Genesis Robert Farrar Capon, 2003 The creation story stands as one of the most famous and familiar in Scripture But says best selling author Robert Farrar Capon most of us misconstrue it The reason We have fallen into the habit of reading Genesis the way we read all of Scripture as a manual of religious instructions To break this bad habit Capon here offers a whimsical yet wonderfully fruitful approach watching the Bible as a historical movie whose director is God Though Capon does have fun with this concept he's very serious about its liberating effects When you watch a movie he says you never ask questions about whether the events depicted actually happened Instead you accept the history the director shows you on the screen And as Capon points out we typically suspend judgment of a film until we've seen all of it letting later scenes inform and enrich earlier ones That he says is exactly how we need to see Genesis as just the beginning of the whole movie of Scripture Using this novel approach in Genesis the Movie Capon develops a commentary of theological scope and depth on the first three chapters of Genesis He gives every verse as it appears in the Hebrew the Septuagint and the Vulgate as well as in the KJV RSV and NRSV versions of the Bible Making extensive use of Augustine's commentary on Genesis in his Confessions and De Genesi ad Litteram Capon also shows the interpretive freedom with which the church's fathers and mothers approached Scripture This book is as much Capon the charming writer teacher as it is Capon the scholar characterized as it is by the conversational entertaining style for which Capon is so well known Enriched by Capon's signature wit imaginative wisdom and broad ranging engagement of saints poets and religious thinkers across the centuries Genesis the Movie presents a remarkable new look at Scripture that will delight and challenge its many readers **Star Turns and Cameo Appearances** Bernard Jacobson, 2015 Up close and personal views by the renowned music critic and orchestra administrator of musical luminaries from Alfred Brendel to Jessye Norman and beyond Star Turns and Cameo Appearances is the entertaining and insightful memoir by veteran music critic Bernard Jacobson Its pages are populated by eminent composers ranging from Hans Werner Henze to Andrzej Panufnik and by renowned performers including Georg Solti
