The Horizon Concise History of Japan Noel Fairchild Busch,1972 Descriptions of the nation s political religious and social life throughout ancient and modern times are accompanied by photographs of Japanese art and topography **A Concise History of Japan** Noel Fairchild Busch,1973 **A Concise History of Japan** Brett L. Walker,2015-02-26 To this day Japan s modern ascendancy challenges many assumptions about world history particularly theories regarding the rise of the west and why the modern world looks the way it does In this engaging new history Brett L Walker tackles key themes regarding Japan s relationships with its minorities state and economic development and the uses of science and medicine The book begins by tracing the country s early history through archaeological remains before proceeding to explore life in the imperial court the rise of the samurai civil conflict encounters with Europe and the advent of modernity and empire Integrating the pageantry of a unique nation s history with today s environmental concerns Walker s vibrant and accessible new narrative then follows Japan s ascension from the ashes of World War II into the thriving nation of today It is a history for our times posing important questions regarding how we should situate a nation s history in an age of environmental and climatological uncertainties **Imperial Japan's World War Two** Werner Gruhl,2017-07-12 Gruhl s narrative makes clear why Japan s World War II aggression still touches deep emotions with East Asians and Western ex prisoners of war and why there is justifiable sensitivity to the way modern Japan has dealt with this legacy Knowledge of the enormity of Japan s total war is also necessary to assess the United States and her allies policies toward Japan and their reactions to its actions extending from Manchuria in 1931 to Hiroshima in 1945 Gruhl takes the view that World War II started in 1931 when Japan crowded and poor in raw materials but with a sense of military invincibility saw empire as her salvation and invaded China Japan s imperial regime had volatile ambitions but limited resources thus encouraging them to unleash a particularly brutal offensive against the peoples of Asia and surrounding ocean islands Their 1931 to 1945 invasions and policies further added to Asia s pre war woes particularly in China by badly disrupting marginal economies leading to famines and epidemics Altogether the victims of Japan s World War Two aggression took many forms and were massive in number Gruhl offers a survey and synthesis of the historical literature and documentation statistical data as well as personal interviews and first hand accounts to provide a comprehensive overview analysis The sequence of diplomatic and military events leading to Pearl Harbor as well as those leading to the U S decision to drop the atom bomb are explored here as well as Japan s war crimes and postwar revisionist apologist views regarding them This book will be of intense interest to Asian specialists and those concerned with human rights issues in a historical context **A Concise History of Japan** Brett L. Walker,2015-02-26 A comprehensive and engaging new history charting Japan s development from its origins through to the present day

Norton, 2001-07-01 This is the true story of Oliver Bullard Rasmussen a U S Navy aircrewman who avoided capture after his plane crashed in Japan on July 14 1945 leaving his pilot dead and him seriously wounded He dodged the Japanese on Hokkaido for 68 days until he saw his first fellow American Rasmussen healed himself relying on his Chippewa knowledge of how to survive in the wild and staying alive by raiding farms at night The account is drawn from tapes of interviews with Rasmussen about his ordeal and personal records and other material from his family Beginning with Rasmussen's life as a young boy growing up on a poverty stricken Chippewa reservation in northern Wisconsin the book then details at length Rasmussen's almost unbelievable ordeal Also included is information on his top secret role in the Navy's only nuclear weapons squadron **A History of the National Recreation Association of Japan, 1938- 1952** Hiroshi Sawamura, 1988 **A Concise History of the Russian Revolution** Richard Pipes, 2011-04-27 An authoritative history of the Russian

Revolution and the violent and disruptive acts that created the first modern totalitarian regime portraying the crisis at the heart of the tsarist empire A deep and eloquent condemnation of the revolution and its aftermath The New York Times Drawing on archival materials released in Russia Richard Pipes chronicles the upheaval that began as a conservative revolt but was soon captured by messianic intellectuals intent not merely on reforming Russia but on remaking the world He provides fresh accounts of the revolution s personalities and policies crises and cruelties from the murder of the royal family through civil war famine and state terror Brilliantly and persuasively Pipes shows us why the resulting system owes less to the theories of Marx than it did to the character of Lenin and Russia s long authoritarian tradition What ensues is a path clearing work that is indispensable to any understanding of the events of the century

Incident in Alaska Prefecture

Stoney Compton, World War II ended with the German atom bombing of Washington D C in early 1945 The United States is occupied by the Third Reich from the Atlantic Ocean to the Rocky Mountains and by the Japanese from the Rockies to the Pacific It is now 1967 and Alaska Territory is a military prefecture used for top secret research in the new Quiet War between the former Axis partners The Japanese are building atomic weapons and the Germans know it The Reich and the Empire believe the former US is beaten and rumors of an Underground Liberation movement are pure myth Neither realizes the true strength of the American people or the not so mythical Liberty Underground

Kyushu: Gateway to Japan Andrew Cobbing, 2008-12-18 In this first major study of the region in English the author examines the key themes of Kyushu s history from earliest times the cultural interaction with the continental mainland settlement location and infrastructure as well as trade and commerce arguing that it was the principal stepping stone in terms of Japan s cultural social and economic advance through history up to the present day Although an integral part of Japan Kyushu is culturally distinct in that its location on the East China Sea has exposed the region to an unusually high degree of influence from overseas There was diplomatic exchange between this island and China for example even before the political entity of Japan came into existence Kyushu in fact has been the setting for many of the major cultural encounters in Japan s history from the introduction of Buddhism Confucianism and Christianity to gunpowder coffee and tea The volume also includes a colour plate section containing 60 images which support the text and provide the reader researcher with invaluable pictorial references to Kyushu s history from earliest times to the present day
