

The History Of The Library

John Y. Cole

The History Of The Library:

The Meaning of the Library Alice Crawford, 2017-03-07 Tracing what the library has meant since its beginning examining how its significance has shifted and pondering its importance in the twenty first century significant contributors including the librarian of the Congress and the former executive director of the HathiTrust present a cultural history of the library Dust jacket flap

The History of the Library in Western Civilization K. Staikos, 2004 This work is the first in an important five volume series addressing the unique role libraries have played in building and preserving Western culture Mr Staikos has become one of our foremost scholars on library history writing such books as this as well as works like *The Great Libraries* a classic in its field This first volume reveals the rich history of the early archive libraries from Crete to the famous library of the Ptolemies in Alexandria Through well researched text and many full color illustrations the author guides his readers over 1800 years of mankind s struggle to preserve his knowledge by the written word

The History of the Library of Virginia Library of Virginia, 2006

The History of the Library in Western Civilization K. Staikos, 2004 Vol 4 This fourth volume discusses the publishing procedure for secular and religious writings of late antiquity and the factors that led to the impoverishment of the monumental libraries in Rome New centers of learning grew up in the monasteries where great libraries containing educational and instructive books and representative works of Christian literature came into being Monastic libraries were founded throughout Europe including the regions with Celtic and Anglo Saxon populations those at Monte Cassino Bobbio St Gallen Fulda Cluny and elsewhere are dealt with extensively Mention is also made of the libraries founded in universities and of the new philosophy of forming school libraries as in Bologna and Paris Publisher s website

History of Libraries in the Western World Elmer D. Johnson, 1970

The History of the Library in Western Civilization: From Cassiodorus to Furnival : classical and Christian letters, schools and libraries in the monasteries and universities, Western book centres K. Staikos, 2004 Vol 5 In this fifth volume the author writes about the re evaluation of the ancient world this set in motion a quest for the surviving works of ancient Greek and Latin literature most of which were to be found in monastic libraries He discusses the new schools and scholarly circles that were formed to promote the spread of Greek and Latin literature especially philosophical works and the emergence from them of the first humanistic libraries He evokes the character of the libraries belonging to patrons of literature and the arts such as Matthias Corvinus the Vatican the Medici family the Dukes of Urbino and Francois I among many others Finally there is an excellent treatise and circumstantial account of the invention of printing which changed the scene as regards the dissemination of books and the formation of libraries in such a way that the world of books during the Renaissance witnessed a return to the state of affairs existing under the Roman emperors from Augustus to Hadrian Publisher s website

A History of Libraries Alfred Hessel, 1950

The History of the Library Barbara A. Somervill, 2006 Provides a timeline of the history of the library

America's Greatest Library John Y. Cole, 2025-05-27 A new visual history of the Library of Congress from its

creation in 1800 to the present day The History of the Library in Western Civilization Kōnstantinos Staikos,2011 **The History of the Library in Western Civilization** Konstantinos Staikos,2010 **America's Greatest Library** John Young Cole,2017 A new visual history of the Library of Congress from its creation in 1800 to the present day A Brief Outline of the History of Libraries Justus Lipsius,1907 **The HISTORY of the LIBRARY in WESTERN CIVILIZATION - the INDEX and BIBLIOGRAPHY** Konstantinos Sp. Staikos,2012 *Part of Our Lives* Wayne A. Wiegand,2015-09-10 Despite dire predictions in the late twentieth century that public libraries would not survive the turn of the millennium their numbers have only increased Two of three Americans frequent a public library at least once a year and nearly that many are registered borrowers Although library authorities have argued that the public library functions primarily as a civic institution necessary for maintaining democracy generations of library patrons tell a different story In *Part of Our Lives* Wayne A Wiegand delves into the heart of why Americans love their libraries The book traces the history of the public library featuring records and testimonies from as early as 1850 Rather than analyzing the words of library founders and managers Wiegand listens to the voices of everyday patrons who cherished libraries Drawing on newspaper articles memoirs and biographies *Part of Our Lives* paints a clear and engaging picture of Americans who value libraries not only as civic institutions but also as public places that promote and maintain community Whether as a public space a place for accessing information or a home for reading material that helps patrons make sense of the world around them the public library has a rich history of meaning for millions of Americans From colonial times through the recent technological revolution libraries have continuously adapted to better serve the needs of their communities Wiegand demonstrates that although cultural authorities including some librarians have often disparaged reading books considered not serious the commonplace reading materials users obtained from public libraries have had a transformative effect for many including people such as Ronald Reagan Bill Moyers Edgwin Danticat Philip Roth Toni Morrison Sonia Sotomayor and Oprah Winfrey A bold challenge to conventional thinking about the American public library *Part of Our Lives* is an insightful look into one of America's most beloved cultural institutions *History of Libraries in the Western World* Michael H. Harris,1984 This edition of the *History of Libraries in the Western World* represents a substantial revision of the earlier edition taking into account the information revolution that has swept the West since 1945 and the political revolution that swept across Europe beginning in 1986 The History of the Library in Friends Meeting House, Washington Mary Channel Stevens,1960 *The Library as Place* John E. Buschman,Gloria J. Leckie,2007 Libraries as a component of cultural space are ubiquitous to almost every society during almost every time period However as places of cultural and symbolic and intellectual meaning they have varied greatly To capture both aspects this collection of 14 original papers covers library spaces old and new real and imagined large and small public and private Contributions range from a consideration of the Garrison library in the British Empire to the Carnegie library as a social institution to the imagined library in *Buffy the Vampire Slayer* The result is a fascinating look at

the library as a physical social and intellectual place within the hearts and minds of its clientele and the public at large
The History of the Library in Western Civilization: From Constantine the Great to Cardinal Bessarion K. Staikos, 2004
History of the Library, from Its Beginnings ... to 31st July 1946 London School of Hygiene and Tropical Medicine.
Library, 1947
