The Storm Lord Tanith Lee,1977 *The Legacy Of The Stormlord* Krish Sanghavi, The Last Stormlord Glenda Larke,2024-09-24 Shale is the lowest of the low an outcast from a poor village in the heart of the desert In the desert water is life and currency and Shale has none But he has a secret It s the one thing that keeps him alive and may save all the cities of the Quartern in the days to come If it doesn t get him killed first Terelle is a slave fleeing a life as a courtesan She finds shelter in the home of an elderly painter but as she learns the strange and powerful secrets of his art she fears she may have traded a life of servitude for something far more perilous The Stormlord is dying in his tower and there is no one by accident or design to take his place He brings the rain from the distant seas to his people Without a Stormlord the cities of the Quartern will wither and die Their civilization is at the brink of disaster If Shale and Terelle can find a way to save themselves they may just save them all Water is life and the wells are running dry **Stormlord Rising** Glenda Larke,2024-09-24 The last Stormlord is dead War has come to the cities of the Quartern The violent nomadic Redunners have put every rainlord they could find to the sword and the cities are left without hope Shale has been betrayed drugged and left at the feet of his greatest enemy Now he must decide to work with those who have plotted against him or let thousands of the waterless die He has great power but is no Stormlord At least not yet Terelle has escaped the Scarpen in search of her homeland and her people the mysterious Watergivers But a desperate message will send her back to find Shale and face her worst fears The people of the Scarpen are in danger Shale and Terelle must find a way to save their people and punish those who have destroyed all they ever loved **Twilight of the Celts Book Two: The Storm Lord** M. K. Hume,2015-08-04 For fans of Game of Thrones Diana Gabaldon and Bernard Cornwell the legend of King Arthur lives on in the epic and dramatic new Twilight of the Celts series from the magnificent storyteller M K Hume In Book Two the Last Dragon captured by the Denes must fight to survive Crippled with hunger and weary to the point of collapse Gareth Minor enters the fortress of Arden to deliver the dire news that Lord Arthur the Last Dragon has been captured by barbarians and taken to the frozen north With Father Lorcan and Germanus by his side Gareth embarks on a quest to rescue his master Meanwhile in the Land of the Denes Arthur and his fellow prisoners enrage the Dene King when they are presented at court As they flee for their lives Stormbringer their captor turned protector leads them to safety But the northern shores are under threat of invasion and Stormbringer and Arthur unite in battle knowing few will survive The Storm-God in the Ancient Near East Alberto R. W. Green,2003-06-30 In this comprehensive study of a common deity found in the ancient Near East as well as many other cultures Green brings together evidence from the worlds of myth iconography and literature in an attempt to arrive at a new synthesis regarding the place of the Storm god He finds that the Storm god was the force primarily responsible for three major areas of human concern 1 religious power because he was the ever dominant environmental force upon which peoples depended for their very lives 2 centralized political power and 3 continuously evolving sociocultural processes which typically

were projected through the Storm god's attendants Green traces these motifs through the Mesopotamian Anatolian Syrian and Levantine regions with regard to the latter he argues that Yahweh of the Bible can be identified as a storm god though certain unique characteristics came to be associated with him he was the Creator of all that is created and the self-existing god who needs no other
