

*New York Times* Bestselling Author

A dramatic photograph of a sailboat with white sails on a dark, choppy sea. The sky is filled with heavy, dark clouds, with a hint of light on the horizon. The overall mood is suspenseful and adventurous.

the terrorist factory In this taut disturbing account the authors document a utilitarian genocide that still holds an implicit threat to other counties including those in the West *ISIS* Michael Weiss,Hassan Hassan,2016-04-12 Fully Revised Updated Edition of the New York Times Bestselling and Highly Praised Book on ISIS With newly added material and breaking news including Interview with a former ISIS spymaster Why ISIS is targeting Europe and the US What Russia wants in Syria Revelations on the brutal ideology of ISIS With brutal attacks in last year across the globe Brussels Paris Beirut Egypt Turkey the Islamic State of Iraq and Syria ISIS has proved itself the greatest terrorist threat in the world today They have conquered massive territories in Syria and Iraq in a bid to create a new Muslim caliphate under the strict dictates of Sharia law In this fully revised and updated edition of *ISIS Inside the Army of Terror* American journalist Michael Weiss and Syrian analyst Hassan Hassan explain how these violent extremists evolved from a nearly defeated Iraqi insurgent group into a jihadi army of international volunteers who with slickly produced murder videos are spreading violence and mayhem across the globe Beginning with the early days of Abu Musab al Zargawi the founder of ISIS s first incarnation Weiss and Hassan explain who the key players are from their leader Abu Bakr al Baghdadi to the former Saddam Baathists in their ranks where they come from how they have attracted both local and global support and how they operate from their social media strategy to their illicit oil revenues As money and materiel continue to flow into the region to combat the ISIS s spreading terror other forces Assad s regime Russian planes Iranian Quds Forces and other Shiite militias are gaining power and using the fight against ISIS as a means to leverage their agenda in the region Political and military maneuvering by the United States Iraq Iran Syria and Russia have fueled ISIS s explosive expansion In five new chapters the authors delve further into the inner workings of the Army of Terror and what it is like to live under their ever tightening rule With invaluable and exclusive insider information the authors explore the Islamic State s enigmatic recruitment and training methods the impact of their military successes and failures and how they structure and empower home grown cells worldwide to carry out their terror Drawing on original interviews with former US military officials and current ISIS fighters and brand new interviews with a former ISIS spy as well as Kurdish and Yazidi survivors of the ISIS s assault on northern Iraq the authors reveal the internecine struggles within the movement itself as well as ISIS s bloody hatred of Shiite Muslims which is generating another sectarian war in the region A new generation of terror has dawned in the world and to understand how to stop it we must understand who they are *ISIS* Jessica Stern,J. M. Berger,2015-03-17 Two leading experts in terrorism provide smart granular analysis of the group s brutally effective strategy tactics and ideology Washington Post The Islamic State known as ISIS exploded into the public eye in 2014 capturing the imagination of the global jihadist movement and attracting recruits in unprecedented numbers It also exhibited a level of sadistic violence and destruction that has alienated even the hardcore terrorists of its parent organization al Qaeda In *ISIS The State of Terror* Jessica Stern and J M Berger trace the ideological innovations that the group deploys to recruit unprecedented numbers of Westerners the composition of its infamous snuff

videos and the technological tools it exploits on social media to broadcast its atrocities They also examine ISIS's predatory abuse of women and children and its use of horror to manipulate world leaders and its own adherents as it builds its twisted society The authors conclude with a much needed perspective on how world leaders should respond to ISIS's insidious provocations

**A Theory of ISIS** Mohammad-Mahmoud Ould Mohamedou, 2017-11-20 The Islamic State of Iraq and Syria has been the subject of intense scrutiny in the West Considered by many to be the most dangerous terrorist organisation in the world it has become shrouded in numerous myths and narratives many emanating from the US which often fail to grasp its true nature Against these narratives Mohammad Mahmoud Ould Mohamedou presents a bold new theory of ISIS By tracing its genealogy and documenting its evolution in Iraq and Syria he argues that ISIS has transcended Osama Bin Laden's original project of Al Qaeda mutating into an unprecedented hybrid form that distils postcolonial violence postmodernity and the emerging post globalisation international order This book analyses ISIS from a social sciences perspective and unpacks its dynamics by looking beyond superficial questions such as its terrorist nature and religious rhetoric It transforms our understanding of ISIS and its profound impact on the very nature of contemporary political violence

**The Rise and Fall of ISIS** Willem Th. Oosterveld, Willem Bloem, Nicholas Farnham, Barin Kayaoğlu, Tim Sweijs, 2017-02-20 Appearing seemingly out of nowhere over the course of 2013-14 the Islamic State or Daesh captured the attention of international audiences through widely broadcast acts of barbarity followed by the proclamation of its own state and upending state borders in the process The rise of the terror organization has prompted many questions where did it originate from How has it been able to establish itself so quickly Can it actually persist Can it be defeated The aim of this year's study entitled The Rise and Fall of ISIS from Evitability to Inevitability is to understand the organization its motivations its inherent weaknesses as well as its ability to endure A broader aim is to set out how it could develop as it comes under ever more pressure by regional powers and in the case of its defeat how to prevent the arrival of the next ISIS A key message of this chapter is that ISIS is a child of its time and is not destined to persist Its professed millenarian or eschatological bent is meant to cast the conflict between the Caliphate and the rest of the world as a cosmic battle but in reality is largely of instrumental value Also while its rise could have been prevented its fall looks all but inevitable even if it remains unclear what will replace it This study is part of the 2016-2017 HCSS StratMon

**State of Terror** The Washington Post, 2015-11-22 A collection of articles on how ISIS took over a region the size of the UK sparked a humanitarian crisis and developed into a global threat With coordinated attacks in Paris and the downing of a Russian passenger plane the Islamic State ISIS declared war on the wider world galvanizing new calls for an intensified global response The Washington Post spent a year tracking the political and military spread of ISIS investigating its roots and chronicling what life is really like for the people under its rule Kevin Sullivan a senior correspondent for the paper conducted a series of interviews often in secret with people who have fled the Caliphate Other correspondents including Souad Mekhennet and Loveday Morris spoke with those still inside What they

discovered is that while world leaders watched the Islamic State instituted a brutal tiered society in which the faithful are given control in which women are in constant danger and wherein dissent is met with swift and deadly retribution This is the inside story of how ISIS combined the bloodiest aspects of religion terrorism and statehood and became a global threat

**The Children Soldiers of ISIS** Bridey Heing, 2017-12-15 While most children learn reading and math the child soldiers of ISIS spend their days on weapons training and religious education Called The Cubs of the Caliphate these children are weapons of the Islamic State Some are the children of Islamic State fighters while others are kidnapped and forced to fight for ISIS if they want to live While the world has been outraged by footage of these young fighters killing hostages and waging war there s more to their story This book looks at how ISIS is selecting and grooming the next generation of jihadists and what can be done to prevent a generation of lost children

**The ISIS Crisis** Gideon Rose, With the Islamic State of Iraq and al Sham still on the rampage and at the top of the U S national security agenda we at Foreign Affairs have put together this companion eBook to Endgame in Iraq in which our authors carefully examine the nature of the ISIS threat the current state of the war against it and the options for what to do next Bringing together a collection of our best coverage of the subject from both print and Web The ISIS Crisis offers an unparalleled range of authoritative analysis on everything from the group s ideology strategy and internal characteristics to its operations across the Middle East and elsewhere to the difficult tradeoffs involved in trying to halt and reverse its advance The collection concludes with a fascinating survey of expert opinion on whether Washington should step up its anti ISIS military campaign in which 73 of the world s most knowledgeable observers offer their personal take on the question We can t promise that after reading all this you ll know exactly what to do But we can promise that you ll have the information you need to think about the question intelligently

**ISIS Exposed** Erick Stakelbeck, 2015-03-09 The terror masters of ISIS are determined to get America s attention They ve humiliated the Iraqi Army we trained and seized territory in Iraq that we had secured at the cost of so many American lives They ve beheaded American journalists on camera in a direct challenge to the power and resolve of the United States And now ISIS is calling for city wolves across the United States to act on their dedication to the Islamic State s blood drenched ideology and murder innocent American citizens at random Who is ISIS Where did it come from and what is driving its successful campaign of murder and conquest Our government and our media alike seemed to be blindsided by the Islamic State s blitzkrieg like advance which forced American troops back into Iraq ISIS has conquered a territory roughly the size of the state of Indiana rules over eight million terrorized souls and has even revived the practice of legal slavery And yet the true motivations inner workings and future plans of this terror state and its mysterious caliph seem almost as obscure as when ISIS first burst onto the world scene In ISIS Exposed veteran investigative reporter Erick Stakelbeck gets inside the story of the new caliphate and reveals just how clear and present a threat it is
