Ulanoff, 2022-08-30 This volume conceptualizes and distinguishes storying from narrative and storytelling to establish itself as a method It theorizes that storying pertains to one's identity to the unique positions of who one is how they came to be and why they came to be Raj 2019 Building upon foundational work from Freire Greene and Clandinin Connelly this book elucidates storying through a new concept emotional truth a deeply personal and authentic experience that builds a tangible connection from teller to listener Such an involved conception of Storying could have the potential to anchor storying as research methodology and as valid pedagogical practice Further the chapters in this book establish storying as a concept method and as pedagogical practice      Critical Regionalism Douglas Reichert Powell, 2012-09-01 The idea of region in America has often served to isolate places from each other observes Douglas Reichert Powell Whether in the nostalgic celebration of folk cultures or the urbane distaste for hicks certain regions of the country are identified as static insular and culturally disconnected from everywhere else In Critical Regionalism Reichert Powell explores this trend and offers alternatives to it Reichert Powell proposes using more nuanced strategies that identify distinctive aspects of particular geographically marginal communities without turning them into peculiar hick towns He enacts a new methodology of critical regionalism in order to link local concerns and debates to larger patterns of history politics and culture To illustrate his method in each chapter of the book Reichert Powell juxtaposes widely known texts from American literature and film with texts from and about his own Appalachian hometown of Johnson City Tennessee He carries the idea further in a call for a critical regionalist pedagogy that uses the classroom as a place for academic writers to build new connections with their surroundings and to teach others to do so as well      **What Do Children Read Next?** Candy Colborn, 1994 Contains entries for approximately 2000 books aimed at young readers About half the titles were published between 1989 and 1994 and the remaining half are older titles which have stood the test of time      **Appalachian Outlook** , 1989-02
