have increased dramatically in recent years a better understanding of the complexity of this diverse culture will be an important asset for a sustainable and more interconnected future This book invites its readers to expand their horizons and enjoy connections in order to build a sustainable community by integrating ecological perspectives in literature film and other arts *Creative Camera* ,1992 British Bulletin of Publications on Latin America, the Caribbean, Portugal and Spain ,1991 Ararat ,1992 **History of Photography** Laurent Roosens,Luc Salu,1989-01-01 The fourth volume in a history of photography this is a bibliography of books on the subject **Literature of Nature** Patrick D. Murphy,Terry Gifford,Katsunori Yamazato,1998 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company Michael Heizer: The Once and Future Monuments William L. Fox,2019-09-24 The most comprehensive account available of Michael Heizer s art by a writer and curator who has critical experience with the artist and his work Michael Heizer is among the greatest and often least accessible American artists As one of the last living figures who launched the Land Art movement his legacy of works that are literally and

metaphorically monumental has an incalculable influence on the world of sculpture and environmental art But his seclusion in the remote Nevada desert as well as his notorious obduracy have resulted in significant gaps in our critical understanding Michael Heizer *The Once and Future Monuments* spans the breadth of Heizer s career uniquely combining fieldwork personal narrative and biographical research to create the first major assessment in years of this titan of American art Author William L Fox founding director of the Center for Art Environment at the Nevada Museum of Art has alternately been a sponsor advocate and critic of Heizer s work for decades Fox s understanding of the artist s history and connection to landscape his time spent with Heizer at the remote ranch where Heizer is finishing his magnum opus the mile long sculpture City and his access to some of Heizer s key associates give him a unique position from which to discuss the artist s work Fox has also made numerous site visits to Heizer s work including early pieces in the Nevada desert now largely lost to the elements to correct the often inconsistent accounts of their locations Last Fox imparts a crucial new understanding of Heizer s work by elaborating on the artist s bond with his father the famed archaeologist and cultural ecologist Robert Heizer who enlisted his son on important digs in Mexico and Peru providing the young man with an appreciation of site landscape and geology that would thoroughly inform his work Michael Heizer *The Once and Future Monuments* is a long overdue addition to the critical and biographical literature of this major figure in American art
