and extreme good nature made her far more attractive than most pale English beauties. She was loved by everyone who knew her.

The portrait of Andrew in his robes of Chancellor of the University of Manchester by Theo Ramon is very like him. I was painted by Ansgore in 1944. He demanded many sittings, and I went to his studio in Edwardes Square every day for a month. He had done some striking portraits of dark beauties like Mary Anna Marten and Maria de Fortuna, and I realised that my colour was not his favourite. I said, 'I'm sorry about my face. I know it's not the kind you like.' He made an Italian gesture of resignation and said, 'Oh, well, it doesn't matter. It's not your fault.'

The Storch Galleries have got some respectable furniture and tapestries, but their glory is the blue and white Delft china of the First Duke, tulip vases in profusion along the floor and shelves.

New Traditional Canonical Holmes Adventures Collected in Three Companion Volumes In 2015 the first three volumes of The MX Book of New Sherlock Holmes Stories arrived containing over 60 stories in the true traditional Canonical manner revisiting Holmes and Watson in those days where it is always 1895 or a few decades on either side of that That was the largest collection of new Holmes stories ever assembled and originally planned to be a one time event But readers wanted more and the contributors had more stories from Watson s Tin Dispatch Box so the fun continued Now with the release of Parts XXXVII XXXVIII and XXXIX the series has grown to over 800 new Holmes adventures by over 200 contributors from around with world Since the beginning all contributor royalties go to the Undershaw school for special needs children located at one of Sir Arthur Conan Doyle s former homes and to date the project has raised over 110 000 for the school This new collection of 59 adventures features Holmes and Watson carrying out their masterful investigations from the early days of their friendship in Baker Street to the post War years during Holmes s retirement Along the way Our Heroes are involved in dozens of fascinating mysteries some relating Untold Cases sequels to Canonical adventures and a number or others that progress along completely unexpected lines Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes described by the estimable Dr Watson as the best and wisest whom I have ever known *The Portrait of a Lady* Julia Rayer Rolfe, National Gallery of Scotland, 1997 This book is a celebration of the famous painting which launched Sargent as a fashionable portrait painter and made Lady Agnew s name as a society celebrity The story of Sargent and Lady Agnew is recounted in the essay and catalogue by Julia Rayer Rolfe Librarian at the National Gallery of Scotland Three leading scholars in the fields of fine art history and music have contributed essays which serve to put the portrait into a wider context Kenneth McConkey Professor of Art History at the University of Northumbria at Newcastle David Cannadine Professor of History at Columbia University New York and Wilfrid Mellers Emeritus Professor of Music at the University of York The British Country House Revival Ben Cowell, 2024 British country houses have experienced a renaissance since the early 1970s A new accord is needed today recognising the increasingly contested contribution of country houses to British cultural life Fifty years ago the future for country houses in Britain looked bleak The Victoria Albert Museum s exhibition The Destruction of the Country House which opened in October 1974 charted the loss of over a thousand country houses in the preceding century The makers of the exhibition warned that history could be about to repeat itself because of the threats besetting mansion properties principally from higher taxation Houses faced the prospect of having to be stripped of their collections and sold for use as offices hotels or hospitals with their parks and gardens turned into golf clubs Government might afford to save just a handful of the most significant of these places working in tandem with charities such as the National Trust The rest would be consigned to history This book traces the history of country houses in Britain from

the Destruction exhibition to the present day The wave of country house losses anticipated in 1974 never actually happened Instead over the next five decades Britain's country houses experienced a renaissance Fiscal rules changed in the mid 1970s to make it easier for owners to hold on to their assets Economic improvements in the 1980s and 1990s allowed many houses and estates to develop profitable commercial businesses All of this was achieved only after dedicated campaigning from heritage organisations in support of the country house cause The book argues that a new accord is needed today to recognise and value the ongoing if increasingly contested contribution of country houses to British life and culture in the twenty first century

*The Serpent and the Stag* John Pearson, 1984 **The Country House Library** Mark Purcell, 2019-09-03 Beginning with new evidence that cites the presence of books in Roman villas and concluding with present day vicissitudes of collecting this generously illustrated book presents a complete survey of British and Irish country house libraries Replete with engaging anecdotes about owners and librarians the book features fascinating information on acquisition bordering on obsession the process of designing library architecture and the care and neglect of collections The author also disputes the notion that these libraries were merely for show arguing that many of them were profoundly scholarly assembled with

meticulous care and frequently used for intellectual pursuits For those who love books and the libraries in which they are collected and stored The Country House Library is an essential volume to own **Collections in Early Modern Era**

Kromě jiným zahrnuje také historii sociologie, psychologie jiným uměleckého trhu a diplomatických vztahů. Studium provenience uměleckých děl je dnes vysoce ceněnou disciplínou nejen ve vědeckém výzkumu, ale i na současném uměleckém trhu. Tento svazek obsahuje řadu esejí, které se zabývají těmito aspekty raně novověkých sbíratelství, na základě vybraných příkladů. Kniha je rozdělena do čtyř sekcí pro lepší pochopení Rekonstrukce sbírek, Objekty, Agenti, Sbíratel a Posmrtný život. Každá z těchto sekcí zdůrazňuje odlišný přístup ke studiu raně novověkých sbíratelství, přičemž novým způsobem přístupu k tématu odhaluje nové skutečnosti o pozadí vzniku a formování sbírek a interpretaci významu sbírek jako celku i jednotlivých objektů. This book presents a fascinating look at the history of collecting one of the most interesting fields of art history which offers opportunities for interdisciplinary research. It explores the origins and development of art collections, the ways in which works were acquired through agents and presented to the public, and not least the collectors themselves. In addition to art history, it also includes history, sociology, psychology, the history of the art market and diplomatic relations. The study of the provenance of works of art is now a highly valued discipline, not only in academic research but also in the contemporary art market. This volume contains a variety of essays that explore these aspects of early modern collecting through selected examples. The book is divided into four sections for a better understanding: Reconstructing Collections, Objects, Agents, Collectors, and Afterlife. Each of these sections highlights a different approach to the study of early modern collecting, introducing new ways of approaching the subject, revealing new facts about the background to the formation and formation of collections, and interpreting the significance of collections as a whole and of individual objects. **English**

**Homes** Henry Avray Tipping, 1929 The Poetical Works William Wordsworth, 1885 The Selected Essays of Donald Greene Donald Johnson Greene, 2004 Part III The Terrain of Literature features Greene's examination of a variety of literary approaches to literature in an era when the subject needs to be referred as well to cognitive science as more conventional critical modes, even deconstruction, that have long defined it. Additionally, he illuminates important works by writers as various as Jane Austen and Evelyn Waugh. These essays, as well as the book as a whole, are framed here by Greene's assessment of Canadian literature that calls attention to the native terrain that he originally called home and how the latter contributed to the making of one of the most cosmopolitan scholars of his era.
