Mensah, Sean O'Brien, Angela Readman, Glynis Reed, Degna Stone, Margaret Wilkinson, 2020-01-16 The original Northern Powerhouse Newcastle upon Tyne has witnessed countless transformations over the last century or so from its industrial heyday when Tyneside engineering and innovation led the world through decades of post industrial decline and underinvestment to its more recent reinvention as a cultural destination for the North The ten short stories gathered here all feature characters in search of something a new reality a space perhaps in which to rediscover themselves from the call centre worker imagining herself far away from the claustrophobic realities of her day job to the woman coming to terms with an ex lover who s moved on all too quickly to the man trying to outrun his mother s death on Town Moor The Book of Newcastle brings together some of the city s most renowned literary talents along with exciting new voices proving that while Newcastle continues to feel the effects of its lost industrial past it is also a city striving for a future that brims with promise **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office, 2004 **Late-Victorian Heroic Lives in the Writings of Frank Mundell** Moniez Baptiste, 2017-08-21 This study explores the work of Frank Mundell a late Victorian author for the Sunday School Union Mundell focused on heroism and represented various kinds of heroic deeds and figures regardless of gender in his books Writing for educative as well as entertaining purposes he avoided the use of didacticism and he endeavoured to combine the traditional and the modern in the stories he chose to tell Mundell s favourite format was that of the prosopography putting together several heroic lives or incidents He was careful to dedicate each of his volumes to one topic in particular thus distinguishing the different types of heroic deeds from one another His writings belong to four series or collections each highlighting a specific version of heroism from instances of the mundane performed in a familial context to extraordinary deeds He wrote about such bold acts as those featuring in the stories of brave firemen fighting devouring flames fearless sailors in tempestuous seas determined miners risking their lives to save their comrades or intrepid explorers facing perils in the wide world This book analyses each of his publications highlighting the elements belonging to his representation of heroism as a whole **Library of Congress Subject Headings** Library of Congress, Library of Congress.
