Ivanova,2014-03-18

A book like this is long overdue because not many are aware of the numerous intersections between Philip Roth's fiction and world literature In highlighting these intersections and uneasy passages this comparative approach offers an important contribution to Philip Roth studies as well as to comparative literary study in general The fourteen chapters on this book summon Roth's intertextual links to authors ranging from the anonymous writer of the medieval play *Everyman* through Thoreau Hawthorne Crane Ellison Coover and the New York intellectuals in the United States to Swift Chekhov Svevo Kafka Schulz Gombrowicz Camus and Kundera in Europe and on to Coetzee in South Africa The book does not deal with all the works in Roth's canon but it offers a selection of works representing the different stages of Roth's development as a writer By offering new readings of both well studied and lesser studied works sometimes in unexpected company the book discloses the critical difference that comparative scholarship can affect The uneasy passages the book opens will not exhaust the numerous intersections between Roth and the work of other writers The book's contribution is to place Roth's fiction firmly in a larger transnational context Far from insular Roth's work appears as deeply rooted in the American canon while at the same time showing a remarkable openness a persistent need for contact with his European forebears and true engagement with contemporary world literature The transnational perspective of the book makes it important for the rapidly growing field of transatlantic and transnational American studies The book will be value to collections in American literature and Jewish studies comparative literature and criticism and transatlantic and transnational American studies **AB Bookman's Weekly** ,1998 **Library of Congress Catalogs** Library of Congress,1970 *Canadiana* ,1986 **Global Health**

Boll,2011-05-31 A unique entry in the B ll library Irish Journal records an eccentric tour of Ireland in the 1950 s An epilogue written fourteen years later reflects on the enormous changes to the country and the people that B ll loved Irish Journal is a time capsule of a land and a way of life that has disappeared **Reading with Feeling** Susan L. Feagin,2018-10-18

Feelings and other affective responses to a work of fiction are an important part appreciation and the capacity to inspire such responses is part of what is valuable about literary works of art Susan L Feagin s philosophical exploration of appreciation focusing specifically on its emotional or affective components asks us to consider aesthetic appreciation as getting the value out of the work Appreciation involves exercising abilities Feagin develops a psychological model for understanding how one becomes emotionally engaged with something one knows is fictional She stresses the importance of the role of imagination in producing affective responses Imagination is harnessed by the writer s choice of phrase or depiction of detail Feagin cites the work of Angela Carter Molly Keane Heinrich B ll Gabriel Garcia Marquez and draws an extended example from Henry James She notes that not all responses to a work are relevant or appropriate and discusses a variety of ways responses may be assessed Even though assessing responses can stifle imagination and hence threaten spontaneity and the responses themselves the value of having affective responses to fiction depends upon our being able to make such assessments Whatever else we may gain appreciating a work getting the value out of it is one means of extending the capacities of our own imaginations **Awaken 101** Christopher Uhl,Melissa DiJulio,2020-10-01

Discovering our meaning and purpose our reason for being can seem like an impossible task especially given the tumultuous times in which we find ourselves Through challenging provocations uplifting narratives and profound insights this book emboldens readers to experience their lives not as spectators but as reflective courageous and purposeful participants We can turn toward the problems look them in the eye and begin the work of setting things right we can begin the process of awakening Organized as a five part journey it explores both cognitively and experientially what it might mean to assume the rightful authorship of your life By breaking out of the dominant narrative of how life should be lived and by becoming more aware of the world around us we can gain the tools essential for becoming open minded embodied introspective and soulful human beings Through my Eyes.
