

EL JOBEAN

The area now known as El Jobean was originally part of those federal lands in Florida deeded to the state government following its admission to the United States in 1845. Private ownership and development of the area first began in 1863 when the land was purchased and deeded to the London-based Florida Land and Mortgage Company. In 1887, Scottish immigrants Daniel and Jane MacPherson purchased 1,071 acres on which they planned the town of Southland on the east bank of the Myakka River. Undeveloped save for a small fishing camp for sport fishermen, the town was a stop on the Charlotte Harbor and Northern Railroad after 1907 and sold to turpentine distillers in 1920. The unsuccessful businessmen sold the entire Southland tract in 1923 to Joel Bean of the Boston and Florida Realty Trust Company, who looked to capitalize on the land boom then sweeping Florida. Changing the name to El Jobe-an, an anagram of his name, Bean developed plans for a unique hexagonal "City of Destiny" of Mediterranean Revival design for northern buyers seeking winter homes. El Jobean's flourishing development was, like many during the 1920s, cut short by two major hurricanes in 1926 and 1928 and the onset of the Great Depression in 1929. El Jobean continued as a fishing community and winter home for tourists and circus performers, the most famous being Leo "Suicide" Simon. Its local historical significance was recognized with the placement of the El Jobean Post Office and General Store and El Jobean Hotel on the National Register of Historic Places in 1999 and the establishment of the El Jobean Local Historic District in 2000.

(Mich.), *Neogene Mammals* Spencer G. Lucas, Gary S. Morgan, Justin A. Spielmann, Donald R. Prothero, 2008 *Neogene Mammals* New Mexico Museum of Natural History and Science Bulletin 44 *The Zoological Record*, 1989 [The Swamp Peddlers](#) Jason Vuic, 2021-05-11 Florida has long been a beacon for retirees but for many the American dream of owning a home there was a fantasy that changed in the 1950s when the so-called installment land sales industry hawked billions of dollars of Florida residential property sight unseen to retiring northerners. For only 10 down and 10 a month working-class pensioners could buy a piece of the Florida dream: a graded home site that would be waiting for them in a planned community when they were ready to build. The result was Cape Coral, Port St. Lucie, Deltona, Port Charlotte, Palm Coast, and Spring Hill among many others: sprawling communities with no downtowns, little industry, and millions of residential lots. In *The Swamp Peddlers*, Jason Vuic tells the raucous tale of the sale of residential lots in postwar Florida. Initially selling cheap homes to retirees with disposable income, by the mid-1950s developers realized that they could make more money selling parcels of land on installment to their customers. These swamp peddlers completely transformed the landscape and demographics of Florida, devastating the state environmentally by felling forests, draining wetlands, digging canals, and chopping up at least one million acres into grid-like subdivisions crisscrossed by thousands of miles of roads. Generations of northerners moved to Florida cheaply but at a huge price: high-pressure sales tactics, fraud, poor urban planning, sprawl, poorly regulated development, environmental destruction, culminating in the perfect storm of the 21st century subprime mortgage crisis.

Punta Gorda Scot Shively, 2009 Punta Gorda is a historic waterfront town located in Southwest Florida where the Peace River and Charlotte Harbor meet on the Gulf of Mexico. The area was first occupied by Native Americans and later discovered in the 1500s by Ponce de Leon while searching for the Fountain of Youth. However, it was not until the late 19th century when cattle ranchers and homesteaders descended upon the area that things began to develop. Once the South Florida Railroad made Punta Gorda its southernmost stop, down came land developers and wealthy vacationers including Cornelius Vanderbilt who invested in the regal Hotel Punta Gorda. Among the town's early pioneers were George Brown, an African American shipbuilder and landowner who was also known as Florida's first equal opportunity employer; Albert Waller Gilchrist who played a key role in Punta Gorda's early fishing and railroad industry; and Robert Meacham, an African American who was appointed as the town's third postmaster. There were others who were significant, such as Col. Isaac Trabue who was key to the area's railroad industry. Punta Gorda has grown since its inception but still maintains its Southern charm.
