Higher Self Cristine Griblin, 2021-06 There is more to life than the material world A non physical dimension of energy and information is where physical forms are conceived and birth into existence Your body and mind are contained within an intelligent alive and infinite space Consciousness is the connectedness to everything including knowledge This is a book that discusses in depth how to reunite your two selves and use them effectively to create a magical life that you love to live and will empower you in ways you can only imagine Our two selves within us work to create not only our personality but also the whole of our life experience While at one time in our history those selves were in close communication a de emphasis on the spiritual aspect of life in our society has caused those selves to become divorced from one another so that it is difficult for them to communicate The book teaches you how to bring those two selves back in touch with one another and to create a harmonious relationship between the two Since God communicates with us through the Higher Self bringing that part of our spirits closer to our Conscious Self actually brings us closer to Divine Energy and puts us on task with our life s purpose
