The Highlands and Islands John Eddowes Bowman,1986 Literary Tours in the Highlands and Islands of Scotland Daniel Turner Holmes, 1909 Tourism and Identity in Scotland, 1770-1914 Katherine Haldane Grenier, 2017-07-05 In the late eighteenth and nineteenth centuries legions of English citizens headed north Why and how did Scotland once avoided by travelers become a popular site for English tourists Katherine Haldane Grenier uses published and unpublished travel accounts guidebooks and the popular press to examine the evolution of a false view of Scotland as untouched by nineteenth century transformations A Highland Tour of Victorian Travel Writing Dimitrios Kassis, 2023-10-09 During the first guarter of the eighteenth century Scotland was persistently viewed as a peripheral region inhabited by savage Highlanders epitomising the sublime and the grotesque as well as the distance of the Scottish Other from civilised Europe However the rediscovery of the Ossianic tradition the Scottish link to the Norman invasion and the increasing appeal of Scottish historical narratives to the average Victorian set the pattern for the reconstruction of a literary utopia Facing the risk of racial segregation due to their Celtic background a significant number of Scottish writers and theorists succumbed to the rising Anglo Saxonism seeking every means to prove their Anglo Saxon background at the expense of their Celtic roots This volume includes a set of travel narratives and essays on Scotland covering a period of more than two centuries 1722 1907 The travellers who flocked to Scotland were either driven by literary aspirations or were on a mission to explore the country's wild inhabitants the Highlanders In their attempt to define Scottish identity in accordance with the cultural ideological and political standards of the English Scottish and American travel writers often adhered to the Othering of the Scottish people promoting images of backwardness and the sublime **Stepping Westward** Nigel Leask, 2020-02-27 Stepping Westward is the first book dedicated to the literature of the Scottish Highland tour of 1720 1830 a major cultural phenomenon that attracted writers and artists like Pennant Johnson and Boswell William and Dorothy Wordsworth Coleridge Scott Hogg Keats Daniell and Turner as well as numerous less celebrated travellers and tourists Addressing more than a century s worth of literary and visual representations of the Highlands the book casts new light on how the tour developed a modern literature of place acting as a catalyst for thinking about improvement landscape and the shaping of British Scottish and Gaelic identities It pays attention to the relationship between travellers and the native Gaels whose world was plunged into crisis by rapid and forced social change At the book s core lie the best selling tours of Pennant and Dr Johnson associated with attempts to improve the intractable Gaidhealtachd in the wake of Culloden Alongside the Ossian craze and Gilpin's picturesque their books stimulated a wave of home tours from the 1770s through the romantic period including writing by women like Sarah Murray and Dorothy Wordsworth The incidence of published Highland Tours many lavishly illustrated peaked around 1800 but as the genre reached exhaustion the romantic Highlands were reinvented in Scott's poems and novels coinciding with steam boats and mass tourism but also rack renting sheep clearance and

From an Antique Land Anne MacLeod,2012-11-05 This book looks at visual images as an alternative and undervalued source of evidence for ideas about the Scottish Gaidhealtachd in the period 1700 1880 Illustrated with 100 plates it brings together many little known and previously unrelated images Addressing the textual bias inherent in Scottish historical studies the book examines a broad range of maps plans paintings drawings sketches and printed images arguing that the concept of antiquity was the single most powerful influence driving the visual representation of the Highlands and Islands from 1700 to 1880 and indeed beyond Successive chapters look at archaeological ethnological and geological motives for visualising the Highlands and at the bias in favour of antiquity which resulted from the spread of these intellectual influences into the fine arts The book concludes that the shadow of time which hallmarked visual representations of the region resulted in a preservationist mentality which has had powerful repercussions for approaches to Highland issues down to the present day The book will appeal to historians art historians cultural geographers and the general reader interested in Highland history and culture
