### I. INTRODUCTION

This obscene act is a disgraceful act that violates societal norms, especially if the victims are minors who incidentally are the next generation who are vulnerable and fragile and can experience prolonged trauma (Annisa, 2014; Zaleha, 2015). criminal acts of decency, namely the classification are regulated in the Criminal Code (KUHP) in CHAPTER XIV Book II, starting from article 289 to article 296 of the Criminal Code, in article 289 of the Criminal Code regulates crimes against common decency, which is punishable by nine years in prison. Preventive and repressive efforts can also be done (Hadjon, 2008:2).The higher the value of civilization from time to time is certainly able to provide progress for human life, but it cannot be forgotten that on the other hand, the progress made will have a bad impact on humans if everything is not placed in the right place. The development of society is an ordinary and general social phenomenon and is a process of adjusting society to the progress of the times.

These developments bring tremendous impact that can be felt by all members of the community, including the demands of life.psychological and other development of the child. The psychological impact on children will give birth to prolonged trauma which can then give birth to unhealthy attitudes, such as inferiority, excessive fear, disturbed mental development, and ultimately mental retardation. This situation is likely to be a bad memory for the child victims of sexual abuse. The active role of law enforcement officers in tackling decency crimes is very much needed. The escalation of violence against children continues to increase every day, even though the Criminal Code (Kitab Undang-Undang Hukum Pidana) has contained legal rules regarding obscenity.The increasing number of crimes against children must be anticipated by effectively functioning criminal law instruments through law enforcement by seeking preventive and repressive measures against unlawful behaviour. This is the purpose of punishment as stated in the Draft Draft Criminal Code (KUHP) of 2008 Chapter III Article 51 paragraph (1), namely:

1. Preventing criminal acts by enforcing legal norms for the protection of the State and society.
2. Socializing convicts by providing guidance and guidance so that convicts are converted and make them as virtuous and useful members of society. Resolving conflicts caused by criminal acts, restoring balance and bringing a sense of peace in society.
3. Release the guilt of the convict.
