The Hive Poems:

The Hive Susan Stewart, 2008-08-01 At the crossroads of science mathematics and art lives Quiver a stunning new collection of poems that seeks to reconcile the empirical truths of science with the emotional truths of human experience Through an ambitious set of poetic series and sequences Somers Willett re invents the love poem conjuring a voyeuristic affair between a radio astronomer and Dark Matter radium s atomic aubade for Marie and Pierre Curie and the shrill love song of Gregor Mendel s cross pollinated pea plants With intelligence and wonder Quiver comes to understand the pursuits of science and beauty as one and the same rendering an exquisite world where the graph of a mathematical equation can become the image of love s witness running with its arms open all the way home In deft musical lyrics that are by turns formal and experimental studied and accessible meditative and pragmatic Somers Willett portrays scientific phenomena in strikingly intimate ways Every mystery connects in her universe revealing a relationship between science and human sentiment that is as surprising as it is profound University of Georgia Press

The Hive Gerry Grubbs, 2013 Poetry Gerry Grubbs is an apiarist of the ineffable of that which is at once of bodily evanescence yet eternal that is to say he is a keeper of Rilke s invisible hive In preamble to his new book of poems *THE HIVE IS A BOOK WE READ FOR ITS HONEY* he quotes Rilke s famous lines We are the bees of the invisible We wildly collect the honey of the visible to store it in the great golden hive of the invisible An act of transformation where our task is to take this earth so deeply and wholly into ourselves that it will resurrect within our being The poems in Gerry Grubbs book are like the bees themselves discrete entities yet everywhere universal quietly going about the miracle that is the sustain of being For as Thoreau reminded us of the extraordinary in the every day of the ordinary We live in a world where there are flowers where between the bee and the flower is a remarkable gentle and mysterious alchemy at transformative work So too there is in Gerry Grubbs poems that which goes on between the reader and the flower of his words the active build of the hive of language where the invisible honey is stored Where we are in apprehension and appreciation of that quotidian which is as much the numinous Robert Murphy **Hive**, 2014

The Hive Burning Sarah Cotterill, 1983 **If Bees Are Few** Bill McKibben, Marla Spivak, 2016 It is said there are 20 000 species of bees a genus 50 million years old but in the fertile imagination of the world s poets there is no beginning or end to the bee buzz Virgil wrote of bees as did Rumi Shakespeare Burns Coleridge Emerson Mandelstam Neruda Whitman a lyrical hum heard well into the twentieth and twenty first centuries in poems by Yeats Lawrence Plath Mary Oliver Carol Ann Duffy Naomi Shihab Nye and Sherman Alexie among many others The title of this book is from Emily Dickinson To make a prairie it takes a clover and one bee One clover and a bee And revery The revery alone will do If bees are few Her conclusion resonates with a terrible poignancy today as bees are indeed becoming few hives collapsing wild species disappearing Amid this crisis the poems collected here speak with a quiet urgency of a world lost if bees were to fall silent If anyone can save the bees it is entomologist Dr Marla Spivak and the hive of bee scientists and beekeepers at the Bee Lab at the University of

Minnesota A portion of the author proceeds from this anthology will be donated to support research at the Bee Lab A Hive for Bees Richard Hazley,1979 The Hive. Lessons from the Hive Liina Liblikas,2024-08-13 Drawing inspiration from the delicate and industrious world of bees each poem is a journey through the cycles of life love and transformation **Laughter from the Hive** Kate Foley,2004

The Voice of the Hive Ric Masten,1978 **The Hive** Paul Thomas Andre,2020-05-28 A lost soul finds peace in a concrete hive in Asia as life outside carries on He struggles to communicate and to adapt but the image of a loved one melts the metal bars as his poetry ignites **Poetics of the Hive** Christopher Hollingsworth,2005-04 Christopher Hollingsworth's waggles dance after scouting the rangiest field of literature Virgil and Homer down to Milton and Swift on to Plath and Byatt leads you to where the nectar hides He wisely roams extracting an anthology of poetry prose psychology history most of all perception that tops the bee's knees Paul West author of *The Secret Life of Words* Hollingsworth's wide ranging exploration of the image of the hive is impressive *Poetics of the Hive* and its panoply of references cannot fail to enrich university classrooms especially those devoted to both the visual arts and literature Dore Ashton author of *A Fable of Modern Art* Christopher Hollingsworth's *Poetics of the Hive* is complex even daring in argument I'm even more impressed by his skill at an increasingly rare critical art the educating of argument from careful often brilliant analytical reading of literary texts Thomas R Edwards executive editor of *Raritan: A Quarterly Review* A study to delight the passionate reader *Poetics of the Hive* tells the story of the evolution of the insect metaphor from antiquity to the multicultural present An experiment in the evolutionary biology of artistic form *Poetics of the Hive* freshly examines classic works of literature offering a view of poetic creation that complicates our ideas of the past and its formative role in modern consciousness and world literature In the first part of this lyrical synthesis of rhetoric visual and postmodern theory and cognitive science Christopher Hollingsworth reveals the structure behind his metaphor redefining it as an aesthetically and philosophically potent tableau that he calls the Hive He traces the Hive's evolution in epic poetry from Homer to Milton which establishes antithetical but complementary images of angelic and demonic bees that Swift Mandeville and Keats use variously to debate classical versus emerging ideas of the

individual's relationship to society But the Hive becomes fully psychologized Hollingsworth argues only when its use by Conrad and Wells to explore Europe's colonial imagination of the Other is transformed by Kafka and Sartre into competing symbols of the modern self's existential condition Cristopher Hollingsworth is an assistant professor of English at St John's University Staten Island *The Poem Itself* Stanley Burnshaw, 2015-09-24 Available again for a new generation this classic work contains over 150 of the greatest modern French Spanish German Italian Portuguese and Russian poems presented in the original languages and brilliantly illuminated by English commentaries [A Poet's Revolution](#) Donna Hollenberg, 2013-04-17 The first full length biography of British born poet Denise Levertov 1923-1997 brings to life a major voice in American poetry during the second half of the twentieth century Drawing on exhaustive archival research of Levertov's entire opus and on interviews with dozens of the poet's friends Donna Krolik Hollenberg's authoritative biography captures the full complexity of Levertov's entire opus and on interviews with dozens of the poet's friends Donna Korlik Hollenberg's authoritative biography captures the full complexity of Levertov as both a woman and an artist and the dynamic world she inhabited Front jacket flap **The Human Hive** John Looker, 2015-01-14 This highly original collection of poetry by John Looker published by Bennison Books takes as its theme the idea of human work in all its forms We are invited to share an epic journey with him through time and across continents and what a journey it is With economy and intelligence he spans the globe and navigates our common history over millennia Here we meet our ancient ancestors as they conjure with possibility a humble vegetable grower rebelling against the tyranny of straight rows and a dancer longing for a break and recognition at last We are taken inside the confines of a submarine join a businesswoman locked outside on a hotel balcony and witness a high profile ambassador's very public fall from grace The long poem The Night Shift is a tour de force Its lyrical almost elegiac opening stanza draws us into a world many of us will never experience The world is turning and a longitudinal arc dips slowly away from the sun towards the darkness Somewhere along this littoral lies our city These delicately evocative lines soon give way to the gritty reality of law enforcement hospital workers chefs doormen and maintenance workers in tunnels of primordial quiet and darkness Equally compelling is our early morning call in Master Baker when only monks rung into church for matins know this as a time to begin We can watch the baker at work as he fetches the dough echoing the ancient arts of Egypt Rome and the East We can smell the yeast and warm bread and feel the need to dust the flour from our sleeve as we turn the page This is exquisitely wrought poetry documenting an extraordinary journey from the timeless sweep of The Silk Road and the lost Milky Way to a single tear in the eye of a 1950s housewife John Looker is a gifted and accomplished poet and we could not ask for a better travelling companion [A Concordance to the Poems of Robert Browning](#) Leslie Nathan Broughton, Benjamin Franklin Stelter, 1924 **Stones from the Quarry; Or, Moods of Mind.
