And a Preface by the Publisher to the Printers in Scotland* Jean de La Caille, 1713 *The History and Art of Printing* Philip Luckombe, 1771 *The History Of The Art of Printing* James Watson, Jean de La Caille, 1713 *A History of the Art of Printing* Henry Noel Humphreys, 1867 *A Short History of the Art of Printing in England (Classic Reprint)* Arthur Powell, 2016-06-20 Excerpt from *A Short History of the Art of Printing in England* The object of this little treatise is to present a brief but fairly complete sketch of the history of Printing in this country By the Art of Printing is generally understood the art of printing from moveable types It is on this basis that I have dealt with the subject no reference being made to Lithography Copperplate printing or the other processes by which impressions are obtained As my readers will be found chiefly among the printers themselves I have not thought it necessary to describe operations with which they are familiar At

the same time it is hoped that sufficient explanation is given to render the work intelligible to those who are unacquainted with the practice of the art Being limited as to space it has been my endeavour after the introductory chapter to confine myself strictly to the development of the Art in England and to state all facts as tersely as possible As however the work is published in commemoration of our first English Printer I have written his biography at greater length than I should otherwise have done Wherever practicable I have sought the original sources of information but want of time has prevented me from proving some dates and statements as thoroughly as I could wish My thanks are due to Mr William Blades for supplying me with the means of obtaining photographic blocks of several old engravings to Mr Elliot Stock for affording the opportunity of producing a facsimile of a page of the first book printed in England to Mr John Southward for many valuable suggestions and to Messrs Koenig any imperfections that remain are intentionally left to preserve the state of such historical works
