Stones Throw Travels From Africa In Six Decades:

A Stone's Throw Lady Genesta Hamilton, 1986 *Too Close to the Sun* Sara Wheeler, 2007-04-24 Denys Finch Hatton was adored by women and idolized by men A champion of Africa legendary for his good looks his charm and his prowess as a soldier lover and hunter Finch Hatton inspired Karen Blixen to write the unforgettable stories in *Out of Africa* Now esteemed British biographer Sara Wheeler tells the truth about this extraordinarily charismatic adventurer Born to an old aristocratic family that had gambled away most of its fortune Finch Hatton grew up in a world of effortless elegance and boundless power Tall and graceful with the soul of a poet and an athlete s relaxed masculinity he became a hero without trying at Eton and Oxford In 1910 searching for novelty and danger Finch Hatton arrived in British East Africa and fell in love with a continent with a landscape with a way of life that was about to change forever Wheeler brilliantly conjures the mystical beauty of Kenya at a time when teeming herds of wild animals roamed unmolested across pristine savannah No one was more deeply attuned to this beauty than Finch Hatton and no one more bitterly mourned its passing when the outbreak of World War I engulfed the region in a protracted bloody guerrilla conflict Finch Hatton was serving as a captain in the Allied forces when he met Karen Blixen in Nairobi and embarked on one of the great love affairs of the twentieth century With delicacy and grace Wheeler teases out truth from fiction in the liaison that Blixen herself immortalized in *Out of Africa* Intellectual equals bound by their love for the continent and their inimitable sense of style Finch Hatton and Blixen were genuine pioneers in a land that was quickly being transformed by violence greed and bigotry Ever restless Finch Hatton wandered into a career as a big game hunter and became an expert bush pilot his passion that led to his affair with the notoriously unconventional aviatrix Beryl Markham But Markham was no more able to hold him than Blixen had been Mesmerized all his life by the allure of freedom and danger Finch Hatton writes Wheeler the open road made flesh In painting a portrait of an irresistible man Sara Wheeler has beautifully captured the heady glamour of the vanished paradise of colonial East Africa In *Too Close to the Sun* she has crafted a book that is as ravishing as its subject *Wahoga* Lucia Adams, 2019-05-21 This is a book about a Swedish baron who lived in Africa between 1912 and 1938 and who after his coffee farm and marriage to the author Karen Blixen failed became a white hunter leading safaris for the international social elite in East Africa He organized every detail of opulent safaris for the Prince of Wales the Vanderbilts and the wealthiest Americans and titled British between the wars This contributed to the decimation of wildlife in East Africa in the face of the growing conservation movement He was also a market hunter of ivory in Kenya Tanganyika and the Congo **The Temptress** Paul Spicer, 2025-08-22 In the spirit of Frances Osborne s *The Bolter* this fascinating life of femme fatale and gorgeous Chicago heiress Alice de Janz offers a solution to the decadesold murder of Lord Erroll the story at the center of James Fox s acclaimed book and movie *White Mischief* A glamorous American multi millionairess Alice de Janz scandalized 1920 s Paris when she left her aristocratic French husband for an English lover whom she later tried to kill in a failed murder suicide in

the Gare du Nord Abandoning Paris for the moneyed British colonial society known as Kenya's Happy Valley she became the lover of the handsome womanizer Joss Hay Lord Erroll In 1941 Erroll was shot in his car on an isolated road A cuckolded husband was brought to trial and acquitted and the crime remained tantalizingly unsolved Paul Spicer whose mother was a confidante of Alice's used personal letters and his own extensive research to piece together what really happened that fateful evening He brings to life an era of unimaginable wealth and indulgence where people changed bed partners as easily as they would order a cocktail and where jealousy and hidden passions brewed At the heart of *The Temptress* is Alice whose seductive charms no man could resist and whose unfulfilled quest for love ended in her own suicide at age forty two Please note this eBook edition does not include photos that originally appeared in the printed book **Thus Until** Emilia Ilieva, Reuben Matheka, 2025-08-04 *Thus Until* A History of Egerton University is a thorough historical chronological and well researched account of Egerton University from a whites only college when it started in 1939 through to the expansion it has experienced over the years culminating in being a full university More than any other university in Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style **Madness and marginality** Will Jackson, 2017-03-01 Based on over two hundred and fifty psychiatric case files this book offers a radical new departure from existing historical accounts of what is still commonly thought of as the most picturesque of Britain's colonies overseas By tracing the life histories of Kenya's white insane the book allows for a new account of settler society one that moves attention away from the great white hunters and heroic pioneer farmers to all those Europeans who did not manage to emulate the colonial ideal In doing so it raises important new questions around deviance transgression and social control Sitting at the intersection of a number of fields the book will appeal to students and teachers of imperial history colonial medicine African history and postcolonial theory and will prove a valuable addition to both undergraduate and postgraduate courses *The Ghosts of Happy Valley* Juliet Barnes, 2013-07-04 Happy Valley was the name given to the Wanjohi Valley in the Kenya Highlands where a small community of affluent hedonistic white expatriates settled between the wars While Kenya's early

colonial days have been immortalised by farming pioneers like Lord Delamere and Karen Blixen and the pioneering aviator Beryl Markham Happy Valley became infamous under the influence of troubled socialite Lady Idina Sackville whose life was told in Frances Osborne's bestselling *The Bolter* The era culminated with the notorious murder of the Earl of Erroll in 1941 the investigation of which laid bare the Happy Valley set's decadence and irresponsibility chronicled in another bestseller James Fox's *White Mischief* But what is left now In a remarkable and indefatigable archaeological quest Juliet Barnes who has lived in Kenya all her life and whose grandparents knew some of the Happy Valley characters has set out to explore Happy Valley to find the former homes and haunts of this extraordinary and transient set of people With the help of a remarkable African guide and further assisted by the memories of elderly former settlers she finds the remains of grand residences tucked away beneath the mountains and speaks to local elders who share first hand memories of these bygone times Nowadays these old homes she discovers have become tumbledown dwellings for many African families school buildings or their ruins have almost disappeared without trace a revelation of the state of modern Africa that makes the gilded era of the Happy Valley set even more fantastic A book to set alongside such singular evocations of Africa's strange colonial history as *The Africa House* *The Ghosts of Happy Valley* is a mesmerising blend of travel narrative social history and personal quest
