Food for Thought Richard Todd Canton, 2012-05-31 Richard Todd Canton describes himself as a working man Never one to sit around for long periods of time he's made a habit of keeping busy and paying attention He entered the working world at twelve when he stepped through the back door of a restaurant and asked for a job Since then he's learned from some masters and has applied that knowledge to every aspect of his life Along the way he's also met some interesting characters and you'll meet many of them in this collection of anecdotes from his colorful and unusual life As one of nine children he learned early on that the observant person can find inspiration in every person he encounters His brother seven sisters and widowed mother were among the first to inspire him This memoir invites you to join him on a journey through life love and other lessons He shares some of the experiences and lessons he learned growing up in the food business and in business in general You'll meet some intriguing characters who have influenced Canton in one way or the other you might even recognize yourself or your friends within the tales Take a journey with him back through time as you meet some of the magnificent people who have made an impact on his life
